

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Indian Health Service

Tribal Management Grant Program

Announcement Type: New and Competing Continuation.

Funding Announcement Number: HHS–2013–IHS–TMD–0001.

Catalog of Federal Domestic Assistance Number: 93.228.

Key Dates

Application Deadline Date: May 31, 2013.

Review Date: July 8–12, 2013.

Earliest Anticipated Start Date: September 1, 2013.

Signed Tribal Resolutions Due Date: July 7, 2013.

I. Funding Opportunity Description

Statutory Authority

The Indian Health Service (IHS) is accepting competitive grant applications for the Tribal Management Grant (TMG) Program. This program is authorized under: 25 U.S.C. 450h(b)(2) and 25 U.S.C. 450h(e) of the Indian Health Self-Determination and Education Assistance Act (ISDEAA), Public Law (Pub. L.) 93–638, as amended. This program is described in the Catalog of Federal Domestic Assistance under 93.228.

Background

The TMG Program is a competitive grant program that is capacity building and developmental in nature and has been available for Federally-recognized Indian Tribes and Tribal organizations (T/TO) since shortly after the passage of the ISDEAA in 1975. It was established to assist T/TO to assume all or part of existing IHS programs, functions, services, and activities (PFSA) and further develop and improve their health management capability. The TMG Program provides discretionary competitive grants to T/TO to establish goals and performance measures for current health programs; assess current management capacity to determine if new components are appropriate; analyze programs to determine if T/TO management is practicable; and develop infrastructure systems to manage or organize PFSA.

Purpose

The purpose of this IHS grant announcement is to announce the availability of the TMG Program to enhance and develop health management infrastructure and assist T/TO in assuming all or part of existing

IHS PSFA through a Title I contract and assist established Title I contractors and Title V compactors to further develop and improve their management capability. In addition, TMGs are available to T/TO under the authority of 25 U.S.C. 450h(e) for: (1) Obtaining technical assistance from providers designated by the T/TO (including T/TO that operate mature contracts) for the purposes of program planning and evaluation, including the development of any management systems necessary for contract management and the development of cost allocation plans for indirect cost rates; and (2) the planning, designing, monitoring, and evaluation of Federal programs serving the T/TO, including Federal administrative functions.

II. Award Information

Type of Award

Grant.

Estimated Funds Available

The total amount of funding identified for the current fiscal year 2013 is approximately \$2,679,000. Individual award amounts are anticipated to be between \$50,000 and \$100,000. All competing and continuation awards issued under this announcement are subject to the availability of funds. In the absence of funding, the IHS is under no obligation to make any awards selected for funding under this announcement.

Anticipated Number of Awards

Approximately 20–25 awards will be issued under this program announcement.

Project Period

The project periods vary based on the project type selected. Project periods could run from one, two, or three years and will run consecutively from the earliest anticipated start date of September 1, 2013 through August 31, 2014, for one year projects; September 1, 2013 through August 31, 2015 for two year projects; and September 1, 2013 through August 31, 2016 for three year projects. Please refer to “Eligible TMG Project Types, Maximum Funding Levels and Project Periods” below for additional details. State the number of years for the project period and include the exact dates.

III. Eligibility Information

I. Eligibility

Eligible Applicants: “Indian Tribes” and “Tribal organizations” (T/TO) as defined by the ISDEAA, are eligible to apply for the TMG Program. The

definitions for each entity type are outlined below. Only one application per T/TO is allowed.

Definitions: “Indian Tribe” means any Indian tribe, band, nation, or other organized group or community, including any Alaska Native village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims Settlement Act (85 Stat. 688) [43 U.S.C. 1601 et seq.], which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians. 25 U.S.C. 450b(e).

“Tribal organization” means the recognized governing body of any Indian tribe; any legally established organization of Indians which is controlled, sanctioned, or chartered by such governing body or which is democratically elected by the adult members of the Indian community to be served by such organization and which includes the maximum participation of Indians in all phases of its activities. 25 U.S.C. 450b(l).

Tribal organizations must provide proof of non-profit status. Tribal organizations are eligible to receive this grant only if it is incorporated for the primary purpose of improving AI/AN health, and it is representing the Tribes or AN villages in which it is located.

Full competition announcement: This is a full competition announcement.

Eligible TMG Project Types,

Maximum Funding Levels and Project

Periods: The TMG Program consists of four project types: (1) Feasibility study; (2) planning; (3) evaluation study; and (4) health management structure.

Applicants may submit applications for one project type only. Applicants must state the project type selected.

Applications that address more than one project type will be considered ineligible. The maximum funding levels noted include both direct and indirect costs. Applicant budgets may not exceed the maximum funding level or project period identified for a project type. Applicants whose budget or project period exceed the maximum funding level or project period will be deemed ineligible and will not be reviewed. Please refer to Section IV.5, “Funding Restrictions” for further information regarding ineligible project activities.

1. Feasibility Study (Maximum Funding/Project Period: \$70,000/12 Months)

The Feasibility Study must include a study of a specific IHS program or segment of a program to determine if Tribal management of the program is possible. The study shall present the

planned approach, training, and resources required to assume Tribal management of the program. The study must include the following four components:

- Health needs and health care services assessments that identify existing health care services and delivery systems, program divisibility issues, health status indicators, unmet needs, volume projections, and demand analysis.
- Management analysis of existing management structures, proposed management structures, implementation plans and requirements, and personnel staffing requirements and recruitment barriers.
- Financial analysis of historical trends data, financial projections and new resource requirements for program management costs and analysis of potential revenues from Federal/non-Federal sources.
- Decision statement/report that incorporates findings, conclusions and recommendations; the presentation of the study and recommendations to the Tribal governing body for determination regarding whether Tribal assumption of program(s) is desirable or warranted.

2. PLANNING (Maximum Funding/Project Period: \$50,000/12 Months)

Planning projects entail a collection of data to establish goals and performance measures for the operation of current health programs or anticipated PFSA under a Title I contract. Planning projects will specify the design of health programs and the management systems (including appropriate policies and procedures) to accomplish the health priorities of the T/TO. For example, planning projects could include the development of a Tribal Specific Health Plan or a Strategic Health Plan, etc. Please note that updated Healthy People information and Healthy People 2020 objectives are available in electronic format at the following Web site: <http://www.health.gov/healthypeople/publications>. The Public Health Service (PHS) encourages applicants submitting strategic health plans to address specific objectives of Healthy People 2020.

3. Evaluation Study (Maximum Funding/Project Period: \$50,000/12 Months)

The Evaluation Study must include a systematic collection, analysis, and interpretation of data for the purpose of determining the value of a program. The extent of the evaluation study could relate to the goals and objectives, policies and procedures, or programs regarding targeted groups. The evaluation study could also be used to

determine the effectiveness and efficiency of a Tribal program operation (i.e., direct services, financial management, personnel, data collection and analysis, third-party billing, etc.), as well as to determine the appropriateness of new components of a Tribal program operation that will assist Tribal efforts to improve their health care delivery systems.

4. Health Management Structure (Average Funding/Project Period: \$100,000/12 months; maximum funding/project period: \$300,000/36 months)

The first year maximum funding level is limited to \$150,000 for multi-year projects. The Health Management Structure component allows for implementation of systems to manage or organize PFSA. Management structures include health department organizations, health boards, and financial management systems; including systems for accounting, personnel, third-party billing, medical records, management information systems, etc. This includes the design, improvement, and correction of management systems that address weaknesses identified through quality control measures, internal control reviews, and audit report findings under the Office of Management and Budget (OMB) *OMB Circular A-133*, Audits of States, Local Governments and Non-Profit Organizations and ISDEAA requirements. The OMB Circular A-133 can be found at the following Web site: http://www.whitehouse.gov/omb/circulars_default.

For the minimum standards for the management systems used by Indian T/TO when carrying out self-determination contracts, please see 25 CFR Part 900, Contracts Under the Indian Self-Determination and Education Assistance Act, Subpart F—“Standards for Tribal or Tribal Organization Management Systems,” §§ 900.35–900.60. For operational provisions applicable to carrying out Self-Governance compacts, please see 42 CFR Part 137, Tribal Self-Governance, Subpart I, “Operational Provisions” §§ 137.160–137.220.

Please see Section IV “Application and Submission Information” for information on how to obtain a copy of the TMG application package.

Note: Please refer to Section IV.2 (Application and Submission Information/Subsection 2, Content and Form of Application Submission) for additional proof of applicant status documents required such as Tribal resolutions, proof of non-profit status, etc.

2. Cost Sharing or Matching

The IHS does not require matching funds or cost sharing for grants or cooperative agreements.

3. Other Requirements

If application budgets exceed the highest dollar amount outlined under the “Estimated Funds Available” section within this funding announcement, the application will be considered ineligible and will not be reviewed for further consideration. If deemed ineligible, IHS will not return the application. The applicant will be notified by email by the Division of Grants Management (DGM) of this decision.

Tribal Resolution

A. Tribal Resolution—A resolution of the Indian Tribe served by the project must accompany the application submission. This can be attached to the electronic application. An Indian Tribe that is proposing a project affecting another Indian Tribe must include resolutions from all affected Tribes to be served. Applications by Tribal organizations will not require a specific Tribal resolution if the current Tribal resolution(s) under which they operate would encompass the proposed grant activities. Draft resolutions are acceptable in lieu of an official resolution. However, an official signed Tribal resolution must be received by the DGM prior to the beginning of the Objective Review. If an official signed resolution is not received by the Review Date listed under the Key Dates section on page one of this announcement, the application will be considered incomplete and ineligible.

B. Tribal organizations applying for technical assistance and/or training grants must submit documentation that the Tribal organization is applying upon the request of the Indian Tribe/Tribes it intends to serve.

C. Documentation for Priority I Participation requires a copy of the **Federal Register** notice or letter from the Bureau of Indian Affairs verifying establishment of Federally-recognized Tribal status within the last five years. The date on the documentation must reflect that Federal recognition was received during or after March 2008.

D. Documentation for Priority II Participation requires a copy of the most current transmittal letter and Attachment A from the Department of Health and Human Services (HHS), Office of Inspector General (OIG), National External Audit Review Center (NEAR). See “FUNDING PRIORITIES” below for more information. If an

applicant is unable to locate a copy of their most recent transmittal letter or needs assistance with audit issues, information or technical assistance may be obtained by contacting the IHS, Office of Finance and Accounting, Division of Audit at (301) 443-1270, or the NEAR help line at (800) 732-0679 or (816) 426-7720. Federally-recognized Indian Tribes or Tribal organizations not subject to Single Audit Act requirements must provide a financial statement identifying the Federal dollars in the footnotes. The financial statement must also identify specific weaknesses/recommendations that will be addressed in the TMG proposal and that are related to 25 CFR Part 900, Subpart F—“Standards for Tribal and Tribal Organization Management Systems.”

E. Documentation of Consortium Participation—If an Indian Tribe submitting an application is a member of an eligible intertribal consortium, the Tribe must:

- Identify the consortium.
- Indicate if the consortium intends to submit a TMG application.
- Demonstrate that the Tribe’s application does not duplicate or overlap any objectives of the consortium’s application.
- Identify all of the consortium member Tribes.
- Identify if any of the member Tribes intend to submit a TMG application of their own.
- Demonstrate that the consortium’s application does not duplicate or overlap any objectives of the other consortium members who may be submitting their own TMG application.

Funding Priorities: The IHS has established the following funding priorities for TMG awards:

- Priority I—Any Indian Tribe that has received Federal recognition (including restored, funded, or unfunded) within the past five years, specifically received during or after March 2008, will be considered Priority I.
- Priority II—All other eligible Federally-recognized Indian Tribes or Tribal organizations submitting a competing continuation application or a new application for the sole purpose of addressing audit material weaknesses will be considered Priority II.

Note the following definitions:

Audit finding means deficiencies which the auditor is required by OMB Circular A-133, Subpart E ‘Auditors’, Section 510 ‘Audit findings’, Subsection (a) ‘Audit findings reported’, to report in the schedule of findings and questioned costs. Circular No. A-133 can be found

at <http://www.whitehouse.gov/omb/circulars/default>.

Material weakness—The “Statements on Auditing Standards 115” defines material weakness as a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis.

Source: http://www.whitehouse.gov/sites/default/files/omb/fedreg/2007/062607_audits.pdf.

Significant deficiency—The Statements on Auditing Standards 115 defines significant deficiency as a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Source: http://www.whitehouse.gov/sites/default/files/omb/fedreg/2007/062607_audits.pdf.

The audit findings are identified in Attachment A of the transmittal letter received from the HHS/OIG/NEAR. Please identify the material weaknesses to be addressed by underlining the item(s) listed on Attachment A.

Federally-recognized Indian Tribes or Tribal organizations not subject to Single Audit Act requirements must provide a financial statement identifying the Federal dollars received in the footnotes. The financial statement should also identify specific weaknesses/recommendations that will be addressed in the TMG proposal and that are related to 25 CFR Part 900, Subpart F—“Standards for Tribal and Tribal Organization Management Systems.”

Priority II participation is only applicable to the Health Management Structure project type. For more information, see “Eligible TMG Project Types, Maximum Funding Levels and Project Periods” in Section II.

• Priority III—All other eligible Federally-recognized Indian Tribes or Tribal Organizations submitting a competing continuation application or a new application will be considered Priority III.

The funding of approved Priority I applicants will occur before the funding of approved Priority II applicants. Priority II applicants will be funded before approved Priority III applicants. Funds will be distributed until depleted.

Please refer to Section IV, “Application and Submission Information,” particularly Item 5, “Funding Restrictions” and Section V, “Application Review/Information”

regarding other application submission information and/or requirements.

Letters of Intent will not be required under this funding opportunity announcement.

An applicant submitting any of the above additional documentation after the initial application submission due date is required to ensure the information was received by the IHS by obtaining documentation confirming delivery (i.e. FedEx tracking, postal return receipt, etc.).

IV. Application and Submission Information

1. Obtaining Application Materials

The application package and detailed instructions for this announcement can be found at <http://www.Grants.gov> or https://www.ihs.gov/dgm/index.cfm?module=dsp_dgm_funding.

Questions regarding the electronic application process may be directed to Mr. Paul Gettys, Grants Systems Coordinator, at (301) 443-2114.

2. Content and Form Application Submission

The applicant must include the project narrative as an attachment to the application package. Mandatory documents for all applicants include:

- Table of contents.
- Abstract (one page) summarizing the project.
- Application forms:
 - SF-424, Application for Federal Assistance.
 - SF-424A, Budget Information—Non-Construction Programs.
 - SF-424B, Assurances—Non-Construction Programs.
- Budget Justification and Narrative (must be single spaced and not exceed five pages).
- Project Narrative (must be single spaced and not exceed 14 pages).
- Background information on the Tribe.
- Proposed scope of work, objectives, and activities that provide a description of what will be accomplished, including a one-page Timeframe Chart.
- Tribal Resolution or Tribal Letter of Support (Tribal Organizations only).
- Letter of Support from Organization’s Board of Directors.
- 501(c)(3) Certificate (if applicable).
- Biographical sketches for all Key Personnel.
- Contractor/Consultant resumes or qualifications and scope of work.
- Disclosure of Lobbying Activities (SF-LLL).
- Certification Regarding Lobbying (GG-Lobbying Form).
- Copy of current Negotiated Indirect Cost rate (IDC) agreement (required) in order to receive IDC.

- Organizational Chart (optional).
- Documentation of current OMB A-133 required Single Audit (if applicable).

Acceptable forms of documentation include:

- Email confirmation from Federal Audit Clearinghouse (FAC) that audits were submitted; or
- Face sheets from audit reports.

These can be found on the FAC Web site: <http://harvester.census.gov/sac/dissemin/accessoptions.html?submit=Go+To+Database>

Public Policy Requirements

All Federal-wide public policies apply to IHS grants with exception of the Discrimination policy.

Requirements for Project and Budget Narratives

A. Project Narrative

This narrative should be a separate Word document that is no longer than 14 pages and must: Be single-spaced, be type written, have consecutively numbered pages, use black type not smaller than 12 characters per one inch, and be printed on one side only of standard size 8½" x 11" paper.

Be sure to succinctly answer all questions listed under the evaluation criteria (refer to Section V.1, Evaluation criteria in this announcement) and place all responses and required information in the correct section (noted below), or they will not be considered or scored. These narratives will assist the Objective Review Committee (ORC) in becoming more familiar with the grantee's activities and accomplishments prior to this grant award. If the narrative exceeds the page limit, only the first 14 pages will be reviewed. The 14-page limit for the narrative does not include the work plan, standard forms, Tribal resolutions, table of contents, budget, budget justifications, narratives, and/or other appendix items.

There are three parts to the narrative: Part A—Program Information; Part B—Program Planning and Evaluation; and Part C—Program Report. See below for additional details about what must be included in the narrative.

Part A: Program Information (4 Pages)

Section 1: Needs

Describe how the T/TO has determined the need to either enhance or develop its management capability to either assume PSFAs or not in the interest of self-determination. Note the progression of previous TMG projects/awards.

Part B: Program Planning and Evaluation (11 Pages)

Section 1: Program Plans

Describe fully and clearly the direction the T/TO plans to take with the selected TMG project type including how the T/TO plans to demonstrate improved health and services to the community it serves. Include proposed timelines.

Section 2: Program Evaluation

Describe fully and clearly the improvements that will be made by the T/TO that will impact their management capability or prepare them for future improvements to their organization that will allow them to manage their health care system and identify the anticipated or expected benefits for the Tribe.

Part C: Program Report (3 Pages)

Section 1: Describe major Accomplishments over the last 24 months.

Please identify and describe significant program achievements associated with the delivery of quality health services. Provide a comparison of the actual accomplishments to the goals established for the project period, or if applicable, provide justification for the lack of progress.

Section 2: Describe major Activities over the last 24 months.

Please identify and summarize recent major health related project activities of the work done during the project period.

B. Budget Narrative

This narrative must describe the budget requested and match the scope of work described in the project narrative. The budget narrative should not exceed five pages.

3. Submission Dates and Times

Applications must be submitted electronically through Grants.gov by 12:00 a.m., midnight Eastern Daylight Time (EDT) on the Application Deadline Date listed in the Key Dates section on page one of this announcement. Any application received after the application deadline will not be accepted for processing, nor will it be given further consideration for funding. The applicant will be notified by the DGM via email of this decision.

If technical challenges arise and assistance is required with the electronic application process, contact Grants.gov Customer Support via email to support@grants.gov or at (800) 518-4726. Customer Support is available to address questions 24 hours a day, 7 days a week (except on Federal holidays). If problems persist, contact Mr. Paul

Gettys, DGM (Paul.Gettys@ihs.gov) at (301) 443-2114. Please be sure to contact Mr. Gettys at least ten days prior to the application deadline. Please do not contact the DGM until you have received a Grants.gov tracking number. In the event you are not able to obtain a tracking number, call the DGM as soon as possible.

If the applicant needs to submit a paper application instead of submitting electronically via Grants.gov, prior approval must be requested and obtained (see Section IV.6 below for additional information). The waiver must be documented in writing (emails are acceptable), before submitting a paper application. A copy of the written approval must be submitted along with the hardcopy that is mailed to the DGM. Once the waiver request has been approved, the applicant will receive a confirmation of approval and the mailing address to submit the application. Paper applications that are submitted without a waiver from the Acting Director of DGM will not be reviewed or considered further for funding. The applicant will be notified via email of this decision by the Grants Management Officer of DGM. Paper applications must be received by the DGM no later than 5:00 p.m., EDT, on the Application Deadline Date listed in the Key Dates section on page one of this announcement. Late applications will not be accepted for processing or considered for funding.

4. Intergovernmental Review

Executive Order 12372 requiring intergovernmental review is not applicable to this program.

5. Funding Restrictions

- Pre-award costs are not allowable.
- The available funds are inclusive of direct and appropriate indirect costs.
- Only one grant/cooperative agreement will be awarded per applicant.
- IHS will not acknowledge receipt of applications.
- The TMG may not be used to support recurring operational programs or to replace existing public and private resources. Funding received under a recurring Public Law 93-638 contract cannot be totally supplanted or totally replaced. Exception is allowed to charge a portion or percentage of salaries of existing staff positions involved in implementing the TMG grant, if applicable. However, this percentage of TMG funding must reflect supplementation of funding for the project not supplantation of existing ISDEAA contract funds. Supplementation is "adding to a

program” whereas supplantation is “taking the place of” funds. An entity cannot use the TMG funds to supplant the ISDEAA contract or recurring funding.

- **Ineligible Project Activities**—The inclusion of the following projects or activities in an application will render the application ineligible.

- Planning and negotiating activities associated with the intent of a Tribe to enter the IHS Self-Governance Project. A separate grant program is administered by the IHS for this purpose. Prospective applicants interested in this program should contact Mrs. Anna Johnson, Program Analyst, Office of Tribal Self-Governance, Indian Health Service, Reyes Building, 801 Thompson Avenue, Suite 240, Rockville, Maryland 20852, (301) 443-7821, and request information concerning the “Tribal Self-Governance Program Planning Cooperative Agreement Announcement” or the “Negotiation Cooperative Agreement Announcement.”

- Projects related to water, sanitation, and waste management.

- Projects that include direct patient care and/or equipment to provide those medical services to be used to establish or augment or continue direct patient clinical care. Medical equipment that is allowable under the Special Diabetes Grant Program is not allowable under the TMG Program.

- Projects that include recruitment efforts for direct patient care services.

- Projects that include long-term care or provision of any direct services.

- Projects that include tuition, fees, or stipends for certification or training of staff to provide direct services.

- Projects that include pre-planning, design, and planning of construction for facilities, including activities relating to program justification documents.

- Projects that propose more than one project type. Refer to Section II, “Award Information,” specifically “Eligible TMG Project Types, Maximum Funding Levels and Project Periods” for more information. An example of a proposal with more than one project type that would be considered ineligible may include the creation of a strategic health plan (defined by TMG as a planning project type) and improving third-party billing structures (defined by TMG as a health management structure project type). Multi-year applications that include in the first year planning, evaluation, or feasibility activities with the remainder of the project years addressing management structure are also deemed ineligible.

- **Other Limitations**—A current TMG recipient cannot be awarded a new,

renewal, or competing continuation grant for any of the following reasons:

- The grantee will be administering two TMGs at the same time or have overlapping project/budget periods;
- The current project is not progressing in a satisfactory manner;
- The current project is not in compliance with program and financial reporting requirements; or
- The applicant has an outstanding delinquent Federal debt. No award shall be made until either:
 - The delinquent account is paid in full; or
 - A negotiated repayment schedule is established and at least one payment is received.

6. Electronic Submission Requirements

All applications must be submitted electronically. Please use the <http://www.Grants.gov> Web site to submit an application electronically and select the “Find Grant Opportunities” link on the homepage. Download a copy of the application package, complete it offline, and then upload and submit the completed application via the <http://www.Grants.gov> Web site. Electronic copies of the application may not be submitted as attachments to email messages addressed to IHS employees or offices.

If the applicant receives a waiver to submit paper application documents, they must follow the rules and timelines that are noted below. The applicant must seek assistance at least ten days prior to the Application Deadline Date listed in the Key Dates section on page one of this announcement.

Applicants that do not adhere to the timelines for System for Award Management (SAM) and/or <http://www.Grants.gov> registration or that fail to request timely assistance with technical issues will not be considered for a waiver to submit a paper application.

Please be aware of the following:

- Please search for the application package in <http://www.Grants.gov> by entering the CFDA number or the Funding Opportunity Number. Both numbers are located in the header of this announcement.
- If you experience technical challenges while submitting your application electronically, please contact Grants.gov Support directly at: support@grants.gov or (800) 518-4726. Customer Support is available to address questions 24 hours a day, 7 days a week (except on Federal holidays).
- Upon contacting Grants.gov, obtain a tracking number as proof of contact. The tracking number is helpful if there are technical issues that cannot be

resolved and a waiver from the agency must be obtained.

- If it is determined that a waiver is needed, you must submit a request in writing (emails are acceptable) to GrantsPolicy@ihs.gov with a copy to Tammy.Bagley@ihs.gov. Please include a clear justification for the need to deviate from the standard electronic submission process.

- If the waiver is approved, the application should be sent directly to the DGM by the Application Deadline Date listed in the Key Dates section on page one of this announcement.

- Applicants are strongly encouraged not to wait until the deadline date to begin the application process through Grants.gov as the registration process for SAM and Grants.gov could take up to fifteen working days.

- Please use the optional attachment feature in Grants.gov to attach additional documentation that may be requested by the DGM.

- All applicants must comply with any page limitation requirements described in this Funding Announcement.

- After electronically submitting the application, the applicant will receive an automatic acknowledgment from Grants.gov that contains a Grants.gov tracking number. The DGM will download your application from Grants.gov and provide necessary copies to the appropriate agency officials. Neither the DGM nor the ODSCT will notify the applicant that the application has been received.

- Email applications will not be accepted under this announcement.

Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS)

All IHS applicants and grantee organizations are required to obtain a DUNS number and maintain an active registration in the SAM database. The DUNS number is a unique 9-digit identification number provided by D&B which uniquely identifies your entity. The DUNS number is site specific; therefore, each distinct performance site may be assigned a DUNS number. Obtaining a DUNS number is easy, and there is no charge. To obtain a DUNS number, you may access it through <http://fedgov.dnb.com/webform>, or to expedite the process, call (866) 705-5711.

All HHS recipients are required by the Federal Funding Accountability and Transparency Act of 2006, as amended (“Transparency Act”), to report information on subawards. Accordingly, all IHS grantees must notify potential first-tier subrecipients that no entity may receive a first-tier subaward unless

the entity has provided its DUNS number to the prime grantee organization. This requirement ensures the use of a universal identifier to enhance the quality of information available to the public pursuant to the "Transparency Act."

System for Award Management (SAM)

Organizations that were not registered with Central Contractor Registration (CCR) and have not registered with SAM will need to obtain a DUNS number first and then access the SAM online registration through the SAM home page at <https://www.sam.gov> (U.S. organizations will also need to provide an Employer Identification Number from the Internal Revenue Service that may take an additional 2–5 weeks to become active). Completing and submitting the registration takes approximately one hour to complete and your SAM registration will take 3–5 business days to process. Registration with the SAM is free of charge. Applicants may register online at <https://www.sam.gov>.

Additional information on implementing the Transparency Act, including the specific requirements for DUNS and SAM, can be found on the IHS Grants Management, Grants Policy Web site: https://www.ihs.gov/dgm/index.cfm?module=dsp_dgm_policy_topics.

V. Application Review Information

The instructions for preparing the application narrative also constitute the evaluation criteria for reviewing and scoring the application. Weights assigned to each section are noted in parentheses. The 14 page narrative should include only the first year of activities; information for multi-year projects should be included as an appendix. See "Multi-year Project Requirements" at the end of this section for more information. The narrative section should be written in a manner that is clear to outside reviewers unfamiliar with prior related activities of the applicant. It should be well organized, succinct, and contain all information necessary for reviewers to understand the project fully. Points will be assigned to each evaluation criteria adding up to a total of 100 points. A minimum score of 60 points is required for funding. Points are assigned as follows:

1. Criteria

A. Introduction and Need for Assistance (20 Points)

(1) Describe the T/TO's current health operation. Include what programs and

services are currently provided (i.e., Federally-funded, State-funded, etc.), information regarding technologies currently used (i.e., hardware, software, services, etc.), and identify the source(s) of technical support for those technologies (i.e., Tribal staff, Area Office, vendor, etc.). Include information regarding whether the T/TO has a health department and/or health board and how long it has been operating.

(2) Describe the population to be served by the proposed project. Include the number of eligible IHS beneficiaries who currently use the services.

(3) Describe the geographic location of the proposed project including any geographic barriers to the health care users in the area to be served.

(4) Identify all TMGs received since FY 2008, dates of funding and a summary of project accomplishments. State how previous TMG funds facilitated the progression of health development relative to the current proposed project. (Copies of reports will not be accepted.)

(5) Identify the eligible project type and priority group of the applicant.

(6) Explain the need/reason for the proposed project by identifying specific gaps or weaknesses in services or infrastructure that will be addressed by the proposed project. Explain how these gaps/weaknesses have been assessed.

(7) If the proposed project includes information technology (i.e., hardware, software, etc.), provide further information regarding measures taken or to be taken that ensure the proposed project will not create other gaps in services or infrastructure (i.e., negatively affect or impact IHS interface capability, Government Performance and Results Act reporting requirements, contract reporting requirements, Information Technology (IT) compatibility, etc.) if applicable.

(8) Describe the effect of the proposed project on current programs (i.e., Federally-funded, State-funded, etc.) and, if applicable, on current equipment (i.e., hardware, software, services, etc.). Include the effect of the proposed project on planned/anticipated programs and/or equipment.

(9) Address how the proposed project relates to the purpose of the TMG Program by addressing the appropriate description that follows:

- Identify if the T/TO is an IHS Title I contractor. Address if the self-determination contract is a master contract of several programs or if individual contracts are used for each program. Include information regarding whether or not the Tribe participates in a consortium contract (i.e., more than

one Tribe participating in a contract). Address what programs are currently provided through those contracts and how the proposed project will enhance the organization's capacity to manage the contracts currently in place.

- Identify if the T/TO is an IHS Title V compactor. Address when the T/TO entered into the compact and how the proposed project will further enhance the organization's management capabilities.

- Identify if the T/TO is not a Title I or Title V organization. Address how the proposed project will enhance the organization's management capabilities, what programs and services the organization is currently seeking to contract and an anticipated date for contract.

B. Project Objective(s), Workplan and Consultants (40 Points)

(1) Identify the proposed project objective(s) addressing the following:

- Objectives must be measureable and (if applicable) quantifiable.
- Objectives must be results oriented.
- Objectives must be time-limited.

Example: By installing new third-party billing software, the Tribe will increase the number of bills processed by 15 percent at the end of 12 months.

(2) Address how the proposed project will result in change or improvement in program operations or processes for each proposed project objective. Also address what tangible products are expected from the project (i.e., policies and procedures manual, health plan, etc.).

(3) Address the extent to which the proposed project will build local capacity to provide, improve, or expand services that address the need(s) of the target population.

(4) Submit a work plan in the Appendix which includes the following information:

- Provide the action steps on a timeline for accomplishing the proposed project objective(s).
- Identify who will perform the action steps.
- Identify who will supervise the action steps taken.
- Identify what tangible products will be produced during and at the end of the proposed project.
- Identify who will accept and/or approve work products during the duration of the proposed project and at the end of the proposed project.
- Include any training that will take place during the proposed project and who will be providing and attending the training.
- Include evaluation activities planned in the work plans.

(5) If consultants or contractors will be used during the proposed project, please include the following information in their scope of work (or note if consultants/contractors will not be used):

- Educational requirements.
- Desired qualifications and work experience.
- Expected work products to be delivered on a timeline.

If a potential consultant/contractor has already been identified, please include a resume in the Appendix.

(6) Describe what updates (i.e., revision of policies/procedures, upgrades, technical support, etc.) will be required for the continued success of the proposed project. Include when these updates are anticipated and where funds will come from to conduct the update and/or maintenance.

C. Program Evaluation (20 Points)

Each proposed objective requires an evaluation component to assess its progression and ensure its completion. Also, include the evaluation activities in the work plan.

Describe the proposed plan to evaluate both outcomes and processes. Outcome evaluation relates to the results identified in the objectives, and process evaluation relates to the work plan and activities of the project.

(1) For outcome evaluation, describe:

- What will the criteria be for determining success of each objective?
- What data will be collected to determine whether the objective was met?
- At what intervals will data be collected?
- Who will collect the data and their qualifications?
- How will the data be analyzed?
- How will the results be used?

(2) For process evaluation, describe:

- How will the project be monitored and assessed for potential problems and needed quality improvements?
- Who will be responsible for monitoring and managing project improvements based on results of ongoing process improvements and their qualifications?

• How will ongoing monitoring be used to improve the project?

• Describe any products, such as manuals or policies, that might be developed and how they might lend themselves to replication by others.

• How will the organization document what is learned throughout the project period?

(3) Describe any evaluation efforts planned after the grant period has ended.

(4) Describe the ultimate benefit to the Tribe that is expected to result from this

project. An example of this might be the ability of the Tribe to expand preventive health services because of increased billing and third party payments.

D. Organizational Capabilities, Key Personnel and Qualifications (15 Points)

This section outlines the broader capacity of the organization to complete the project outlined in the work plan. It includes the identification of personnel responsible for completing tasks and the chain of responsibility for successful completion of the projects outlined in the work plan.

(1) Describe the organizational structure of the T/TO beyond health care activities, if applicable.

(2) Provide information regarding plans to obtain management systems if the T/TO does not have an established management system currently in place that complies with 25 CFR Part 900, Subpart F, "Standards for Tribal or Tribal Organization Management Systems." State if management systems are already in place and how long the systems have been in place.

(3) Describe the ability of the organization to manage the proposed project. Include information regarding similarly sized projects in scope and financial assistance as well as other grants and projects successfully completed.

(4) Describe what equipment (i.e., fax machine, phone, computer, etc.) and facility space (i.e., office space) will be available for use during the proposed project. Include information about any equipment not currently available that will be purchased through the grant.

(5) List key personnel who will work on the project. Include all titles of key personnel in the work plan. In the Appendix, include position descriptions and resumes for all key personnel. Position descriptions should clearly describe each position and duties, indicating desired qualifications and experience requirements related to the proposed project. Resumes must indicate that the proposed staff member is qualified to carry out the proposed project activities. If a position is to be filled, indicate that information on the proposed position description.

(6) Address how the T/TO will sustain the position(s) after the grant expires if the project requires additional personnel (i.e., IT support, etc.). State if there is no need for additional personnel.

(7) If the personnel are to be only partially funded by this grant, indicate the percentage of time to be allocated to the project and identify the resources used to fund the remainder of the individual's salary.

E. Categorical Budget and Budget Justification (5 Points)

(1) Provide a categorical budget for each of the 12-month budget periods requested.

(2) If indirect costs are claimed, indicate and apply the current negotiated rate to the budget. Include a copy of the rate agreement in the Appendix.

(3) Provide a narrative justification explaining why each categorical budget line item is necessary and relevant to the proposed project. Include sufficient cost and other details to facilitate the determination of cost allowability (i.e., equipment specifications, etc.).

Multi-Year Project Requirements

For projects requiring a second and/or third year, include only Year 2 and/or Year 3 narrative sections (objectives, evaluation components and work plan) that differ from those in Year 1. For every project year, include a full budget justification and a detailed, itemized categorical budget showing calculation methodologies for each item. The same weights and criteria which are used to evaluate a one-year project or the first year of a multi-year project will be applied when evaluating the second and third years of a multi-year application. A weak second and/or third year submission could negatively impact the overall score of an application and result in elimination of the proposed second and/or third years with a recommendation for only a one-year award.

Appendix Items

- Work plan, logic model and/or time line for proposed objectives.
- Position descriptions for key staff.
- Resumes of key staff that reflect current duties.
- Consultant or contractor proposed scope of work and letter of commitment (if applicable).
- Current Indirect Cost Agreement.
- Organizational chart(s) highlighting proposed project staff and their supervisors as well as other key contacts within the organization and key community contacts.
- Map of area to benefit project identifying where target population resides and project location(s).
- Additional documents to support narrative (i.e. data tables, key news articles, etc.).

2. Review and Selection

Each application will be prescreened by the DGM staff for eligibility and completeness as outlined in the funding announcement. Incomplete applications and applications that are non-

responsive to the eligibility criteria will not be referred to the ORC. Applicants will be notified by DGM, via email, to outline minor missing components (i.e., signature on the SF-424, audit documentation, key contact form) needed for an otherwise complete application. All missing documents must be sent to DGM on or before the due date listed in the email of notification of missing documents required.

To obtain a minimum score for funding by the ORC, applicants must address all program requirements and provide all required documentation. If an applicant receives less than a minimum score, it will be considered to be "Disapproved" and will be informed via email by the IHS Program Office of their application's deficiencies. A summary statement outlining the strengths and weaknesses of the application will be provided to each disapproved applicant. The summary statement will be sent to the Authorized Organizational Representative (AOR) that is identified on the face page (SF-424), of the application within 30 days of the completion of the Objective Review.

VI. Award Administration Information

1. Award Notices

The Notice of Award (NoA) is a legally binding document signed by the Grants Management Officer and serves as the official notification of the grant award. The NoA will be initiated by the DGM in our grant system, GrantSolutions (<https://www.grantsolutions.gov>). Each entity that is approved for funding under this announcement will need to request or have a user account in GrantSolutions in order to retrieve their NoA. The NoA is the authorizing document for which funds are dispersed to the approved entities and reflects the amount of Federal funds awarded, the purpose of the grant, the terms and conditions of the award, the effective date of the award, and the budget/project period.

Disapproved Applicants

Applicants who received a score less than the recommended funding level for approval, 60 points, and were deemed to be disapproved by the ORC, will receive an Executive Summary Statement from the IHS program office within 30 days of the conclusion of the ORC outlining the weaknesses and strengths of their submitted application. The IHS program office will also provide additional contact information as needed to address questions and

concerns as well as provide technical assistance if desired.

Approved But Unfunded Applicants

Approved but unfunded applicants that met the minimum scoring range and were deemed by the ORC to be "Approved", but were not funded due to lack of funding, will have their applications held by DGM for a period of one year. If additional funding becomes available during the course of FY 2013, the approved application may be re-considered by the awarding program office for possible funding. The applicant will also receive an Executive Summary Statement from the IHS program office within 30 days of the conclusion of the ORC.

Note: Any correspondence other than the official NoA signed by an IHS Grants Management Official announcing to the Project Director that an award has been made to their organization is not an authorization to implement their program on behalf of IHS.

2. Administrative Requirements

Grants are administered in accordance with the following regulations, policies, and Office of Management and Budget (OMB) cost principles:

A. The criteria as outlined in this Program Announcement.

B. Administrative Regulations for Grants:

- 45 CFR Part 92, Uniform Administrative Requirements for Grants and Cooperative Agreements to State, Local and Tribal Governments.

- 45 CFR Part 74, Uniform Administrative Requirements for Awards and Subawards to Institutions of Higher Education, Hospitals, and other Non-profit Organizations.

C. Grants Policy:

- HHS Grants Policy Statement, Revised 01/07.

D. Cost Principles:

- 2 CFR Part 225—Cost Principles for State, Local, and Indian Tribal Governments (OMB Circular A-87).

- 2 CFR Part 230—Cost Principles for Non-Profit Organizations (OMB Circular A-122).

E. Audit Requirements:

- OMB Circular A-133, Audits of States, Local Governments, and Non-profit Organizations.

3. Indirect Costs

This section applies to all grant recipients that request reimbursement of indirect costs (IDC) in their grant application. In accordance with HHS Grants Policy Statement, Part II-27, IHS requires applicants to obtain a current IDC rate agreement prior to award. The rate agreement must be prepared in accordance with the applicable cost

principles and guidance as provided by the cognizant agency or office. A current rate covers the applicable grant activities under the current award's budget period. If the current rate is not on file with the DGM at the time of award, the IDC portion of the budget will be restricted. The restrictions remain in place until the current rate is provided to the DGM.

Generally, IDC rates for IHS grantees are negotiated with the Division of Cost Allocation (DCA) <https://rates.psc.gov/> and the Department of Interior (National Business Center) http://www.doi.gov/ibc/services/Indirect_Cost_Services/index.cfm. For questions regarding the indirect cost policy, please call (301) 443-5204 to request assistance.

4. Reporting Requirements

The grantee must submit required reports consistent with the applicable deadlines. Failure to submit required reports within the time allowed may result in suspension or termination of an active grant, withholding of additional awards for the project, or other enforcement actions such as withholding of payments or converting to the reimbursement method of payment. Continued failure to submit required reports may result in one or both of the following: (1) The imposition of special award provisions; and (2) the non-funding or non-award of other eligible projects or activities. This requirement applies whether the delinquency is attributable to the failure of the grantee organization or the individual responsible for preparation of the reports. Reports must be submitted electronically via GrantSolutions. Personnel responsible for submitting reports will be required to obtain a login and password for GrantSolutions. Please see the Agency Contacts list in section VII for the systems contact information.

The reporting requirements for this program are noted below.

A. Progress Reports

Program progress reports are required semi annually, within 30 days after the budget period ends. These reports must include a brief comparison of actual accomplishments to the goals established for the period, or, if applicable, provide sound justification for the lack of progress, and other pertinent information as required. A final report must be submitted within 90 days of expiration of the budget/project period.

B. Financial Reports

Federal Financial Report FFR (SF-425), Cash Transaction Reports are due

30 days after the close of every calendar quarter to the Division of Payment Management, HHS at: <http://www.dpm.psc.gov>. It is recommended that you also send a copy of your FFR (SF-425) report to your Grants Management Specialist. Failure to submit timely reports may cause a disruption in timely payments to your organization.

Grantees are responsible and accountable for accurate information being reported on all required reports: The Progress Reports and Federal Financial Report.

C. Federal Subaward Reporting System (FSRS)

This award may be subject to the Transparency Act subaward and executive compensation reporting requirements of 2 CFR part 170.

The Transparency Act requires the OMB to establish a single searchable database, accessible to the public, with information on financial assistance awards made by Federal agencies. The Transparency Act also includes a requirement for recipients of Federal grants to report information about first-tier subawards and executive compensation under Federal assistance awards.

IHS has implemented a Term of Award into all IHS Standard Terms and Conditions, NoAs and funding announcements regarding the FSRS reporting requirement. This IHS Term of Award is applicable to all IHS grant and cooperative agreements issued on or after October 1, 2010, with a \$25,000 subaward obligation dollar threshold met for any specific reporting period. Additionally, all new (discretionary) IHS awards where the project period is made up of more than one budget period and where: (1) The project period start date was October 1, 2010 or after and (2) the primary awardee will have a \$25,000 subaward obligation dollar threshold during any specific reporting period will be required to address the FSRS reporting. For the full IHS award term implementing this requirement and additional award applicability information, visit the Grants Management Grants Policy Web site at: https://www.ihs.gov/dgm/index.cfm?module=dsp_dgm_policy_topics.

Telecommunication for the hearing impaired is available at: TTY (301) 443-6394.

VII. Agency Contacts

1. Questions on the programmatic issues may be directed to: Ms. Patricia Spotted Horse, Program Analyst, Office of Direct Service and Contracting Tribes,

Indian Health Service, 801 Thompson Avenue, Suite 220, Rockville, MD 20852-1609, Telephone: (301) 443-1104, Fax: (301) 443-4666, Email: Patricia.SpottedHorse@ihs.gov.

2. Questions on grants management and fiscal matters may be directed to: Mr. Pallop Chareonvootitum, Grants Management Specialist, Division of Grants Management, Office of Management Services, Indian Health Service, 801 Thompson Avenue, TMP Suite 360, Rockville, MD 20852-1609, Telephone: (301) 443-5204, Fax: (301) 443-9602, Email: Pallop.Chareonvootitum@ihs.gov.

3. Questions on systems matters may be directed to: Mr. Paul Gettys, Grant Systems Coordinator, 801 Thompson Avenue, TMP Suite 360, Rockville, MD 20852, Phone: 301-443-2114; or the DGM main line 301-443-5204, Fax: 301-443-9602, E-Mail: Paul.Gettys@ihs.gov.

VIII. Other Information

The Public Health Service strongly encourages all cooperative agreement and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of the facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the HHS mission to protect and advance the physical and mental health of the American people.

Dated: April 16, 2013.

Yvette Roubideaux,

Director, Indian Health Service.

BILLING CODE 4165-16-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Submission for OMB Review; 30-Day Comment Request: Women's Health Initiative Observational Study

SUMMARY: Under the provisions of Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the National Heart, Lung, and Blood Institute (NHLBI), 0020the National Institutes of Health, has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below. This proposed information collection was previously published in the **Federal**

Register on February 5, 2013 on pages 8152-8153 and allowed 60-days for public comment. One comment was received and an appropriate response was made. The purpose of this notice is to allow an additional 30 days for public comment. The NHLBI, National Institutes of Health, may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Direct Comments to OMB: Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the: Office of Management and Budget, Office of Regulatory Affairs, OIRA_submission@omb.eop.gov or by fax to 202-395-6974, Attention: NIH Desk Officer.

Comment Due Date: Comments regarding this information collection are best assured of having their full effect if received within 30 days of the date of this publication.

FOR FURTHER INFORMATION CONTACT: To obtain a copy of the data collection plans and instruments, or request more information on the proposed project contact: Shari Eason Ludlam, Project Officer, Women's Health Initiative Program Office, 6701 Rockledge Drive, 2 Rockledge Centre, Room 9188, MSC 7913, Bethesda, MD 20892-7936, or call (301) 402-2900 or Email your request, including your address to: ludlams@mail.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

Proposed Collection: Women's Health Initiative Observational Study. Revision—OMB No. 0925-0414, Expiration Date: 07/31/2013. National Heart, Lung, and Blood Institute (NHLBI), National Institutes of Health (NIH).

Need and Use of Information Collection: This study will be used by the NIH to evaluate risk factors for chronic disease among older women by developing and following a large cohort of postmenopausal women and relating subsequent disease development to baseline assessments of historical, physical, psychosocial, and physiologic characteristics. In addition, the observational study will complement the clinical trial (which has received clinical exemption) and provide additional information on the common causes of frailty, disability and death for postmenopausal women, namely, coronary heart disease, breast and
