### Food and Nutrition Service

*Title:* Performance Standards and Reporting SNAP Modernization Initiatives.

*OMB Control Number:* 0584-NEW.

*Summary of Collection:* The Food, Conservation, and Energy Act of 2008 (Pub. L. 110-234), amended Section 11 of the Food and Nutrition Act of 2008, (7 U.S.C. 2020), to include a provision for the Food and Nutrition Service (FNS) to develop standards for identifying major operational changes and for States to provide any information required by the U.S. Department of Agriculture (USDA). To inform USDA's development of such standards, this data collection will gather information from all 50 States and the District of Columbia in order to better understand how States are assessing performance of their modernization initiatives.

*Need and Use of the Information:* To obtain a broad view of the Supplemental Nutrition Assistance Program (SNAP) performance measures, staff from State and local SNAP offices and partner organizations will be asked to respond. Data will be collected via surveys of SNAP staff, telephone and in-person interviews of SNAP and partner staff, and aggregated administrative records collection from SNAP and partner agencies. The collected information will help FNS understand how performance standards and reporting are occurring in the States with respect to SNAP modernization. Without this data collection, FNS would not be able to effectively develop, monitor or assess standards for identifying operational changes.

*Description of Respondents:* State, Local, or Tribal Government; Business or other for-profit; Not-for-profit institutions.

*Number of Respondents:* 786.

*Frequency of Responses:* Reporting: Monthly; Other (one-time)
