SUPPLEMENTARY INFORMATION:

Background

The Summit will build on the momentum from last year's summit

bringing together senior transportation officials, elected officials, safety advocates, law enforcement representatives, private sector representatives and academics to address a range of issues related to reducing accidents through enforcement, public awareness and education. Authoritative speakers from around the nation will lead interactive panel discussions on a number of key topics including the extent and impact of distracted driving, current research, regulations and best practices.

The U.S. Department of Transportation is committed to providing equal access to this Summit. Based on limited seating and to accommodate the strong interest outside the Washington area, the Summit will be available live by Webcast and members of the public will be given the opportunity to submit questions or comments online for each individual panel discussion. The Department has also created a Web site to provide information and updates on the Summit as details become available: <http://www.distracted.gov/2010summit/>. If you need alternative formats or services because of a disability, please contact Thomas Bolle with your specific request by September 13, 2010.

Exhibit Space for this year's Summit will be handled separately by the National Organizations for Youth Safety. Thus, anyone who wishes to request exhibit space for the Summit should contact the National Organizations for Youth Safety directly. Questions pertaining to exhibit space should be directed to Nicole Graziosi by phone at 571-377-0903 or by e-mail at ngraziosi@noys.org.
