

Proposed Issues To Be Addressed

The EIS will contain descriptions of the existing environmental and socioeconomic resources within the area that would be affected by construction and operation of the proposed transmission line and upgrades. TVA's evaluation of potential environmental impacts to these resources will include, but not necessarily be limited to, the potential impacts on water quality, aquatic and terrestrial ecology, endangered and threatened species, wetlands, aesthetics and visual resources, land use, historic and archaeological resources, and socioeconomic resources. The need and purpose of the project will be discussed.

Alternatives

The results of evaluating the potential environmental impacts and other important issues identified in the scoping process, as well as engineering and economic considerations, will be used by TVA in selecting identifying a preferred alternative. At this time, the range of alternatives TVA has identified for detailed evaluation includes no action and the three alternative solutions described above. The ability of energy conversation to meet projected demands will be addressed. As analyses proceed, one or more alternatives may be eliminated due to technical infeasibility, unacceptable environmental impacts, or unreasonably high economic costs. TVA also expects to evaluate multiple sites for the new substation.

Scoping Process

Scoping, which is integral to the process for implementing the National Environmental Policy Act (NEPA), is a procedure that solicits public input to the EIS process to ensure that: (1) Issues are identified early and properly studied; (2) issues of little significance do not consume substantial time and effort; (3) the draft EIS is thorough and balanced; and (4) delays caused by an inadequate EIS are avoided. TVA's NEPA procedures require that the scoping process commence soon after a decision has been reached to prepare an EIS in order to provide an early and open process for determining the scope and for identifying the significant issues related to a proposed action. The range of alternatives and the issues to be addressed in the draft EIS will be determined, in part, from written comments submitted by mail or e-mail, and comments presented orally or in writing at any public meetings. The preliminary identification of reasonable alternatives and environmental issues in

this notice is not meant to be exhaustive or final.

The scoping process will include both interagency and public scoping. The public is invited to submit written comments or e-mail comments on the scope of this EIS no later than the date given under the **DATES** section of this notice.

TVA will conduct a public scoping meeting on July 11, 2005. This informal meeting will begin at 4 p.m. and end at 8 p.m. (CST). The meeting will be held at the Eagleville High School, 500 Highway 99, Eagleville, Tennessee, Tennessee.

At the meeting, TVA management and project staff will present overviews of the proposed transmission line project and the EIS process, answer questions, and solicit comments on the issues that the public would like addressed in the EIS. These meetings will be publicized through notices in local newspapers, by TVA press releases, on the TVA Web site at <http://www.tva.gov/environment/calendar.htm> and in letters to local elected officials preceding the public meetings.

The agencies to be included in the interagency scoping are U.S. Army Corps of Engineers, U.S. Fish and Wildlife Service, Tennessee Department of Environment and Conservation, the Tennessee State Historic Preservation Officer, and other Federal, State, and local agencies, as appropriate. After consideration of the scoping comments, TVA will further identify alternatives and environmental issues to be addressed in the EIS. Following analysis of the environmental consequences of each alternative, TVA will prepare a draft EIS for public review and comment. Notice of availability of the draft EIS will be published by the Environmental Protection Agency in the **Federal Register**. TVA will solicit written comments on the draft EIS, and information about possible public meetings to comment on the draft EIS will be announced. TVA expects to release a draft EIS in the fall of 2006 and a final EIS in early 2007.

Dated: June 27, 2005.

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Andean Trade Preference Act (ATPA), as Amended: Notice Regarding the 2003 and 2004 Annual Reviews

AGENCY: Office of the United States Trade Representative.

ACTION: Notice.

SUMMARY: In January 2005, the Office of the United States Trade Representative (USTR) published a notice specifying the results of the preliminary review of petitions it received in September 2004 in connection with the annual ATPA review and modifying the schedule for consideration of the remaining petitions. The January 2005 notice also specified the status of the petitions filed in 2003 that have remained under review. The Trade Policy Staff Committee has decided to continue the review of pending petitions.

FOR FURTHER INFORMATION CONTACT:

Bennett M. Harman, Deputy Assistant U.S. Trade Representative for Latin America, at (202) 395-9446.

SUPPLEMENTARY INFORMATION: The ATPA (19 U.S.C. 3201 *et seq.*), as renewed and amended by the Andean Trade Promotion and Drug Eradication Act of 2002 (ATPDEA) in the Trade Act of 2002 (Pub. L. 107-210), provides trade benefits for eligible Andean countries. Pursuant to section 3103(d) of the ATPDEA, USTR promulgated regulations (15 CFR part 2016) (68 FR 43922) regarding the review of eligibility of countries for the benefits of the ATPA, as amended.

In a **Federal Register** notice dated August 17, 2004, USTR initiated the 2004 ATPA Annual Review and announced a deadline of September 15, 2004 for the filing of petitions (69 FR 51138). Several of these petitions requested the review of certain practices in certain beneficiary developing countries regarding compliance with the eligibility criteria set forth in sections 203 (c) and (d) and section 204(b)(6)(B) of the ATPA, as amended (19 U.S.C. 3203 (c) and (d); 19 U.S.C. 3203(b)(6)(B)).

In a **Federal Register** notice dated January 18, 2005 (70 FR 2921), USTR published the results of the preliminary review of these petitions. The TPSC terminated the review of one petition and modified the date for the announcement of results for both the remaining 2004 petitions and the remaining 2003 petitions to on or about May 31, 2005.

With respect to the outstanding petitions, the TPSC is modifying the schedule for the review, in accordance

with 15 CFR 2016.2(b). The results will be announced in the fall 2005 notice specifying the results of the preliminary review of petitions the TPSC receives as part of the 2005 annual review.

Following is the list of all petitions that remain under review:

Peru: Engelhard
Peru: Princeton Dover
Peru: LeTourneau
Peru: Duke Energy
Ecuador: AFL-CIO; Human Rights Watch; and US/LEAP
Ecuador: Chevron Texaco
Ecuador: Electrolux Home Products, Inc.
Peru: Parsons Corporation

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Revision of Mexico's Government Entities and Enterprises Covered by the Government Procurement Chapter of the North American Free Trade Agreement

AGENCY: Office of the United States Trade Representative.

ACTION: Revision of Mexico's government entities and enterprises covered in the government procurement chapter of the North American Free Trade Agreement.

SUMMARY: Under the North American Free Trade Agreement (NAFTA), coverage of the government procurement chapter is based on positive lists of government entities and enterprises for each NAFTA Party (United States, Canada and Mexico). The lists for each Party are contained in its Schedules to Annex 1001.1a-1 (Federal Government Entities) and Annex 1001.1a-2 (Government Enterprises) of the NAFTA Chapter on Government Procurement. The Chapter provides a process for rectifications and modifications of the Schedules. In 2004, Mexico modified its Schedules to reflect changes in its government structure. The Parties have approved the changes to Mexico's federal government entities and government enterprises schedules. Mexico published its revised Schedules in the *Diario Oficial de la Federación de México* in February 2005. The revised Mexican Schedules are set out below.
