

memorandum which is on file in the Central Records Unit, room B-099, of the main Commerce building. In addition, a complete version of the Decision Memorandum can be accessed directly on the Web at <http://ia.ita.doc.gov/frn>, under the heading "May 2005." The paper copy and electronic version of the Decision Memorandum are identical in content.

Final Results of Review:

The Department determines that revocation of the antidumping duty order on solid urea from Ukraine would be likely to lead to continuation or recurrence of dumping at the rates listed below:

Producers/Exporters	Margin (percent)
Phillip Brothers, Ltd./ Phillip Brothers, Inc. ..	53.23 percent
Country-wide rate	68.26 percent

Notification regarding Administrative Protective Order:

This notice also serves as the only reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305 of the Department's regulations. Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing the results and notice in accordance with sections 751(c), 752, and 777(i)(1) of the Act.

Dated: May 2, 2005.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Office of Oceanic and Atmospheric Research; External Review of NOAA's Hurricane Intensity Research and Development Enterprise

AGENCY: Office of Oceanic and Atmospheric Research (OAR), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Notice of solicitation for members of a NOAA hurricane intensity

research and development enterprise review panel.

SUMMARY: The Under Secretary of Commerce for Oceans and Atmosphere has requested the NOAA Science Advisory Board (SAB) to conduct an external review of NOAA's hurricane intensity research and development enterprise. The SAB is chartered under the Federal Advisory Committee Act and is the only Federal Advisory Committee with the responsibility to advise the Under Secretary on long- and short-range strategies for research, education, and application of science to resource management and environmental assessment and prediction. The SAB is forming an external panel to conduct a review and draft recommendations that will lead to future generations of numerical hurricane model forecasts as well as improvements in operational forecasting. Nominations to the panel are being solicited. The intent is to select from the nominees; however, the SAB retains the prerogative to name people to the review team that were not nominated if it deems it necessary to achieve the desired balance. Once selected, the SAB will post the review panel members' names at <http://www.sab.noaa.gov>.

DATES: Nominations must be received by twenty-one days from publication of this notice.

ADDRESSES: Nominations should be submitted electronically to noaa.sab.hurricane@noaa.gov.

FOR FURTHER INFORMATION CONTACT: Dr. Michael Uhart: 301-713-9121, ext. 159.

SUPPLEMENTARY INFORMATION: The external review team will consist of no less than eight members whose expertise as a group covers tropical cyclone instrumentation; observations and modeling; atmospheric and ocean dynamics, data assimilation, and modeling; vortex dynamics; fluid mechanics; operational numerical environmental modeling; and forecast operations. The reviewers should have the following qualifications:

1. National and international professional recognition;
2. Knowledge of and experience with the science which supports NOAA's tropical cyclone research and operations;
3. Knowledge of and experience with the organization and management of complex mission-oriented research and development programs;
4. No perceived or actual vested interest or conflict of interest that might undermine the credibility of the review.

It is of note here that except for qualification criteria 4, the criteria are not absolute requirements. The qualifications of some individuals are expected to be outstanding with respect to one or more of the criteria, so that being unqualified with respect to other criteria would not make them ineligible. The Terms of Reference for the review is posted at: <http://www.sab.noaa.gov/doc/documents.html>. The working group will prepare a preliminary report of its analysis and findings for the March 2006 SAB meeting and a final report, including recommendations, for the July 2006 SAB meeting. The working group will be dissolved after completing any follow-on requests by the SAB following the July 2006 meeting.

Nominations: Anyone is eligible to nominate and self-nominations will be accepted. Nominations should provide: (1) The nominee's full name, title, institutional affiliation, and contact information; (2) the nominee's area(s) of expertise; and (3) a short description of their qualifications relative to the kinds of advice being solicited. Inclusion of a resume is desirable.

Louisa Koch,

Deputy Assistant Administrator, Office of Oceanic and Atmospheric Research, National Oceanic and Atmospheric Administration.

[I.D. 021805D]

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic, Southeastern Data Assessment and Review (SEDAR) 8 Review Workshop

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; location change.

SUMMARY: The SEDAR process consists of a series of three workshops: a data workshop, an assessment workshop, and a review workshop. This is notification that the location for the Review workshop has changed. See **SUPPLEMENTARY INFORMATION**.

DATES: The review workshop will be held May 16-20, 2005.

ADDRESSES: The Review Workshop will be held at the Caribe Hilton, Los Rosales Street, San Geronimo Grounds, San Juan, Puerto Rico 00901.

FOR FURTHER INFORMATION CONTACT:

Graciela Garcia-Moliner, Caribbean Fishery Management Council, 268 Munoz Rivera Ave, Suite 1108, San Juan, PR 00918-2577; telephone: (787) 766-5927; or John Carmichael, SEDAR Coordinator, SEDAR/SAFMC, One Southpark Circle, Suite 306, Charleston, SC 29407; telephone: (843) 571-4366 or toll free (866) SAFMC-10; fax: (843) 769-4520.

SUPPLEMENTARY INFORMATION: The original notice published in the **Federal Register** on February 25, 2005 (70 FR 9273). This notice serves as a correction to the address of one of the workshops.

The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions, have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR typically includes three workshops: (1) Data Workshop, (2) Assessment Workshop, and (3) Review Workshop. The product of the Data Workshop and the Assessment Workshop is a stock assessment report, which describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment report is independently peer reviewed at the Review Workshop. The products of the Review Workshop are a Consensus Summary Report, which reports Panel opinions regarding the strengths and weaknesses of the stock assessment and input data, and an Advisory Report, which summarizes the status of the stock. Participants for SEDAR workshops are appointed by the Regional Fishery Management Councils. Participants include data collectors, database managers, stock assessment scientists, biologists, fisheries researchers, fishermen, environmentalists, Council members, international experts, and staff of Regional Councils, Interstate Commissions, and state and federal agencies.

The Review Workshop for SEDAR 8 will review the following assessments: Caribbean yellowtail snapper, Caribbean spiny lobster, and Gulf of Mexico South Atlantic spiny lobster. The Review workshop was originally scheduled to be held at the Best Western, San Juan Airport. That location has changed to the Caribe Hilton, San Juan, PR.

The workshop schedule is as follows:
May 16, 2005, 1 p.m.–10 p.m.

May 17–19, 2005, 8 a.m.–10 p.m.

May 20, 2005, 8 a.m.–11 a.m.

Please note that during the scheduled times there will be a mixture of workshop plenary sessions and dedicated group working sessions. The actual schedule of sessions during each day will be determined on an as-needed basis.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the South Atlantic Fishery Management Council office (see **ADDRESSES**) at least 5 business days prior to the workshop.

Dated: May 3, 2005.

Emily Menashes,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration**

[I.D. 050405A]

Gulf of Mexico Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Gulf of Mexico Fishery Management Council will convene its Special Coral Scientific and Statistical Committee (SSC).

DATES: The meeting will be held on Thursday, May 26, 2005 from 8:30 a.m. to 3 p.m.

ADDRESSES: The meeting will be held at the Best Western – The Westshore Hotel, 1200 North Westshore Boulevard, Tampa, Florida 33607.

Council address: Gulf of Mexico Fishery Management Council, 3018 North U.S. Highway 301, Suite 1000, Tampa, FL 33619.

FOR FURTHER INFORMATION CONTACT: Dr. Richard Leard, Deputy Executive Director, Gulf of Mexico Fishery Management Council; telephone: 813.228.2815.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico Fishery Management Council (Council) will convene the Special Coral Scientific and Statistical Committee (SSC) to discuss previous research efforts to locate and identify coral reef

resources in the Gulf of Mexico. The Special Coral SSC will also be asked to provide recommendations on future research needs. Finally, the Special Coral SSC will discuss issues relative to Acropora and the 2004 Status of Coral Reefs of the World Report.

A copy of the agenda and related materials can be obtained by calling the Council office at 813.228.2815.

Although other non-emergency issues not on the agendas may come before the Special Coral SSC for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act (M-SFCMA), those issues may not be the subject of formal action during this meeting. Actions of the Special Coral SSC will be restricted to those issues specifically identified in the agendas and any issues arising after publication of this notice that require emergency action under Section 305(c) of the M-SFCMA, provided the public has been notified of the Council's intent to take action to address the emergency.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Dawn Aring at the Council (see **ADDRESSES**) by May 16, 2005.

May 4, 2005.
