DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Delegation of Authority

AGENCY: Administration for Children and Families, HHS.
ACTION: Notice.

SUMMARY: Delegation of authorities are being redelegated from the Deputy Assistant Secretary, Office of Planning, Research and Evaluation (OPRE), Administration for Children and Families (ACF), to the Chief Technology Officer, Office of the Chief Technology Officer (CTO/ACF Tech), ACF. This action is necessary to complete the transition of the function of multi-program advance planning documents to the CTO/ACF Tech.

FOR FURTHER INFORMATION CONTACT: Kevin Duvall, Chief Technology Officer,

Administration for Children and Families at (202) 401–5680.

SUPPLEMENTARY INFORMATION: The delegation of authorities for 45 CFR 95 subpart F are being redelegated consistent with the Statement of Organization, Functions, and Delegations of Authority as last amended, 87 FR 67693, November 8, 2022. Under the authority vested in the Assistant Secretary for Children and Families by memorandum from the Secretary, “Delegation of Authority to Approve State System Requests for Federal Financial Participation for the Costs of Automatic Data Processing Equipment and Services,” dated May 31, 1988, notice is hereby given that the Assistant Secretary for Children and Families has delegated to the ACF CTO the authorities under 45 CFR 95.611(a)(4), and as amended hereafter, to allow for the continued efficient operation of this approval function after it is transitioned from OPRE to the CTO/ACF Tech consistent with the CTO’s reorganization.

Notice is hereby given that the CTO, and his or her successors, are granted the following authorities vested in the Secretary of Health and Human Services under 45 CFR 95.611(a)(4) by the memorandum dated November 9, 2017, that generally pertains to approval of Federal financial participation for the costs of automated data processing affecting multiple programs administered by ACF and the Centers for Medicare & Medicaid Services (CMS).

This delegation of authority applies to the following approval for multi-program state requests for federal financial participation for the costs of automated data processing equipment and services:

1. Requests related to programs under titles IV–B, IV–D, and IV–E of the Social Security Act (SSA), administered by ACF; and
2. Requests related to programs under titles XIX and XXI of the Social Security Act, administered by CMS, when submitted in combination with one or

more of the programs under titles IV–B, IV–D, and IV–E of the SSA.

This authority may be redelegated. These authorities shall be exercised in accordance with established policies, procedures, guidelines, and regulations as prescribed by the Secretary. Notice is hereby given that Assistant Secretary January Contreras has affirmed and ratified any actions taken by the CTO of ACF, or his or her subordinates that involved the exercise of the authorities delegated herein prior to the effective date of this delegation. This delegation supersedes all existing delegations of these authorities. This delegation is effective immediately.

January Contreras,
Assistant Secretary for Children and Families.

Administration for Children and Families

Proposed Information Collection Activity; Chafee Strengthening Outcomes for Transition to Adulthood Project Overarching Generic (New Collection)

AGENCY: Office of Planning, Research, and Evaluation, Administration for Children and Families, United States Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families’ (ACF) Office of Planning, Research, and Evaluation (OPRE) requests Office of Management and Budget (OMB) approval for an overarching generic clearance to collect data on programs serving youth transitioning out of foster care as part of the Chafee Strengthening Outcomes for Transition to Adulthood (Chafee SOTA) Project. The generic mechanism will allow ACF to conduct rapid-cycle evaluations that would not otherwise be feasible under the timelines associated

with the Paperwork Reduction Act of 1995. The purpose of the data collections submitted under the generic will be to inform ACF programming by building the evidence about what works to improve outcomes for the target population and to identify innovative learning methods that address common evaluation challenges.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the PRA, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: You can obtain copies of the proposed collection of information and submit comments by emailing OPREinfocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: Under the proposed umbrella generic, OPRE intends to conduct evaluations of the effectiveness of program services and components in improving outcomes for youth and young adults transitioning out of foster care. To address challenges identified in previous studies, the proposed evaluations will use innovative methods tailored to each participating program, including rapid cycle learning techniques that require an iterative

approach. Due to the rapid and iterative nature of this work, OPRE is seeking approval for a generic clearance to conduct this research. Intended use of the resulting data is to identify practices and program components that have the potential to improve the delivery and/or quality of services administered by human service programs and agencies in the areas of child welfare and independent living services for youth and young adults with foster care experience. Potential data collection efforts include conducting interviews, focus groups, and surveys with program directors (e.g., from programs serving youth with foster care experience and from their partner agencies) and current, past, or potential participants in programs serving youth with foster care experience (e.g., including potential participants who are included in comparison groups), as well as extracting administrative or other program data.

Under this generic clearance, information is meant to inform ACF activities and may be incorporated into documents or presentations that are made public such as through conference presentations, websites, or social media. The following are some examples of ways in which we may share information resulting from these data collections: technical assistance (TA)

plans, webinars, presentations, infographics, issue briefs/reports, project specific reports, or other documents relevant to the field, such as federal leadership and staff, grantees, local implementing agencies, researchers, and/or training/TA providers. We may also request information for the sole purpose of publication in cases where we are working to create a single source for users (clients, programs, researchers) to find information about resources such as services in their area, TA materials, different types of programs or systems available, or research using ACF data. In sharing findings, we will describe the study methods and limitations regarding generalizability and as a basis for policy.

Following standard OMB requirements, OPRE will submit an individual request for each specific data collection activity under this generic clearance. Each request will include the individual instrument(s), a justification specific to the individual information collection, and any supplementary documents.

Respondents: Staff and administrators of programs serving youth and young adults with foster care experience; current, former, or potential participants in programs serving youth; and young adults with foster care experience.

Comments: The Department specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given

to comments and suggestions submitted within 60 days of this publication.

Authority: Title IV–E of the Social Security Act, IV–E 477(g)(1–2), as amended by the Foster Care Independence Act of 1999.
