BILLING CODE 4910-13-P

DEPARTMENT OF COMMERCE**Bureau of Industry and Security****15 CFR Part 744**

[Docket No. 220818-0172]

RIN 0694-AI79

Additions of Entities to the Entity List**AGENCY:** Bureau of Industry and Security, Department of Commerce.**ACTION:** Final rule.

SUMMARY: The Department of Commerce is amending the Export Administration Regulations (EAR) by adding seven entities under seven entries to the Entity List. These entities have been determined by the U.S. Government to be acting contrary to the national security or foreign policy interests of the United States and will be listed on the Entity List under the destination of the People's Republic of China (China). This final rule also corrects typographical errors in two existing entries on the Entity List.

DATES: This rule is effective August 24, 2022.

FOR FURTHER INFORMATION CONTACT: Chair, End-User Review Committee, Office of the Assistant Secretary for Export Administration, Bureau of Industry and Security, Department of Commerce, Phone: (202) 482-5991, Email: ERC@bis.doc.gov.

SUPPLEMENTARY INFORMATION:**Background***Additions to the Entity List*

The Entity List (supplement No. 4 to part 744 of the EAR (15 CFR parts 730-774)) identifies entities for which there is reasonable cause to believe, based on specific and articulable facts, that the entities have been involved, are

involved, or pose a significant risk of being or becoming involved in activities contrary to the national security or foreign policy interests of the United States, pursuant to § 744.11(b). The EAR imposes additional license requirements on, and limits the availability of, most license exceptions for exports, reexports, and transfers (in-country) to listed entities. The license review policy for each listed entity is identified in the "License Review Policy" column on the Entity List, and the impact on the availability of license exceptions is described in the relevant **Federal Register** document that added the entity to the Entity List. The Bureau of Industry and Security (BIS) places entities on the Entity List pursuant to part 744 (Control Policy: End-User and End-Use Based) and part 746 (Embargoes and Other Special Controls) of the EAR.

The End-User Review Committee (ERC), composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from, or other modifications to the Entity List. The ERC makes all decisions to add an entry to the Entity List by majority vote and makes all decisions to remove or modify an entry by unanimous vote. This rule implements the ERC's decisions to add seven entities to the Entity List on the basis of § 744.11(b). Paragraphs (b)(1) through (5) of § 744.11 include an illustrative list of activities that could be contrary to the national security or foreign policy interests of the United States.

The ERC determined to add China Aerospace Science and Technology Corporation (CASC) 9th Academy 771 Research Institute, China Aerospace Science and Technology Corporation (CASC) 9th Academy 772 Research Institute, China Academy of Space Technology 502 Research Institute, China Academy of Space Technology

513 Research Institute, China Electronics Technology Group Corporation 43 Research Institute, China Electronics Technology Group Corporation 58 Research Institute, and Zhuhai Orbita Control Systems to the Entity List for acquiring and attempting to acquire U.S.-origin items in support of China's military modernization efforts. This activity is contrary to national security and foreign policy interests under § 744.11(b) of the EAR. For these seven entities added to the Entity List, BIS imposes a license requirement for all items subject to the EAR. For these seven entities, BIS will review license applications under a presumption of denial.

For the reasons described above, this final rule adds the following seven entities under seven entries to the Entity List and includes, where appropriate, aliases:

China

- China Aerospace Science and Technology Corporation (CASC) 9th Academy 771 Research Institute,
- China Aerospace Science and Technology Corporation (CASC) 9th Academy 772 Research Institute,
- China Academy of Space Technology 502 Research Institute,
- China Academy of Space Technology 513 Research Institute,
- China Electronics Technology Group Corporation 43 Research Institute,
- China Electronics Technology Group Corporation 58 Research Institute, and
- Zhuhai Orbita Control Systems

Corrections to the Entity List

This final rule also makes typographical corrections to two existing entities on the Entity List. Beijing Tianhua and Tenfine Ltd. are revised by correcting "Haidain" to "Haidian" in their addresses.

Savings Clause

For the changes being made in this final rule, shipments of items removed from eligibility for a License Exception or export, reexport, or transfer (in-country) without a license (NLR) as a result of this regulatory action that were en route aboard a carrier to a port of export, reexport, or transfer (in-country), on August 24, 2022, pursuant to actual orders for export, reexport, or transfer (in-country) to or within a foreign destination, may proceed to that destination under the previous eligibility for a License Exception or export, reexport, or transfer (in-country) without a license (NLR).

Export Control Reform Act of 2018

On August 13, 2018, the President signed into law the John S. McCain National Defense Authorization Act for Fiscal Year 2019, which included the Export Control Reform Act of 2018 (ECRA) (50 U.S.C. 4801–4852). ECRA provides the legal basis for BIS's principal authorities and serves as the authority under which BIS issues this rule.

Rulemaking Requirements

1. This rule has been determined to be not significant for purposes of Executive Order 12866.

2. Notwithstanding any other provision of law, no person is required to respond to or be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This regulation involves collections previously approved by OMB under control

number 0694–0088, Simplified Network Application Processing System, which includes, among other things, license applications and commodity classifications, and carries a burden estimate of 29.4 minutes for a manual or electronic submission for a total burden estimate of 33,133 hours. Total burden hours associated with the PRA and OMB control number 0694–0088 are not expected to increase as a result of this rule.

3. This rule does not contain policies with federalism implications as that term is defined in Executive Order 13132.

4. Pursuant to section 1762 of the Export Control Reform Act of 2018, this action is exempt from the Administrative Procedure Act (5 U.S.C. 553) requirements for notice of proposed rulemaking, opportunity for public participation, and delay in effective date.

5. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule by 5 U.S.C. 553, or by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, are not applicable. Accordingly, no regulatory flexibility analysis is required and none has been prepared.

List of Subjects in 15 CFR Part 744

Exports, Reporting and recordkeeping requirements, Terrorism.

Accordingly, part 744 of the Export Administration Regulations (15 CFR parts 730–774) is amended as follows:

PART 744—CONTROL POLICY: END-USER AND END-USE BASED

■ 1. The authority citation for 15 CFR part 744 continues to read as follows:

Authority: 50 U.S.C. 4801–4852; 50 U.S.C. 4601 *et seq.*; 50 U.S.C. 1701 *et seq.*; 22 U.S.C. 3201 *et seq.*; 42 U.S.C. 2139a; 22 U.S.C. 7201 *et seq.*; 22 U.S.C. 7210; E.O. 12058, 43 FR 20947, 3 CFR, 1978 Comp., p. 179; E.O. 12851, 58 FR 33181, 3 CFR, 1993 Comp., p. 608; E.O. 12938, 59 FR 59099, 3 CFR, 1994 Comp., p. 950; E.O. 13026, 61 FR 58767, 3 CFR, 1996 Comp., p. 228; E.O. 13099, 63 FR 45167, 3 CFR, 1998 Comp., p. 208; E.O. 13222, 66 FR 44025, 3 CFR, 2001 Comp., p. 783; E.O. 13224, 66 FR 49079, 3 CFR, 2001 Comp., p. 786; Notice of September 15, 2021, 86 FR 52069 (September 17, 2021); Notice of November 10, 2021, 86 FR 62891 (November 12, 2021).

■ 2. Supplement No. 4 to part 744 is amended under CHINA, PEOPLE'S REPUBLIC OF:

■ a. By revising the entry for “Beijing Tianhua”;

■ a. By adding, in alphabetical order, entries for “China Aerospace Science and Technology Corporation (CASC) 9th Academy 771 Research Institute”, “China Aerospace Science and Technology Corporation (CASC) 9th Academy 772 Research Institute”, “China Academy of Space Technology 502 Research Institute, China Academy of Space Technology 513 Research Institute”, “China Electronics Technology Group Corporation 43 Research Institute”, “China Electronics Technology Group Corporation 58 Research Institute”;

■ c. By revising the entry for “Tenfine Ltd.”, and

■ d. By adding, in alphabetical order, an entry for “Zhuhai Orbita Control Systems”.

The additions and revisions read as follows:

BILLING CODE 3510–33–P

DEPARTMENT OF THE TREASURY

Alcohol and Tobacco Tax and Trade Bureau

27 CFR Part 24

[Docket No. TTB–2016–0010; T.D. TTB–185;
Re: Notice No. 164]

RIN 1513–AB61

Wine Treating Materials and Related Regulations

AGENCY: Alcohol and Tobacco Tax and
Trade Bureau, Treasury.

ACTION: Final rule; Treasury decision.

SUMMARY: The Alcohol and Tobacco Tax and Trade Bureau (TTB) is amending its regulations pertaining to the production of wine to add to the list of materials and processes authorized for the treatment of wine and of the juice from which wine is made, and to expand the authorized uses of certain materials already authorized under the regulations. TTB is finalizing amendments to the regulations proposed in a notice of proposed rulemaking, Notice No. 164, with some changes in response to comments received. Adding these wine treating materials and processes to the TTB regulations will increase the acceptability in export markets of wine produced using these materials and processes.

DATES: This final rule is effective August 24, 2022.

I. Background

A. TTB Authority

TTB authorizes the use of certain wine treating materials and processes under the authority of chapter 51 of the Internal Revenue Code of 1986, as amended (IRC), 26 U.S.C. chapter 51. Specifically, certain provisions of the IRC apply to the production of “natural wine,” which is defined at 26 U.S.C. 5381 as the product of the juice or must of sound, ripe grapes or other sound, ripe fruit, made with such cellar treatment as authorized under the IRC at 26 U.S.C. 5382. Section 5382(a) of the IRC (26 U.S.C. 5382(a)) provides that proper cellar treatment of natural wine constitutes those practices and procedures in the United States, of using various methods and materials to correct or stabilize the wine, or the fruit juice from which it is made, so as to produce a finished product acceptable in good commercial practice as prescribed by regulation. Section 5382(c) authorizes the Secretary of the Treasury (Secretary) to prescribe, by regulation, limitations on the preparation and use of methods and materials for clarifying, stabilizing, preserving, fermenting, and correcting wine and juice. In addition, section 5387(a) of the IRC (26 U.S.C. 5387(a)),

which authorizes the production of agricultural wine from agricultural products other than the juice of fruit, provides that such agricultural wine must be made in accordance with good commercial practice as prescribed by regulation and may be cellar treated in accordance with sections 5382(a) and (c) of the IRC.

TTB administers chapter 51 of the IRC and its implementing regulations pursuant to section 1111(d) of the Homeland Security Act of 2002, as codified at 6 U.S.C. 531(d). The Secretary has delegated certain administrative and enforcement authorities to TTB through Treasury Order 120–01.

The regulations promulgated under these authorities are set forth in part 24 of title 27 of the Code of Federal Regulations (27 CFR part 24). The TTB regulations at 27 CFR 24.246 list materials authorized for the treatment of wine and juice; 27 CFR 24.247 lists materials authorized for the treatment of distilling material used in the production of wine; and 27 CFR 24.248 lists processes authorized for the treatment of wine, juice, and distilling material. The materials and processes listed in these regulatory sections are approved as being consistent with good commercial practice in the production, cellar treatment, or finishing of wine, and where applicable in the treatment of juice and distilling material, within limitations provided.

B. Process for Approval of Wine Treating Materials

Industry members wanting to use a treating material or process not specifically authorized in part 24 may request authorization to do so. TTB may administratively approve the use of treating materials and processes not listed in the regulations, either as an experiment under 27 CFR 24.249 or for continual use (acceptable in good commercial practice) under 27 CFR 24.250. Applicants for such approvals must submit to TTB a request describing the material or process and the purpose, manner, and extent to which the material or process is to be used; certain samples and test results; and any other relevant information, as described in the regulations. If the request is for the approval of a material, the applicant must also submit documentary evidence of the U.S. Food and Drug Administration (FDA) approval of the material for its intended purpose in the amounts, along with the recommended minimum and maximum amounts of the material, if any. Consistent with §§ 24.246, 24.247, and 24.248, TTB may approve the use of treating materials
