

separate rate respondent companies in Vietnam and the “Vietnam-wide entity” increased by more than 15 percent in the comparison period compared to the base period.<sup>22</sup> Therefore, we preliminarily find that there were massive imports of subject merchandise from the eligible separate rate respondent companies in Vietnam and the “Vietnam-wide entity” over a relatively short period pursuant to section 773(e)(1)(B) of the Act and 19 CFR 351.206(h).

### Preliminary Affirmative Determination of Critical Circumstances

Record evidence indicates that importers of raw honey from Vietnam knew, or should have known, that exporters were selling the merchandise at LTFV, and that there was likely to be material injury by reason of such sales. In addition, we have found that Ban Me Thuot, DakHoney, the eligible separate rate respondent companies in Vietnam, and the “Vietnam-wide entity” had massive imports during a relatively short period. Therefore, in accordance with section 733(e)(1) of the Act, we preliminarily find that there is reason to believe or suspect that critical circumstances exist for imports of the merchandise under consideration from Ban Me Thuot, DakHoney, the eligible separate rate respondent companies in Vietnam, and the “Vietnam-wide entity.”<sup>23</sup>

### Suspension of Liquidation

In accordance with section 703(e)(2)(A) of the Act, we are directing the U.S. Customs and Border Protection to suspend liquidation of any unliquidated entries of the merchandise entered, or withdrawn from warehouse for consumption, on or after August 25, 2021, which is 90 days prior to the date of publication of the *Preliminary Determination* in the **Federal Register**.

### ITC Notification

In accordance with section 733(f) of the Act, we have notified the ITC of our preliminary affirmative critical circumstances determination.

### Public Comment

In the *Preliminary Determination*, Commerce stated that case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance.<sup>24</sup> A timeline for the submission of case briefs and written comments on non-

scope issues will be announced at a later date. Rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than seven days after the deadline for case briefs.<sup>25</sup> Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.<sup>26</sup> Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in this investigation are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.

This determination is published pursuant to sections 733(f) and 777(i) of the Act, and 19 CFR 351.206(c)(2)(ii).

Dated: December 30, 2021.

*Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.*

However, participation fees for a cancelled mission will be reimbursed to the extent they have not already been expended in anticipation of the mission.

If a visa is required to travel on a particular mission, applying for and obtaining such a visa will be the responsibility of the mission participant. Government fees and processing expenses to obtain such a visa are not included in the participation fee. However, the Department of Commerce will provide instructions to each participant on the procedures required to obtain business visas.

The nature of the security situation in a given foreign market at a given time cannot be guaranteed. The U.S. Government does not make any representations or guarantees as to the safety or security of participants. The U.S. Department of State issues U.S. Government international travel alerts and warnings for U.S. citizens available at <https://travel.state.gov/content/travel/en/traveladvisories/traveladvisories.html/>. Any question regarding insurance coverage must be resolved by the participant and its insurer of choice.

The SBA Size Standards Tool [<https://www.sba.gov/size-standards/>] can help you determine the qualifications that apply to your company.

#### **Important Note About the Covid-19 Pandemic**

Travel and in-person activities are contingent upon the safety and health conditions in the United States and the mission countries. Should safety or health conditions not be appropriate for travel and/or in-person activities, the Department will consider postponing the event or offering a virtual program in lieu of an in-person agenda. In the event of a postponement, the Department will notify the public and applicants previously selected to participate in this mission will need to confirm their availability but need not reapply. Should the decision be made to organize a virtual program, the Department will adjust fees, accordingly, prepare an agenda for virtual activities, and notify the previous selected applicants with the option to opt-in to the new virtual program. Mission participants are responsible for compliance with all COVID-19-related requirements related to travel to, within, and from trade mission destinations, including vaccinations, and, where appropriate, testing. Trade mission activities will be designed to target the export assistance needs of minority businesses. For purposes of the trade mission, a “minority business” is one that falls within the Minority Business Development Agency’s definition of Minority Business Enterprises: Organizations that are owned or controlled by the following persons or groups of persons are the organizations that are considered MBEs: African-American, Hispanic-American, American Asian and Pacific Islander, Native American (including Alaska Natives, Alaska Native Corporations and Tribal entities), Asian Indian American, and Hasidic Jewish American. Mission recruitment will be conducted in an open and public manner, including publication in the **Federal Register**, posting on the Commerce Department trade mission calendar (<https://www.trade.gov/trade-missions>) and other internet websites, press releases to general and trade media, direct mail, notices by industry trade associations and other multiplier groups, and publicity at industry meetings, symposia, conferences, and trade shows. Recruitment for the mission will begin immediately and conclude no later than March 04, 2022. The U.S. Department of Commerce will review applications and inform applicants of selection decisions on a staggered basis. The Department of Commerce will evaluate applications and inform applicants of selection decisions three times during the recruitment period. All applications

#### Aerospace Mission to India

**Dates: June 21–24, 2022**

#### Mission Description

The United States Department of Commerce, International Trade Administration (ITA), is organizing an

<sup>1</sup> For purposes of assessing participation fees, an applicant is a small- or medium-sized enterprise (SME) if it qualifies under the Small Business Administration's (SBA) size standards (<https://www.sba.gov/document/support-table-size-standards>), which vary by North American Industry Classification System (NAICS) Code. The SBA Size Standards Tool (<https://www.sba.gov/size-standards/>) can help you determine the qualifications that apply to your company.

Aerospace Trade Mission to India on June 21–24, 2022.

The purpose of the mission is to introduce U.S. companies to India's aerospace ecosystem and assist delegate companies with finding business partners and exporting their products and services to the region. The mission will target approximately fifteen U.S. companies and trade association representatives with members that provide products and services related to airport infrastructure, ICT/security systems, aerospace equipment, avionics, Maintenance, Repair, and Overhaul (MRO), training, unmanned aerial vehicle (UAV) technologies, and possibly space technologies. It is possible to increase this number to as high as 25 if we limit the number of

Gold Keys and one-on-one matchmaking services to 10 of the delegates. This is necessary since the mission is constrained to one and a half days per mission stop, so this is already between 30 and 50 B2Bs per stop.

Mission delegates will have access to business development opportunities across India. Participating firms will gain market insight, make industry contacts, solidify business strategies, and advance specific projects, with the goal of increasing U.S. exports of products and services in the aerospace sector. The subsectors will depend on the nature of the market, potential demand, prospective government procurements, and other factors closer to the start of recruitment.

The mission will include customized one-on-one business appointments with pre-screened potential buyers, agents, distributors, and joint venture partners. It will also include meetings with central, state, and local government officials and industry leaders, as well as networking events. The mission will include stops in New Delhi and Mumbai, with optional stops in Hyderabad and Bengaluru.

#### Proposed Timetable

#### Participation Requirements

All parties interested in participating in the trade mission must complete and submit an application package for consideration by the Department of Commerce. All applicants will be evaluated on their ability to meet certain conditions and best satisfy the selection criteria as outlined below. The mission will target a delegation of 15 firms, with a minimum of 10 to make the mission viable.

#### Fees and Expenses

After a firm or trade association has been selected to participate on the mission, a payment to the Department of Commerce in the form of a participation fee is required. The participation fee for the Aerospace Mission to India will be \$2,800 for small or medium-sized enterprises (SME); and \$5,500 for large firms or trade associations. The fee for each additional firm representative (large firm or SME/trade organization) is \$1,000. Expenses for travel, lodging, meals, and incidentals will be the responsibility of each mission participant. Interpreter and driver services can be arranged for additional cost. Delegation members will be able to take advantage of U.S. Embassy rates for hotel rooms.

If and when an applicant is selected to participate on a particular mission, a payment to the Department of Commerce in the amount of the designated participation fee below is required. Upon notification of acceptance to participate, those selected have 5 business days to submit payment or the acceptance may be revoked.

#### Timeline for Recruitment and Applications

Mission recruitment will be conducted in an open and public manner, including publication in the **Federal Register**, posting on the Commerce Department trade mission calendar (<http://export.gov/trademissions>) and other internet websites, press releases to general and trade media, direct mail, notices by industry trade associations and other multiplier groups, and publicity at industry meetings, symposia, conferences, and trade shows. Recruitment for the mission will begin immediately and conclude no later than May 6, 2022. The U.S. Department of Commerce will review applications and inform applicants of selection decisions on a rolling basis. Applications received after May 6, 2022 will be considered only if space and scheduling constraints permit.

#### Utility Scale Wind Towers From Indonesia: Notice of Court Decision Not in Harmony With the Final Determination of Countervailing Duty Investigation; Notice of Amended Final Determination; Notice of Revocation of Countervailing Duty Order

**AGENCY:** Enforcement and Compliance,  
International Trade Administration,  
Department of Commerce.

**SUMMARY:** On December 28, 2021, the  
U.S. Court of International Trade (CIT)  
issued its final judgment in *PT. Kenertec  
Power System v. United States*, Consol.  
Ct. No. 20-03687, sustaining the  
Department of Commerce (Commerce)'s  
remand redetermination pertaining to  
the countervailing duty (CVD)  
investigation of utility scale wind  
towers (wind towers) from Indonesia  
covering the period of investigation,  
January 1, 2018, through December 31,  
2018. Commerce is notifying the public  
that the CIT's final judgment is not in  
harmony with Commerce's final  
determination in that investigation and  
that Commerce is amending the final  
determination with respect to the  
countervailable subsidy rate determined  
for PT. Kenertec Power System  
(Kenertec). Because the amended  
countervailable subsidy rate determined  
for Kenertec, the only individually-  
examined respondent in the  
investigation, is now *de minimis*,  
Commerce is hereby revoking the CVD  
order.

**DATES:** Applicable January 7, 2022.

## SUPPLEMENTARY INFORMATION:

### Background

On July 6, 2020, Commerce published  
its final determination in the CVD  
investigation of wind towers from  
Indonesia. Commerce reached an  
affirmative determination that Kenertec  
received countervailable subsidies at a  
net countervailable subsidy rate of 5.90  
percent.<sup>1</sup> Commerce subsequently  
published the CVD order on wind  
towers from Indonesia.<sup>2</sup>

Kenertec and the Wind Tower Trade  
Coalition, the petitioner in the  
investigation, appealed Commerce's  
*Final Determination*. On July 20, 2021,  
the CIT remanded the *Final  
Determination* to Commerce, directing  
Commerce to address whether it  
improperly included an export subsidy  
in its upstream subsidy calculation.<sup>3</sup> In  
the final remand redetermination,  
issued in August 2021, Commerce: (1)  
Determined that the Rediscount Loan  
Program is an export subsidy; (2)  
concluded that the export subsidy was  
improperly included in the upstream  
subsidy calculation for Kenertec in the  
*Final Determination*; and (3) excluded  
the export subsidy from the  
calculation.<sup>4</sup> The changes made in the  
*Final Redetermination* resulted in a *de  
minimis* net countervailable subsidy  
rate of 0.85 percent for Kenertec. The  
CIT sustained Commerce's *Final  
Redetermination*.<sup>5</sup>

### Timken Notice

In its decision in *Timken*,<sup>6</sup> as clarified  
by *Diamond Sawblades*,<sup>7</sup> the Court of  
Appeals for the Federal Circuit held  
that, pursuant to section 516A(c) and (e)  
of the Tariff Act of 1930, as amended  
(the Act), Commerce must publish a  
notice of court decision that is not "in

harmony" with a Commerce  
determination and must suspend  
liquidation of entries pending a  
"conclusive" court decision. The CIT's  
December 28, 2021, judgment  
constitutes a final decision of the CIT  
that is not in harmony with Commerce's  
*Final Determination*. Thus, this notice is  
published in fulfillment of the  
publication requirements of *Timken*.

### Amended Final Determination

Because there is now a final court  
judgment, Commerce is amending its  
*Final Determination* with respect to  
Kenertec as follows:

Producer/exporter	Percent <i>ad valorem</i>
PT Kenertec Power Sys- tem.	0.85 ( <i>de mini- mis</i> ).

### Revocation of Countervailing Duty Order

Pursuant to section 705(a)(3) of the  
Act, Commerce "shall disregard any  
countervailable subsidy that is *de  
minimis* as defined in section 703(b)(4)"  
of the Act. Furthermore, and pursuant to  
section 705(c)(2) of the Act, "the  
investigation shall be terminated upon  
publication of that negative  
determination" and Commerce shall  
"terminate the suspension of  
liquidation" and "release any bond or  
other security and refund any cash  
deposit." As a result of this amended  
final determination, Commerce is  
hereby revoking the CVD order on wind  
towers from Indonesia because the  
revised CVD rate determined for  
Kenertec, the only mandatory  
respondent, is now *de minimis*.<sup>8</sup>  
Because the revised net countervailable  
subsidy rate determined for the sole  
mandatory respondent, Kenertec, is *de  
minimis*, Commerce did not determine  
an all-others rate in the *Final  
Redetermination*. Accordingly,  
Commerce intends to issue instructions  
to U.S. Customs and Border Protection  
(CBP) to release any bonds or other  
security and refund cash deposits  
pertaining to any suspended entries  
pursuant to the order. As a result of this  
revocation, Commerce will not initiate  
administrative reviews of this order.

### Cash Deposit Requirements and Liquidation of Suspended Entries

As a result of this amended final  
determination, Commerce is revoking  
the CVD order on wind towers from  
Indonesia. Accordingly, Commerce will  
instruct CBP to cease any collection of  
cash deposits of estimated CVD duties

<sup>8</sup> See *Final Redetermination*.
