

practical utility; (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate forms of information technology. EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

**Abstract:** All contractors who have completed an EPA cost-reimbursement type contract will be required to submit EPA Form 1900-10. EPA Form 1900-10 summarizes all costs incurred in performance of the contract and sets forth the final indirect rates. This form is reviewed by the contracting officer to determine the final costs reimbursable to the contractor. The Federal Acquisition Regulation (FAR) 52.216-7 states that the Government will pay only the costs determined to be allowable by the contracting officer in accordance with FAR subpart 31.2. Furthermore, FAR 52.216-7 states that indirect cost rates shall be established for each fiscal year at the close of a contractor's fiscal year. EPA Form 1900-10 summarizes this information for the entire contract period and provides a basis for cost review by contracting, finance, and audit personnel. In addition, FAR 4.804-5 mandates that the office administering the contract shall ensure that the costs and indirect cost rates are settled.

**Form Numbers:** EPA Form 1900-10.

**Respondents/affected entities:** All contractors who have completed an EPA cost-reimbursement type contract.

**Respondent's obligation to respond:** Mandatory (FAR 52.216-7).

**Changes in the Estimates:** There is no change in hours in the total estimated
