

HUD extended the demonstration for two years.² HUD has again decided to continue the demonstration to assess the improvements and alignment of the HCV inspection protocol. This continuation furthers the direction contained in the Joint Explanatory Statement accompanying the Consolidated Appropriations Act of 2016, Public Law 114–113, approved December 18, 2015, and the proposals set forth in the Economic Growth and Recovery, Regulatory Relief, and Consumer Protection Act of 2018, Public Law 115–174,³ and the direction the Department has proposed in the Economic Growth, Regulatory Relief, and Consumer Protection Act: Implementation of National Standards for the Physical Inspection of Real Estate proposed rule.⁴ HUD seeks to continue this demonstration to further evaluate the application of NSPIRE standards on the HCV inspection program. In addition, the program-specific requirements in the respective sections of the above-mentioned demonstration notices continue to apply, other than, those specific references to HUD's testing of the Uniform Physical Condition Standards for Vouchers (UPCS–V) related inspection protocols.⁵

Furthermore, HUD is lifting the three-year limitation to PHA participation contained in Section III, Part C., of the *Notice of Demonstration To Test Proposed New Method of Assessing the Physical Conditions of Voucher-Assisted*

Housing.⁶ Accordingly, current PHA volunteers may continue to participate beyond the previous three-year limitation and for the duration of the demonstration. HUD, therefore, extends this demonstration through October 1, 2022. HUD may amend the demonstration dates in response to changes in programmatic and environmental conditions through subsequent **Federal Register** notices.

HUD is also seeking additional volunteers for the demonstration. Interested PHAs should email HUD at NSPIREV@hud.gov and provide the PHA name, PHA address, point of contact, phone number, and email address.

Dominique Blom,

General Deputy Assistant Secretary for Public and Indian Housing.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, (PRA, 44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), all information collections require approval under the PRA. We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

(1) Is Whether or not the collection of information is necessary for the proper performance of the functions of the NPS, including whether or not the information will have practical utility.

(2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used.

(3) Ways to enhance the quality, utility, and clarity of the information to be collected.

(4) How might the NPS minimize the burden of this collection on the respondents, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Notice of Inventory Completion: Arizona Museum of Natural History, Mesa, AZ

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The Arizona Museum of Natural History has completed an inventory of human remains, in consultation with the appropriate Indian Tribes or Native Hawaiian organizations, and has determined that there is a cultural affiliation between the human remains and present-day Indian Tribes or Native Hawaiian organizations. Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains should submit a written request to the Arizona Museum of Natural History. If no additional requestors come forward, transfer of control of the human remains to the lineal descendants, Indian Tribes, or Native Hawaiian organizations stated in this notice may proceed.

DATES: Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains should submit a written request with information in support of the request to the Arizona Museum of Natural History at the address in this notice by July 8, 2021.

FOR FURTHER INFORMATION CONTACT: Melanie Deer, Arizona Museum of Natural History, 53 N Macdonald, Mesa, AZ 85201, telephone (480) 644–4381, email melanie.deer@mesaaz.gov.

SUPPLEMENTARY INFORMATION: Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains under the control of the Arizona Museum of Natural History, Mesa, AZ. The human remains were most likely removed from Maricopa County, AZ.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American human remains. The National Park Service is not responsible for the determinations in this notice.

Consultation

A detailed assessment of the human remains was made by the Arizona Museum of Natural History professional staff in consultation with representatives of the Gila River Indian Community of the Gila River Indian Reservation, Arizona, and the Salt River Pima-Maricopa Indian Community of the Salt River Reservation, Arizona.

History and Description of the Remains

In 2021, human remains representing, at minimum, one individual were removed from an unknown location most likely in Maricopa County, AZ. The human remains belong to an individual of undetermined age and sex. No known individual was identified. No associated funerary objects are present.

The human remains were discovered when the box in which they were housed was moved from the Historic Post Office. As information on the box references Scottsdale, AZ, the Arizona Museum of Natural History has determined that the human remains most likely were removed from Maricopa County. According to archeological understanding, the region where these human remains were most likely collected was occupied by the Hohokam Material Culture in prehistoric times. As the primary collection of the Arizona Museum of Natural History focuses on Hohokam Material Culture, the Arizona Museum of Natural History has determined that the human remains most likely are Hohokam.

According to archeological and ethnographic understandings, the Hohokam Material Culture people were ancestors to the Four Southern Tribes of Arizona (Ak-Chin Indian Community [previously listed as Ak Chin Indian Community of the Maricopa (Ak Chin) Indian Reservation, Arizona]; Gila River
