## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

[RTID 0648-XD623]

#### Pacific Fishery Management Council; Public Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of public online meeting.

**SUMMARY:** The Groundfish Subcommittee of the Pacific Fishery Management Council's (Pacific Council's) Scientific and Statistical Committee (SSC) will hold a virtual meeting to review the 2023 groundfish stock assessment process and discuss process improvements for the next stock assessment cycle, review proposed revisions to the Terms of Reference for the Groundfish Stock Assessment Review Process for 2025 and 2026, review proposed revisions to the Terms of Reference for the Groundfish Rebuilding Analysis for 2025 and 2026, and update the Accepted Practices Guidelines for Groundfish Stock Assessments document. The SSC Groundfish Subcommittee meeting is open to the public.

**DATES:** The SSC Groundfish Subcommittee's online meeting will be held Wednesday, January 17, 2024 beginning at 8 a.m. and continuing until 5 p.m. Pacific time or until business for the day has been completed. The Subcommittee will reconvene on Thursday, January 18, 2024 beginning at 8 a.m. and ending at 5 p.m. or when

business for the day has been completed.

**ADDRESSES:** The SSC Groundfish Subcommittee's meeting is being conducted online. Specific meeting information, materials, and instructions for how to connect to the meeting remotely will be provided in the meeting announcement on the Pacific Council's website (see <https://www.pcouncil.org>). Please contact Kris Kleinschmidt ([kris.kleinschmidt@noaa.gov](mailto:kris.kleinschmidt@noaa.gov)) or (503) 820-2412 for technical assistance.

*Council address:* Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, Oregon 97220.

**FOR FURTHER INFORMATION CONTACT:** Marlene A. Bellman, Staff Officer, Pacific Council; telephone: (503) 820-2414, email: [marlene.bellman@noaa.gov](mailto:marlene.bellman@noaa.gov).

**SUPPLEMENTARY INFORMATION:** The purpose of the SSC Groundfish Subcommittee's meeting includes, (a) review proposed changes to the Terms of Reference for the Groundfish Stock Assessment Review Process for 2025 and 2026, and Terms of Reference for the Groundfish Rebuilding Analysis for 2025 and 2026, that will inform the process for conducting and reviewing groundfish assessments and rebuilding analyses in the next cycle, (b) review proposed changes to the Accepted Practices Guidelines for Stock Assessments in 2025 and 2026, which is a compilation of guidelines for groundfish stock assessment scientists, and (c) to review and evaluate the 2023-2024 groundfish stock assessment review process to solicit process improvements for future reviews. Stock assessment teams and review participants are encouraged to attend, as well as members of the Pacific Council's groundfish advisory bodies in order to prepare their recommendations to the Pacific Council.

No management actions will be decided by the SSC Groundfish Subcommittee. Process improvement recommendations and proposed changes to the Terms of Reference and Accepted Practices Guidelines documents will first be considered during this online meeting, with a Groundfish Subcommittee post-meeting report to the full SSC at their March 2024 meeting and their recommended changes to the Terms of Reference scheduled for preliminary Pacific Council adoption for public review. The Pacific Council is scheduled to adopt a final Terms of Reference for the 2025-2026 stock assessment cycle at their

June 2024 meeting in San Diego, California.

Although non-emergency issues not contained in the meeting agendas may be discussed, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

#### Special Accommodations

Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt ([kris.kleinschmidt@noaa.gov](mailto:kris.kleinschmidt@noaa.gov); (503) 820-2412) at least 10 days prior to the meeting date.

*Authority:* 16 U.S.C. 1801 *et seq.*

Dated: December 22, 2023.

**Diane M. DeJames-Daly,**

*Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.*

#### North Pacific Fishery Management Council; Public Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of web conference.

**SUMMARY:** The North Pacific Fishery Management Council (Council) Joint Groundfish Plan Teams will meet on January 17, 2024.

**DATES:** The meeting will be held on Wednesday, January 17, 2024, from 8 a.m. to 12 p.m., Alaska time.

**ADDRESSES:** The meeting will be a web conference. Join online through the link at <https://meetings.npfmc.org/Meeting/Details/3031>.

*Council address:* North Pacific Fishery Management Council, 1007 W 3rd Ave., Suite 400, Anchorage, AK 99501-2252; telephone: (907) 271-2809. Instructions for attending the meeting via video conference are given under **SUPPLEMENTARY INFORMATION**, below.

**FOR FURTHER INFORMATION CONTACT:** Sara Cleaver, Council staff; email:

sara.cleaver@noaa.gov or Diana Stram, Council staff; email: diana.stram@noaa.gov.

For technical support, please contact our administrative staff; email: npfmc.admin@noaa.gov.

#### SUPPLEMENTARY INFORMATION:

#### Agenda

Wednesday, January 17, 2024

The Joint Groundfish Plan Teams will be reviewing research priorities to provide recommendations to the SSC at the February 2024 meeting. The agenda is subject to change, and the latest version will be posted at <https://meetings.npfmc.org/Meeting/Details/3031> prior to the meeting, along with meeting materials.

#### Connection Information

You can attend the meeting online using a computer, tablet, or smart phone; or by phone only. Connection information will be posted online at: <https://meetings.npfmc.org/Meeting/Details/3031>.

#### Public Comment

Public comment letters will be accepted and should be submitted electronically to <https://meetings.npfmc.org/Meeting/Details/3031>.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: December 22, 2023.

Diane M. DeJames-Daly,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

## DEPARTMENT OF ENERGY

### Record of Decision for the Final Environmental Impact Statement for the Civil Nuclear Credit Program Proposed Award of Credits to Pacific Gas and Electric Company for Diablo Canyon Power Plant

**AGENCY:** Grid Deployment Office; U.S. Department of Energy.

**ACTION:** Record of decision.

**SUMMARY:** The U.S. Department of Energy (DOE) announces its decision to award credits to Pacific Gas and Electric Company (PG&E) under the Civil Nuclear Credit (CNC) Program for the continued operation of Diablo Canyon Power Plant Units 1 and 2 (DCPP) under DCPP's current operating licenses issued by the U.S. Nuclear Regulatory Commission (NRC). This decision is pursuant to the *Final Environmental Impact Statement for the Civil Nuclear*

*Credit Program Proposed Award of Credits to Pacific Gas and Electric Company for Diablo Canyon Power Plant* (DOE/EIS-0555). DCPP is an existing commercial nuclear power plant located in San Luis Obispo County, California. PG&E will be eligible to receive payments from the first award cycle of funding from the CNC Program over a four-year award period (January 2023–December 2026), subject to PG&E's satisfaction of the applicable payment terms and NRC license extension approvals. The action being taken by DOE does not change the operational configuration (*i.e.*, the way PG&E operates the plant) of the facility. The action awards credits to PG&E to help DCPP to continue to operate under the existing NRC approved licenses and programs. Payments of credits are expected to occur annually beginning in 2025 and will be paid retroactively to compensate PG&E for DCPP operations in the prior year(s).

**ADDRESSES:** For further information on this record of decision (ROD), contact Mr. Jason Anderson, Document Manager, by mail at U.S. Department of Energy, Idaho Operations Office, 1955 Fremont Avenue, Idaho Falls, Idaho 83415; or by email to [cnc\\_program\\_mailbox@hq.doe.gov](mailto:cnc_program_mailbox@hq.doe.gov). This ROD and DOE/EIS-0555, as well as other general information concerning the DOE National Environmental Policy Act (NEPA) process, are available for viewing or download at: <https://www.energy.gov/gdo/cnc-cycle-1-diablo-canyon-conditional-award-nepa-documentation>. For general information on the CNC Program, visit [www.energy.gov/gdo/civil-nuclear-credit-program](https://www.energy.gov/gdo/civil-nuclear-credit-program).

**FOR FURTHER INFORMATION CONTACT:** Mr. Jason Anderson, Document Manager, U.S. Department of Energy, Idaho Operations Office, 1955 Fremont Avenue, Idaho Falls, Idaho 83415; by email to [cnc\\_program\\_mailbox@hq.doe.gov](mailto:cnc_program_mailbox@hq.doe.gov) or by phone at (202) 586-4316. For general information on the DOE NEPA process, contact Brian Costner, Director, Office of NEPA Policy and Compliance (GC-54), U.S. Department of Energy, 1000 Independence Avenue SW, Washington, DC 20585; by email at [askNEPA@hq.doe.gov](mailto:askNEPA@hq.doe.gov); or by facsimile at (202) 586-7031.

#### SUPPLEMENTARY INFORMATION:

##### Background

DOE's mission ensures America's security and prosperity by addressing its energy, environmental, and nuclear challenges through transformative science and technology solutions. As

described at [www.energy.gov/gdo/civil-nuclear-credit-program](https://www.energy.gov/gdo/civil-nuclear-credit-program), the CNC Program was established on November 15, 2021, when President Biden signed the Infrastructure Investment and Jobs Act (IIJA) (Pub. L. 117-58), also known as the Bipartisan Infrastructure Law, into law. Section 40323 of the IIJA (42 U.S.C. 18753) provides \$6 billion to establish a program to award civil nuclear credits. The CNC Program is a strategic investment to help preserve the existing U.S. commercial power reactor fleet and save thousands of high-paying jobs across the country.

Under the CNC Program, owners or operators of U.S. commercial power reactors can apply for certification to bid on credits to support nuclear reactors' continued operation. An application must demonstrate that the nuclear reactor is projected to close for economic reasons and that closure will lead to a rise in air pollutants and carbon emissions, among other conditions. An owner or operator of a certified nuclear reactor whose bid for credits is selected by DOE is then eligible to receive payments from the Federal Government in the amount of the credits awarded to the owner or operator, provided it continues to operate the nuclear reactor for the four-year award period (for DCPP, January 2023 to December 2026) and subject to its satisfaction of other specified payment terms. PG&E submitted its application for certification and its bid for credits under the CNC Program on September 9, 2022. DOE made a conditional award of credits to PG&E on November 21, 2022.

NEPA requires Federal agencies to evaluate the environmental impacts of proposals for major Federal actions with the potential to significantly affect the quality of the human environment. Awarding credits for continued operation of a commercial nuclear power reactor under the CNC Program is subject to NEPA. Therefore, DOE conducted a review of the existing NEPA documentation for continued operation of the DCPP reactors in accordance with the Council on Environmental Quality (CEQ) and DOE NEPA regulations, 40 CFR 1506.3 and 10 CFR 1021.200(d), respectively. DOE also considered non-NEPA documents, such as available licensing basis documents, the 2021 Safety Analysis Report, Federal and State permits, site reports and documents, and relevant public information to inform DOE's evaluation of the existing NEPA documents.
