DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for OMB Review; Generic Clearance for Financial Reports Used for ACF Mandatory Grant Programs (OMB #0970–0510)

AGENCY: Administration for Children and Families, HHS.

ACTION: Request for public comment.

SUMMARY: The Administration for Children and Families (ACF) proposes

to extend data collection under the existing overarching generic clearance for Financial Reports used for ACF Mandatory Grant Programs (OMB #0970–0510). There are no changes to the proposed types of information collection or uses of data.

DATES: *Comments due within 30 days of publication.* OMB must make a decision about the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

SUPPLEMENTARY INFORMATION:

Description: ACF programs need detailed financial information from recipients that receive federal funds, such as grantees, to monitor various specialized cost categories within each program, to closely manage program activities, and to have sufficient financial information to enable periodic thorough and detailed audits. Information collected through the Federal Financial Report (Standard Form (SF)-425) provides general information, but does not provide program-specific information that is

necessary for ACF program office decision making. This generic clearance allows ACF to collect program-specific financial information from mandatory grant programs.

Program offices use the information collected under this generic information collection to:

- Monitor program operations and prepare technical assistance and guidance, as needed.
- Assist in the computation of the grant awards issued to each program’s grantees or annual incentive payments (Child Support Enforcement Program only).
- Determine that child support collections are being properly distributed (Child Support Enforcement Program only).

- Produce annual financial and statistical reports as may be required by Congress and respond to periodic detailed inquiries from Congress.

ACF may require an information collection approved under this generic clearance from funding recipients in order to obtain or retain benefits.

Following standard OMB requirements for a generic information collection, ACF will submit a generic information collection request for each individual data collection activity under this generic clearance. Each request will include the individual form(s) and instructions, and a short overview of the proposed purpose and use of the data collected. OMB should review requests within 10 days of submission.

Respondents: ACF-funded mandatory grant programs.

Administration for Children and Families

Proposed Information Collection Activity; Head Start Child and Family Experiences Survey (FACES) (OMB #0970–0151)

AGENCY: Office of Planning, Research, and Evaluation, Administration for Children and Families, HHS.

ACTION: Request for public comment.

SUMMARY: The Office of Planning, Research, and Evaluation (OPRE),

Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS), is proposing to collect data for a new wave of the Head Start Family and Child Experiences Survey (FACES).

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: Copies of the proposed collection of information can be obtained and comments may be forwarded by emailing

OPREinfocollection@acf.hhs.gov. Alternatively, copies can also be obtained by writing to the Administration for Children and Families, Office of Planning, Research, and Evaluation, 330 C Street SW, Washington, DC 20201, Attn: OPRE Reports Clearance Officer. All requests, emailed or written should be identified by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The purpose of the FACES data collection is to support the 2007 reauthorization of the Head Start program (Pub. L. 110–134), which calls for periodic assessments of Head Start's quality and effectiveness. FACES 2019 focuses on Head Start Regions I through X (which are geographically based); AIAN (American Indian and Alaska Native) FACES 2019 focuses on Region XI (which funds Head Start programs that serve federally recognized American Indian and Alaska Native tribes). Both studies will provide data on a set of key indicators for Head Start programs. Information about the Head Start program recruitment and center selection processes and on the fall 2019 and spring 2020 data collection

activities for both FACES and AIAN FACES can be found here: https://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=202005-0970-009.

The studies are adding a fall 2021 data collection to address how families are faring during the COVID–19 pandemic. Data collection activities will include classroom and child sampling information collection, parent surveys, teacher child reports, and teacher surveys.

Sampling will begin with a freshening of the programs included in FACES fall 2019 and spring 2020 waves for a target of 180 programs that are nationally representative of all Head Start programs in the 2021–2022 program year. FACES fall 2021 data collection will take place in 60 of the 180 programs. AIAN FACES will return to the same 22 programs that participated in 2019 and 2020 data collection.

Sampling of teachers and children starts with sampling activities for 160 Head Start centers (120 for FACES 2019 and 40 for AIAN FACES 2019) in fall 2021. Study team members will request a list of all teachers and home visitors working with Head Start-funded

children. Next, for each selected teacher or home visitor, we will request information for each child enrolled.

For the fall 2021 collection, FACES will survey the parents of 2,400 Head Start children in Regions I–X (FACES 2019) and 800 children in Region XI (AIAN FACES 2019) and ask their Head Start teachers to rate children's social and emotional skills. Parents of sampled children (2,400 for FACES and 800 for AIAN FACES) will complete surveys on the web or by telephone about their children and family in the context of the COVID–19 pandemic. Head Start teachers will rate each sampled child (approximately 10 children per classroom) using the Web or paper-and-pencil forms. Teachers will also complete a survey, also using the web or paper-and-pencil forms, about their well-being and background. Additional data collection activities, to include the programs and respondents from fall 2021 plus the remaining 120 FACES programs, are planned for spring 2022 and will be included in a future **Federal Register** notice.

Respondents: Parents of Head Start children; Head Start teachers.
