SUPPLEMENTARY INFORMATION: Section 4007 of Title IV of the Employee Retirement Income Security Act of 1974 (ERISA) requires pension plans covered under Title IV pension insurance programs to pay premiums to PBGC. Pursuant to section 4007, PBGC has issued its regulation on Payment of Premiums (29 CFR part 4007). Under § 4007.3 of the premium payment regulation, plan administrators are required to file premium payments and information prescribed by PBGC. Premium information must be filed electronically using “My Plan Administration Account” (“My PAA”) through PBGC’s Web site except to the extent PBGC grants an exemption for good cause in appropriate

circumstances, in which case the information must be filed using an approved PBGC form. The plan administrator of each pension plan covered by Title IV of ERISA is required to submit one or more premium filings for each premium payment year. Under § 4007.10 of the premium payment regulation, plan administrators are required to retain records about premiums and information submitted in premium filings.

PBGC needs information from premium filings to identify the plans for which premiums are paid, to verify whether the amounts paid are correct, to help PBGC determine the magnitude of its exposure in the event of plan termination, to help track the creation of new plans and transfer of participants and plan assets and liabilities among plans, and to keep PBGC’s insured-plan inventory up to date. That information and the retained records are also needed for audit purposes.

All plans covered by Title IV of ERISA pay a flat-rate per-participant premium. An underfunded single-employer plan also pays a variable-rate premium based on the value of the plan’s unfunded vested benefits.

Large-plan filers (*i.e.*, plans that were required to pay premiums for 500 or more participants for the prior plan year) are required to pay PBGC’s flat-rate premium early in the premium payment year. Because the participant count often is not available until later in the premium payment year, PBGC permits filers to make an “Estimated flat-rate premium filing.”

All plans are required to make a “Comprehensive premium filing.” Comprehensive filings are used to report (i) the flat-rate premium and related data (all plans), (ii) the variable-rate premium and related data (single-employer plans), and (iii) additional data such as identifying information and miscellaneous plan-related or filing-related data (all plans). For large plans, the Comprehensive filing also serves to reconcile an estimated flat-rate premium paid earlier in the year.

PBGC intends to revise the 2013 filing procedures and instructions to:

- Provide for revoking a prior election to use the Alternative Premium Funding Target (APFT) to determine unfunded vested benefits (UVBs). (Under PBGC regulations, an election to use the APFT is irrevocable for 5 years; 2008 was the first year that plans were permitted to elect the APFT, so 2013 is the first year for which it is necessary to collect this information.)
- Require plan administrators using the APFT to report the “effective interest rate” (defined in section 430(h)

of the Internal Revenue Code). PBGC will use this information to update its annual contingency list and financial statements more accurately.

- Require that the plan effective date be reported for all plans rather than just new and newly covered plans. This date helps PBGC trace plans that change Employer Identification Number or Plan Number.

- Require plan administrators to provide a breakdown of the total premium funding into the same categories of participants used for Schedule SB reporting, *i.e.*, active participants, terminated vested participants, and retirees and beneficiaries receiving payment. PBGC uses the premium funding target to estimate termination liability, *e.g.*, for the annual contingency list, and a breakdown will enable PBGC to make a much better estimate than simply using only the total premium funding target.

- Allow a plan administrator to list a second person whom PBGC could contact with questions about a filing.

- Reorder and renumber some items on the illustrative form that accompanies and is part of the instructions, and make other minor changes.

The collection of information under the regulation has been approved through December 31, 2013, by OMB under control number 1212-0007. PBGC intends to request that OMB approve the revised collection of information for three years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC estimates that it will receive 29,800 premium filings per year from 24,500 plan administrators under this collection of information. PBGC further estimates that the average annual burden of this collection of information is 8,200 hours and \$54,140,000.

PBGC is soliciting public comments to

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodologies and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the

use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Issued in Washington, DC, this 26th day of January, 2012.

John H. Hanley,

*Director, Legislative and Regulatory
Department, Pension Benefit Guaranty
Corporation.*

BILLING CODE 7709-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-66242; File No.10-206]

BOX Options Exchange LLC; Notice of Filing of Application, as Amended, for Registration as a National Securities Exchange Under Section 6 of the Securities Exchange Act of 1934

January 26, 2012.

On December 19, 2011, BOX Options Exchange LLC (the "Applicant" or "BOX Exchange") submitted to the Securities and Exchange Commission ("Commission") a Form 1 application under the Securities Exchange Act of 1934 ("Exchange Act"), seeking registration as a national securities exchange under Section 6 of the Exchange Act.¹ On December 28, 2011, the Applicant submitted Amendment No. 1 to its Form 1 application.² The Commission is publishing this notice to solicit comments on the Applicant's Form 1 application, as amended. The Commission will take these comments into consideration in making its determination about whether to grant the Applicant's request to be registered as a national securities exchange. The Commission will grant the registration if it finds that the requirements of the Exchange Act and the rules and regulations thereunder with respect to the Applicant are satisfied.³

The Applicant's Form 1 application, as amended, provides detailed information on how it proposes to satisfy the requirements of the Exchange

Act. BOX Market LLC ("BOX Market"), a wholly-owned subsidiary of BOX Holdings Group LLC ("BOX Holdings") would own and operate the options trading platform as a facility of the Applicant. Specifically, BOX Market would operate the Boston Options Exchange ("BOX") options trading platform, which would be operated as a facility of the Applicant, as the successor-in-interest to BOX Options Exchange Group, LLC, which currently operates BOX. BOX would be an all-electronic marketplace for the trading of listed options and would not maintain a physical trading floor. Liquidity on BOX would be derived from orders to buy and orders to sell submitted electronically by order flow providers, as well as from market makers, which would have certain market making obligations. The Applicant's Form 1 application is available at the Commission's Public Reference Room and www.sec.gov.

Interested persons are invited to submit written data, views, and arguments concerning the Applicant's Form 1 application, as amended, including whether the application is consistent with the Exchange Act. In addition to any other areas for which interested persons may wish to submit comments, the Commission seeks comment on the proposed corporate structure of the Applicant. In order to approve the registration, the Commission must find that the Applicant is "so organized and has the capacity to be able to carry out the purposes of [the Exchange Act]." ⁴ As noted above, the Applicant, BOX Exchange, would be a separate corporate entity from BOX Market, the owner and operator of its trading facility, BOX. BOX Market would in turn be owned by BOX Holdings. As discussed in further detail in the Form 1 documents, the same persons would own BOX Exchange and BOX Holdings, albeit in different percentages. The Commission requests comment on all aspects of this proposed structure, including:

- Commenters views on the registration of an entity as a national securities exchange that does not own or operate its trading facility.

- How, if at all, the proposed corporate structure (including that the Applicant will not own the facility) potentially would impact the ability of the Applicant to carry out its statutory obligations to regulate and oversee BOX. If commenters believe there would be an impact, and that the impact could be detrimental, what, if any, steps do

commenters think the Commission could take to address the potential impact?

- How, if at all, the proposed corporate structure potentially would impact the ability of the Commission to carry out its oversight responsibilities with respect to BOX Exchange and its trading facility BOX.

- What are commenters' views as to whether the separation of the regulatory and oversight function of the Applicant from the market operations function in the manner proposed would have an impact on the independence of the regulatory function of the Applicant and its ability to fulfill its responsibilities? If commenters believe that there would be an impact, please describe the nature of the impact and the reasoning as to why they believe it would occur.

Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number 10-206 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, Station Place, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number 10-206. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the Applicant's Form 1 applications filed with the Commission, and all written communications relating to the application between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make

¹ On January 26, 2012, the Commission issued an order granting the Applicant exemptive relief, subject to certain conditions, in connection with the filing of its Form 1 application. See Securities Exchange Act Release No. 66241. Because the Applicant's Form 1 application was incomplete without the exemptive relief, the date of filing of such application is January 26, 2012.

² Amendment No. 1, among other things, provides the unconsolidated financial statements for certain affiliates of the Applicant that are required in Exhibit D to Form 1 but were not included in the Applicant's initial Form 1 application. In its initial Form 1 application, the Applicant only submitted consolidated financials for certain of these affiliates.
