SUPPLEMENTARY INFORMATION:

Title: Application for Inspection, Accreditation of Laboratories, and Exemptions.

OMB Number: 0583-0082.

Expiration Date of Approval: 07/31/2011.

Type of Request: Revision of a currently approved information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*) and the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*). These statutes provide that FSIS is to protect the public by verifying that meat and poultry products are safe, wholesome, not adulterated, and properly labeled and packaged.

FSIS is requesting a revision of an approved information collection addressing paperwork requirements specified in the regulations relating to the application for inspection, accreditation of laboratories, and exemptions.

FSIS requires meat and poultry establishments and import facilities to apply for a grant of inspection before receiving Federal inspection (9 CFR 304.1 & 381.17). FSIS also requires plants that wish to receive voluntary inspection to apply for service (9 CFR 350.5, 351.4, 352.3, & 362.3). Establishments that wish to export or import product must also submit certain documents to the Agency.

The FMIA (21 U.S.C. 642), the PPIA (21 U.S.C. 460(b)), and the EPIA (21 U.S.C. 1040) require certain parties to keep records that fully and correctly disclose all transactions involved in their businesses related to relevant animal carcasses and parts and egg products.

FSIS requires accredited non-Federal analytical laboratories to maintain certain paperwork and records (9 CFR 439.20 & 590.580). The Agency uses this collected information to ensure that

meat and poultry establishments and egg products plants provide safe, wholesome, and not adulterated product, and that non-Federal laboratories act in accordance with FSIS regulations.

In addition, FSIS also requires establishments to keep records to ensure that meat and poultry products are not commingled with inspected meat and poultry products (9 CFR 303.1(b)(3) & 381.175), and that firms qualifying for a retail store exemption who have violated the provisions of that exemption are no longer in violation (9 CFR 303.1(d)(3) & 381.10(d)(3)).

The Agency is revising the information collection based on a revised estimate of the number of respondents due to an increase in the number of establishments. This increase in the number of establishments supports the finding of a total increase in burden hours (39.4) from that found in the previously approved information collection.

FSIS has made the following estimates based upon an information collection assessment:

Estimate of Burden: FSIS estimates that it will take respondents an average of .034 hours per response.

Respondents: Official meat and poultry establishments, official egg plants, and foreign establishments.

Estimated No. of Respondents: 27,743.

Estimated No. of Annual Responses per Respondent: 122.

Estimated Total Annual Burden on Respondents: 114,339.4 hours.

Copies of this information collection assessment can be obtained from John O'Connell, Paperwork Reduction Act Coordinator, Food Safety and Inspection Service, USDA, 1400 Independence Avenue, SW., Room 6065, South Building, Washington, DC 20250, (202) 720-0345.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of FSIS's functions, including whether the information will have practical utility; (b) the accuracy of FSIS's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of

information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20253.

Responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.
