SOCIAL SECURITY ADMINISTRATION

[Docket No SSA–2022–0022]

Agency Information Collection Activities: Proposed Request and Comment Request

The Social Security Administration (SSA) publishes a list of information collection packages requiring clearance by the Office of Management and Budget (OMB) in compliance with Public Law 104–13, the Paperwork Reduction Act of 1995, effective October 1, 1995. This notice includes one new collection and revisions of OMB-approved information collections.

SSA is soliciting comments on the accuracy of the agency’s burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility, and clarity; and ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology. Mail, email, or fax your comments and recommendations on the information collection(s) to the OMB Desk Officer and SSA Reports Clearance Officer at the following addresses or fax numbers.

(OMB) Office of Management and Budget, Attn: Desk Officer for SSA, Comments: <https://www.reginfo.gov/public/do/PRAMain>. Submit your comments online referencing Docket ID Number [SSA–2022–0022].

(SSA) Social Security Administration, OLCA, Attn: Reports Clearance Director, 3100 West High Rise, 6401 Security Blvd., Baltimore, MD 21235, Fax: 410–966–2830, Email address:

OR.Reports.Clearance@ssa.gov. Or you may submit your comments online through <https://www.reginfo.gov/public/do/PRAMain>, referencing Docket ID Number [SSA–2022–0022].

I. The information collection below is pending at SSA. SSA will submit it to OMB within 60 days from the date of this notice. To be sure we consider your comments, we must receive them no later than July 25, 2022. Individuals can obtain copies of the collection instrument by writing to the above email address.

Enterprise Scheduling System (ESS)—0960–NEW. The Enterprise Scheduling System (ESS) will provide a better respondent and employee experience. The first ESS release is specific to allowing self-scheduling for enumeration services. ESS subsequent releases will expand services for other appointment needs. Through ESS respondent self-scheduling and technician scheduling, SSA will collect specific information about respondents (e.g., respondent: Name, address, zip code, telephone number, and email address). In addition, we ask the respondent to consent to receive optional electronic messaging or opt out; electronic message preference (email/text), if respondents provide consent; language preferences (English/Spanish); respondent’s preferred office to receive service; and appointment (day and time preference) to schedule an in-office appointment to process a request for an original SSN or replacement Social Security card. In addition, we will ask respondents scheduling their initial appointment through a technician to create a one-time passcode to securely allow online updates to their appointment. The technician will document the one-time passcode with the respondent’s other appointment preferences. Respondents will use ESS to complete required screens and fields to select a date and time for an appointment at an SSA field office (FO) to provide the proofs necessary to obtain a replacement or original SSN card. Respondents can complete the online collection themselves. If respondents encounter issues with ESS, they may contact SSA by phone to complete scheduling the appointment through a technician. We will integrate ESS with VIPr Mobile check-in functions, so ESS respondents will have the option to check-in for their appointment using Mobile check-in on their personal device, instead of checking in at the kiosk. Using VIPr, SSA employees can request walk-in visitors and individuals with appointments to come into the office. The respondents are individuals looking to schedule their own SSA visit using ESS.

Type of Request: Request for a new information collection.

II. SSA submitted the information collections below to OMB for clearance. Your comments regarding these information collections would be most useful if OMB and SSA receive them 30 days from the date of this publication. 1. *Certificate of Responsibility for Welfare and Care of Child Not in Applicant's Custody—20 CFR 404.330, 404.339–404.341 and 404.348–404.349—0960–0019.* SSA uses Form SSA–781 to determine if non-custodial parents who file for spouse, mother's, father's, or surviving divorced mother's or father's benefits based on having a

child in their care, meet the child-in-care requirements. The child-in-care provision requires claimants to have an entitled child under age 16 or disabled in their care. The respondents are applicants for spouse's, mother's, father's, or surviving divorced mother's or father's Social Security benefits.

Type of Request: Revision of an OMB-approved information collection.

2. *Child Relationship Statement—20 CFR 404.355 and 404.731—0960–0116.* To help determine a child's entitlement to Social Security benefits, SSA uses criteria under Section 216(h)(3) of the Social Security Act (Act), deemed child provision. SSA may deem a child to an insured individual if: (1) The insured individual presents SSA with

satisfactory evidence of parenthood, and was living with or contributing to the child's support at certain specified times; or (2) the insured individual: (a) Acknowledged the child in writing; (b) was court decreed as the child's parent; or (c) was court ordered to support the child. To obtain this information, SSA uses Form SSA–2519, Child

Relationship Statement. The respondents are people with knowledge of the relationship between certain individuals filing for Social Security benefits and their alleged biological children.

Type of Request: Revision of an OMB-approved information collection.

3. *Pre-1957 Military Service Federal Benefit Questionnaire—20 CFR 404.1301–404.1371—0960–0120.* SSA may grant gratuitous military wage credits for active military or naval service (under certain conditions) during the period September 16, 1940

through December 31, 1956, if no other Federal agency (other than the Veterans Administration) credited the service for benefit eligibility or computation purposes. We use Form SSA–2512 to collect specific information about other Federal, military, or civilian benefits the

wage earner may receive when the applicant indicates both pre-1957 military service and the receipt of a Federal benefit. SSA uses the data in the claims adjudication process to grant gratuitous military wage credits when applicable, and to solicit sufficient

information to determine eligibility. Respondents are applicants for Social Security benefits on a record where the

wage earner claims pre-1957 military service.

Type of Request: Revision of an OMB-approved information collection.

We require the financial information from

these applicants to: (1) Determine the eligibility of the applicant or recipient for SSI benefits; or (2) determine if a request to waive a Social Security overpayment defeats the purpose of the Act. If the Title II and Title XVI waiver applicants, or the SSI claimants provide incomplete, unavailable, or seemingly altered records, SSA contacts their financial institutions to verify the existence, ownership, and value of accounts owned. Financial institutions need individuals to sign Form SSA-

4641, or work with SSA staff to complete one of SSA's electronic applications, e4641 or the Access to Financial Institutions (AFI) screens, to authorize the individual's financial institution to disclose records to SSA. The respondents are Title II and Title XVI recipients applying for waivers, or SSI applicants, recipients, and their deemors to determine SSI eligibility.

Type of Request: Revision of an OMB-approved information collection.

SSA requires state VR agencies to submit reimbursement claims for the following

categories: (1) Claiming reimbursement for VR services provided; (2) certifying adherence to cost containment policies and procedures; and (3) preparing causality statements. The respondents provide the information requested through a web-based Secure Ticket Portal, in lieu of submitting forms. This Portal allows VRs to retrieve reports, and enter and submit information electronically, minimizing the use of the paper form to SSA for consideration and

approval of the claim for reimbursement of costs incurred for SSA beneficiaries. SSA uses the information on the SSA-199, along with the written documentation, to determine whether, and how much, to pay State VR agencies under SSA's VR program. Respondents are State VR agencies offering vocational and employment services to Social Security and SSI recipients.

6. Request for Change in Time/Place of Disability Hearing—20 CFR 404.914(c)(2) and 416.1414(c)(2)—0960-0348. At the request of the claimants or their representatives, SSA schedules evidentiary hearings at the reconsideration level for claimants of Title II benefits or Title XVI payments

when we deny their claims for disability. When claimants or their representatives find they are unable to attend the scheduled hearing, they complete Form SSA-769 to request a change in time or place of the hearing. SSA uses the information from the form as a basis for granting or denying

requests for changes and for rescheduling disability hearings. Respondents are claimants or their representatives who wish to request a change in the time or place of their hearing.

cessation, SSA seeks a qualified substitute party to pursue the appeal. If SSA locates a qualified substitute party, the agency uses Form SSA-770 to collect information about whether to pursue or withdraw the reconsideration request. We use this information as the basis for the decision to continue or

discontinue with the appeals process. Respondents are substitute applicants who are pursuing a reconsideration request for a deceased claimant.

8. Appointment of Representative—20 CFR 404.1707, 404.1720, 408.1101, 416.1507, and 416.1520—0960-0527. Individuals claiming rights or benefits under the Act must notify SSA in writing when they appoint an individual to represent them in dealing with SSA. In addition, as part of SSA's regulations, SSA requires representatives who are not attorneys to

sign the written notice of appointment. SSA does not require attorneys acting as representatives to sign the notice of appointment. Respondents can use Form SSA-1696, or the submittable electronic version, e1696, to appoint a representative to handle their claim before SSA and name their principal representative, and their selected representative(s) can use the SSA-1696

or e1696 to indicate whether they will charge a fee, and to show their eligibility for direct fee payment. In addition, representatives also use the SSA-1696 or e1696 to inform SSA of their disbarment; suspension from a court or bar in which they previously admitted to practice; or their disqualification from participating in or appearing before a Federal program or

agency. SSA uses the information on the SSA-1696 or e1696 to document the appointment of the representative, and we recognize the individual named in the notice of appointment the claimant signed and filed at an SSA office, or through our submittable portal, as the claimant's representative. We also use this form to collect the representative's business affiliation and employment identification number. In addition, respondents use the SSA-1696-SUP1 to

revoke their appointment of a representative, and representatives use the SSA-1696-SUP2 to withdraw their acceptance of the appointment. SSA uses the information on the SSA-1696-SUP1 and SSA-1696-SUP2 to document the revocation and withdrawal of a representative. Respondents are applicants for, or recipients of, Social Security disability benefits (SSDI); SSI payments; or anyone pursuing a benefit or invoking a

right under SSA programs, who are notifying SSA they have appointed someone to represent them in their dealings with SSA; any non-attorney representatives who need to sign the form; as well as individuals revoking their appointment of representative, and their representatives' withdrawal of their acceptance of an appointment.

9. Work Incentives Planning and Assistance Program—0960-0629. As part of SSA's strategy to assist SSDI beneficiaries and SSI recipients who wish to return to work and achieve self-sufficiency, SSA established the Work Incentives Planning and Assistance (WIPA) program. This community based, work incentive, planning and assistance project collects identifying claimant information via project sites and community work incentives coordinators (CWIC). SSA uses this information to ensure proper management of the project, with

particular emphasis on administration, budgeting, and training. SSA uses Form SSA-4565 (WIPA Intake Information) to collect data from SSDI beneficiaries and SSI recipients on background employment, training, benefits, and work incentives. CWIC use Form SSA-4566 (WIPA Notes) to create a case note to record actions taken for a beneficiary. CWIC will use the WIPA Star System which is a new management and reporting system that allows the CWIC to: (1) Provide SSA with information provided on Form SSA-4565, and additional information on beneficiaries

served under the WIPA program; (2) to manage their case notes for beneficiaries; and (3) to collect additional information not collected on Forms SSA-4565 and SSA-4566 which allows SSA to monitor WIPA grantee's performance and progress. The respondents are SSDI beneficiaries, SSI recipients, community project sites, and community work incentives coordinators.

10. Internet Direct Deposit Application—31 CFR 210-0960-0634. SSA requires all applicants and recipients of Social Security Old Age, Survivors, and Disability Insurance (OASDI) benefits, or SSI payments to receive these benefits and payments via direct deposit, at a financial institution. SSA receives Direct Deposit/Electronic Funds Transfer (DD/EFT) enrollment information from OASDI beneficiaries and SSI recipients to facilitate DD/EFT

of their funds, with their chosen financial institution. We also use this information when an enrolled individual wishes to change their DD/EFT information. For the convenience of the respondents, we collect this information through several modalities, including an internet application, in-office or telephone interviews, and our automated telephone system. In addition to using the direct deposit information to enable DD/EFT of funds

to the recipient's chosen financial institution, we also use the information through our Direct Deposit Fraud Indicator, to ensure the correct recipient receives the funds. Respondents are OASDI beneficiaries and SSI recipients requesting that we enroll them in the Direct Deposit program, or change their direct deposit banking information.

11. International Direct Deposit—31 CFR 210—0960-0686. SSA's International Direct Deposit (IDD) Program allows beneficiaries living abroad to receive their payments via direct deposit to an account at a financial institution outside the United States. SSA uses Form SSA-1199—

(Country) to enroll Title II beneficiaries residing abroad in IDD, and to obtain the direct deposit information for foreign accounts. Routing account number information varies slightly for each foreign country, so we use a variation of the Treasury Department's Form SF-1199A for each country. The

respondents are Social Security beneficiaries residing abroad who want SSA to deposit their Title II benefit payments directly to a foreign financial institution.

Type of Request: Revision of an OMB-approved information collection.

12. Request for Reinstatement (Title XVI)—20 CFR 416.999-416.999d—0960-0744. SSA uses Form SSA-372 to: (1) Inform previously entitled beneficiaries of the expedited reinstatement (EXR) requirements of SSI payments under Title XVI of the Act; and (2) document their requests for EXR. SSA requires this application for

reinstatement of benefits for respondents to obtain SSI disability payments for EXR. When an SSA claims representative learns of individuals whose medical conditions no longer permit them to perform substantial gainful activity as defined in the Act, the claims representative gives the form to the previously entitled individuals

(or mails it to those who request EXR over the phone). SSA employees collect this information whenever an individual files for EXR benefits. The respondents are applicants for EXR of SSI disability payments.

Type of Request: Revision of an OMB-approved information collection.
