DEPARTMENT OF THE TREASURY

Bureau of Engraving and Printing

Privacy Act of 1974, as Amended; Systems of Records

AGENCY: Bureau of Engraving and Printing, Treasury.

ACTION: Notice of systems of records.

SUMMARY: In accordance with the requirements of the Privacy Act of 1974, as amended, 5 U.S.C. 552a, the Bureau of Engraving and Printing is publishing its inventory of Privacy Act systems of records.

SUPPLEMENTARY INFORMATION: Pursuant to the Privacy Act of 1974 (5 U.S.C. 552a) and the Office of Management and Budget (OMB) Circular No. A-130, Bureau of Engraving and Printing (BEP) has completed a review of its Privacy Act systems of records notices to identify minor changes that will more accurately describe these records.

On May 22, 2007, the Office of Management and Budget (OMB) issued Memorandum M-07-16 entitled "Safeguarding Against and Responding to the Breach of Personally Identifiable Information." It required agencies to publish the routine use recommended by the President's Identity Theft Task Force. As part of that effort, the Department published the notice of the proposed routine use on October 3, 2007, at 72 FR 56434 and was effective on November 13, 2007. The new routine use has been added to each BEP system of records below. Other changes throughout the document are editorial in nature and consist principally of minor editorial changes and editing of headings for consistency, and to add a "purposes" statement to each system of records notice.

Department of the Treasury regulations require the Department to publish the existence and character of all systems of records every three years (31 CFR 1.23(a)(1)). The BEP has leveraged this requirement to incorporate the review of its current holding of personally identifiable information required by M-07-16. With respect to its inventory of Privacy Act systems of records, the BEP has determined that the information contained in its systems of records is accurate, timely, relevant, complete, and is the minimum necessary to maintain

the proper performance of a documented agency function.

BILLING CODE 4810-39-P

DEPARTMENT OF THE TREASURY**Office of Thrift Supervision****Privacy Act of 1974, as Amended;
System of Records**

AGENCY: Office of Thrift Supervision, Treasury.

ACTION: Notice of systems of records.

SUMMARY: In accordance with the requirements of the Privacy Act of 1974, as amended, 5 U.S.C. 552a, the Office of Thrift Supervision (OTS), Treasury, is publishing its inventory of Privacy Act systems of records.

SUPPLEMENTARY INFORMATION: Pursuant to the Privacy Act of 1974 (5 U.S.C. 552a) and the Office of Management and Budget (OMB) Circular No. A-130, the OTS has completed a review of its Privacy Act systems of records notices to identify minor changes that will more accurately describe these records. This publication also incorporates the alterations to six OTS systems of records published on April 18, 2007, at 72 FR 19580.

Other changes throughout the document are editorial in nature and consist principally of changes to system locations (Appendix A) and system manager addresses and or titles in several systems of records. In addition, OTS no longer retrieves records contained in OTS .008—Employee Training Database by social security number. The systems of records notices were last published in their entirety on July 15, 2005, at 70 FR 41085.

On May 22, 2007, the Office of Management and Budget (OMB) issued Memorandum M-07-16 entitled "Safeguarding Against and Responding to the Breach of Personally Identifiable Information." It required agencies to publish the routine use recommended by the President's Identity Theft Task Force. As part of that effort, the Department of the Treasury (Department) published the notice of the proposed routine use on October 3, 2007, at 72 FR 56434, and it was effective on November 13, 2007. The

new routine use has been added to each OTS system of records below.

Department of the Treasury regulations require the Department to publish the existence and character of all systems of records every three years (31 CFR 1.23(a)(1)). OTS has leveraged this requirement to incorporate the review of its current holding of personally identifiable information required by M-07-16. With respect to its inventory of Privacy Act systems of records, OTS has determined that the information contained in its systems of records is accurate, timely, relevant, complete, and is the minimum necessary to maintain the proper performance of a documented agency function.

Systems Covered by this Notice

This notice covers all systems of records adopted by the Office of Thrift Supervision up to October 24, 2008. The systems notices are reprinted in their entirety following the Table of Contents.

Dated: June 23, 2009.

These records also contain information concerning individuals who have filed notices of intention to acquire control of a savings association, controlling persons of companies that have applications to acquire control of a savings association, and organizers of savings associations who have sought Federal Savings and Loan Insurance Corporation (FSLIC) or Saving Association Insurance Fund (SAIF) insurance of accounts or Federal charters.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

12 U.S.C. 1464; 44 U.S.C. 3101.

It also serves to store information on applicants to acquire, control, or insure a savings association in connection with OTS's regulatory responsibilities.

The system maintained by FinCEN serves as the database for the cooperative storage, retrieval, analysis, and use of information relating to Suspicious Activity Reports made to or by the Federal financial regulatory agencies and FinCEN to various law enforcement agencies for possible criminal, civil or administrative proceedings based on known or suspected violations affecting or involving persons, financial institutions, or other entities under the supervision or jurisdiction of such Federal financial regulatory agencies.
