

to be conducted. Any issuance of an EUP will be announced in the **Federal Register**.

IV. What is the Agency's Authority for Taking this Action?

The Agency's authority for taking this action is under FIFRA section 5.

List of Subjects

Environmental protection,
Experimental use permits.

Dated: February 11, 2000.

Janet L. Andersen,

*Director, Biopesticides and Pollution
Prevention Division, Office of Pesticide
Programs.*

Workshop Schedules for EPCRA/TRI Training

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Notice.

SUMMARY: EPA will conduct EPCRA/TRI Training workshops across the country during the spring of 2000. These workshops are intended to assist persons preparing their annual reports on release and other waste management activities as required under section 313 of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) and section 6607 of the Pollution Prevention Act of 1990 (PPA). These reports must be submitted to EPA and designated state officials on or before July 1, 2000.

FOR FURTHER INFORMATION CONTACT: Michael Hart, (202) 260-1576 or hart.michael@epa.gov, for specific information on this notice, or to register for training, contact SAIC (<http://www.EPCRA-TRI.com>; e-mail: Training@EPCRA-TRI.com; fax: (703) 318-4644; or telephone: (703) 318-4504).

SUPPLEMENTARY INFORMATION:

I. Does this Action Apply to Me?

You may find this notice applicable if you manufacture, process, or otherwise use any EPCRA section 313 listed toxic chemical. Potentially applicable categories and entities may include, but are not limited to:

Category	Examples of regulated entities
Industry	Metal mining, coal mining, manufacturing, electricity generating facilities, hazardous waste treatment/TSDF, chemicals and allied products-wholesale, petroleum bulk plants and terminals, and solvent recovery services
Federal Government	Federal facilities

This table is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to find this notice of training course offerings applicable. Other types of entities not listed in the table may also find this notice applicable. To determine whether your facility could find this notice applicable, you should carefully examine the applicability criteria in part 372 subpart B of Title 40 of the Code of Federal Regulations. If you have questions regarding the applicability of this action to a particular entity, consult the person listed in the preceding **FOR FURTHER INFORMATION CONTACT** section. You may be able to take advantage of the training courses if:

- Your facility is a facility covered under section 313 of the Emergency Planning and Community Right-to-Know Act (EPCRA).
- Your facility is a Federal facility that manufactures, processes, or otherwise uses section 313 listed toxic chemicals.
- You prepare annual release and other waste management activity reports (i.e., Form R).
- You prepare Form A certification statements.
- You are a consultant who assists in the preparation of these reports.
- You would like information on recent changes to EPCRA/TRI regulations.

EPA conducts annual training courses to assist you with your reporting requirements under section 313 of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) and section 6607 of the Pollution Prevention Act of 1990 (PPA) or Executive Order 12856 (for Federal facilities). You must submit your annual release and other waste management activity reports (i.e., Form R) if your facility meets the descriptions for the following Standard Industrial Classification (SIC) codes and qualifiers:

- Metal Mining (SIC Code 10, except 1011, 1081, and 1094).
- Coal Mining (SIC Code 12, except 1241).
- Manufacturing (SIC Codes 20-39).
- Electricity Generating Facilities (SIC Codes 4911, 4931, and 4939--limited to facilities that combust coal and/or oil for the purpose of generating electricity for distribution in commerce).
- Hazardous Waste Treatment/TSDF (SIC Code 4953 - limited to facilities regulated under RCRA subtitle C, 42 U.S.C. section 6921 *et seq.*).
- Chemicals and Allied Products (SIC Code 5169).
- Petroleum Bulk Plants and Terminals (SIC Code 5171).
- Solvent Recovery (SIC Code 7389 - limited to facilities primarily engaged in solvents recovery services on a contract or fee basis).
- Federal Facilities (by Executive Order 12856).

II. What is Presented at These Training Courses?

The training courses present reporting requirements of EPCRA section 313 and PPA section 6607. A variety of hands-on exercises using the reporting forms (i.e., Form R) along with supporting materials will be used to help you understand any reporting obligations you might have under EPCRA section 313. The training courses are scheduled in the spring so that you can prepare and submit your report(s) for the Reporting Year 1999 on or before July 1, 2000.

III. How Much Time is Required for the Training?

The full training course runs 2 days and a schedule for the 2-day workshops is provided below (see Table 1 under Unit IV.). The first day is devoted to a general discussion of EPCRA section 313 and PPA section 6607 reporting requirements with exercises used to reinforce key concepts. Beginning the second day, an update on the TRI Program will begin. Interested persons may register for both days (persons with little or no background in EPCRA section 313 and PPA section 6607 reporting requirements) or just the second day (persons experienced in preparing either Form R or Form A). In addition, EPA is conducting abbreviated training courses. These courses are 1 day in duration and, in some cases, are focused for a particular industry sector(s) (see Table 2 under Unit IV.).

IV. When are These Training Courses Offered and How Do I Register?

The schedules for training courses are provided in the tables below. You should note, however, that changes to the schedules may occur without further notice so it is important to check your registration materials and confirmation notice. Also, you may access current training course schedule information via the TRI Home Page (<http://www.epa.gov/tri>).

You should direct your requests for training course registration materials,

including schedules of dates and locations, to SAIC (<http://www.EPCRA-TRI.com>; e-mail: Training@EPCRA-TRI.com; fax: (703) 318-4644; or telephone: (703) 318-4504).

To register, you must provide all of the following information to the registration contact indicated: your name, your company's name and SIC code, your postal address, your telephone number, your fax number, your e-mail address, and your preferred training location(s). Requests for registration applications should be

directed to the indicated registration contact.

You will receive an acknowledgment of application receipt via fax or e-mail. If your application is accepted, a confirmation notice will be sent to you that will contain important information regarding date, location, directions, etc. If the training course you applied for is filled or canceled, alternate training courses will be suggested. Since space is limited, you are encouraged to submit your registration application as early as possible but not less than 1 week before your preferred training course.

V. How Much Will the Training Course Cost?

There is no registration fee for the 2-day EPCRA/TRI Training courses; however, there may be a registration fee for other EPCRA/TRI workshops (check with the registration contact for fees and further information). You may access information regarding registration fees via the TRI Home Page (<http://www.epa.gov/tri>) or by contacting the respective Registration Contact listed above (see Table 3 under Unit IV.). If there is insufficient interest at any of the training course locations, those courses may be canceled. The Agency bears no responsibility for your decision to purchase non-refundable transportation tickets or accommodation reservations.

List of Subjects

Environmental protection, Community right-to-know, Reporting and recordkeeping requirements, Toxics Release Inventory.

Dated: February 15, 2000.

Alvin Pesachowitz,

Associate Assistant Administrator, Office of Environmental Information.

[FR Doc. 00-4422 Filed 2-24-00; 8:45 am]

BILLING CODE 6560-50-F

ENVIRONMENTAL PROTECTION AGENCY

[OPPTS-51941; FRL-6494-1]

Certain New Chemicals; Receipt and Status Information

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Section 5 of the Toxic Substances Control Act (TSCA) requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory) to notify EPA and comply with the statutory provisions pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and 5(d)(3) of TSCA, EPA is required to publish a notice of receipt of a premanufacture notice (PMN) or an application for a test marketing exemption (TME), and to publish periodic status reports on the chemicals under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from January 1, 2000 to January 14, 2000, consists of the PMNs and TMEs, both pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

ADDRESSES: Comments may be submitted by mail, electronically, or in

person. Please follow the detailed instructions for each method as provided in Unit I. of the "SUPPLEMENTARY INFORMATION." To ensure proper receipt by EPA, it is imperative that you identify docket control number OPPTS-51941 and the specific PMN number in the subject line on the first page of your response.

FOR FURTHER INFORMATION CONTACT: Joe Carra, Deputy Director, Office of Pollution Prevention and Toxics (7401), Office of Pollution Prevention and Toxics, Environmental Protection Agency, Ariel Rios Bldg., 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone numbers: (202) 554-1404 and TDD: (202) 554-0551; e-mail address: TSCA-Hotline@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. As such, the Agency has not attempted to describe the specific entities that this action may apply to. Although others may be affected, this action applies directly to the submitter of the premanufacture notices addressed in the action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.
