

C St. NW, Mail Stop 3512-MIB, Washington, DC 20240, or hand delivered to room 3512 at the above address.

FOR FURTHER INFORMATION CONTACT: Garry Martin, Bureau of Indian Affairs, (202) 208-3478.

SUPPLEMENTARY INFORMATION:

I. Abstract

The information collection is necessary to assess the need for adult education programs under 25 CFR 46, subpart A, sections 46.20 Program Requirements and 46.30 Records and Reporting Requirements of the Adult Education Program.

We did not receive any comments on our **Federal Register** notice of August 31, 2001 (66 FR 46198). You may still send comments on this collection of information to the Office of Information and Regulatory Affairs, OMB at the address listed in **ADDRESSES** section. Please send copies of these comments to the Director of the Office of Indian Education Programs at the address listed in the **ADDRESSES** section.

II. Method of Collection

The Adult Education Program regulations under 25 CFR 46, subpart A, contain the program requirements which govern the program. Information collected from the contractors will be used for administrative planning, setting long- and short-term goals, and analyzing and monitoring the use of funds.

III. Data

Title of the Collection of Information: Bureau of Indian Affairs Adult Education Program Annual Report Form.

OMB Number: 1076-0120; Expiration Date: November 30, 2001.

Type of Review: Renewal of a currently approved information collection.

Summary of the Collection of Information: The collection of information provides pertinent data on the adult education programs.

Description of the need for the information and proposed use of the information: Submission of this information is necessary to assess the need for adult education programs. The information is needed for the utilization and management of program resources to provide education opportunities for adult American Indians and Alaska Natives to complete high school requirements, and to gain new skills and knowledge for individual student self-enhancement. The information collected with the annual report will be used by

the Bureau or tribally-controlled programs for fiscal accountability and appropriate direct services documentation. The results of the data are used for administrative planning.

Affected Entities: Tribal adult education contractors.

Estimated number of respondents: 70. Respondents are tribal adult education program administrators.

Proposed frequency of responses: Annually.

Burden: The estimate of total annual reporting and record keeping burden that will result from the collection of information: Reporting 4 hours per response \times 70 respondents = 280 hours.

Estimated Annual Costs: \$5,040.00 (4 hours \times 70 \times \$18.00 = salary dollars).

IV. Request for Comments

The Department of the Interior invites comments on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(b) The accuracy of the agency's estimate of the burden (including the hours and cost) of the proposed collection of information, including the validity of the methodology and assumption used;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(d) Ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other collection techniques or other forms of information technology.

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to a Federal agency. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid Office of Management and Budget Control Number.

This notice is published under the authority delegated by the Secretary of the Interior to the Assistant Secretary—

Indian Affairs by 209 Departmental Manual 8.1.

Dated: November 19, 2001.

Neal A. McCaleb,

Assistant Secretary—Indian Affairs.

BILLING CODE 4310-02-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

Notice of Realty Action for Proposed Land Use Permit on Public Lands Near Fairbanks, AK

Authority: 43 U.S.C. 1732.

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice to the public that certain public lands are available for a non-Federal use.

SUMMARY: The Gas Producers Pipeline Team is comprised of BP Exploration (Alaska), Inc.; ExxonMobil Production Company; and Phillips Alaska, Inc. The Gas Producers Pipeline Team has applied for a permit to use public lands near Fairbanks, Alaska, for a non-Federal purpose. The Bureau of Land Management has determined the lands are available for this use and that publication of this Notice of Realty Action is necessary pursuant to BLM manual 2920.4.

DATES: Submit comments on or before January 7, 2002.

ADDRESSES: Address all comments concerning this notice to Robert Schneider, Field Manager, Northern Field Office, BLM, 1150 University Ave., Fairbanks, AK 99709-3844.

FOR FURTHER INFORMATION CONTACT: Lon Kelly, 907-474-2368.

SUPPLEMENTARY INFORMATION: The Gas Producers Pipeline Team has applied for a permit to use public lands for certain trials of trenching technology. The BLM has determined the lands are available for this non-Federal use. The decision on authorization of the non-Federal use will be made after an evaluation of the application. The application has been assigned the serial number FF093460.

The proposed permit would grant exclusive use of specific public lands for a period of time not to exceed one year, and non-exclusive use for an additional period. The permit would authorize the use of these public lands to conduct trials of trenching machines and related techniques. This work would help assess the potential of trenching technology for use in the

eventual construction of a gas pipeline in Alaska.

The proposed action is in conformance with the White Mountains National Recreation Area Resource Management Plan, dated February 6, 1986.

The parcel proposed for permitting under provisions of section 302 of the Federal Land Policy and Management Act (FLPMA) of 1976 and 43 CFR 2920 is described as follows:

Fairbanks Meridian, Alaska

T.4 N., R.2W., secs. 25 and 31

The parcel affected by the proposed permit is near Washington Creek, just off the Elliott Highway, approximately 20 statute miles north of Fairbanks, Alaska. The test trench site is approximately 800 feet by 2000 feet and encompasses about 36.7 acres. A driveway about 200 feet long will connect the test site with the Elliott Highway. The lands are currently undeveloped. The proposed permit would authorize the digging and rehabilitation of 13 trenches, requiring the removal and replacement of 45,000 cubic yards of material for the trenches. Rent would not be less than the appraised fair market value.

For a period of 25 days from the date of publication of this Notice in the **Federal Register**, interested parties may submit comments to the Northern Field Office Manager at the above address. The 25-day comment period, rather than the customary 45-day period, is necessary to allow expedited evaluation of comments and processing of the permit so work can begin during February 2002, if the application is approved. The work must be conducted in typical winter conditions if the necessary data are to be collected, and a later start would amount to a one-year delay. The BLM manual requires notices of realty action to be published in the **Federal Register**, and then published in a local newspaper for the following three weeks.

In the absence of adverse comments, the application for the proposed use will be processed in accordance with normal procedures.

Dated: December 10, 2001.

Carson W. Culp,

Assistant Director, Minerals, Realty & Resource Protection.

BILLING CODE 4310-JA-P

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Information Collection Activities; Proposed Collection; Comment Request

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act to 1995, this notice announces that the Bureau of Reclamation (Reclamation) intends to seek approval of the following proposed new information collection: Ririe Reservoir Recreation Survey. Before submitting the information collection request to the Office of Management and Budget for approval, Reclamation is soliciting comments on specific aspects of the information collection.

DATES: Comments on this notice must be received by February 11, 2002.

ADDRESSES: Address all comments concerning this notice to Bureau of Reclamation, Pacific Northwest Regional Office, Attention Ms. Vicki Kellerman, 1150 N. Curtis Road, Suite 100, Boise, Idaho 83706.

FOR FURTHER INFORMATION CONTACT: For further information or a copy of the proposed collection of information form, contact Ms. Vicki Kellerman at (208) 378-5326.

SUPPLEMENTARY INFORMATION: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of Reclamation's functions, including whether the information will have practical use; (b) the accuracy of Reclamation's estimated time and cost burdens of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, use, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including increased use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted with 60 days of this publication.

Title: Ririe Reservoir Recreation Survey.

Abstract: Ririe Reservoir is located on Willow Creek, a minor tributary of the Snake River in Bonneville County of eastern Idaho. Ririe Reservoir has recreation attributes that serve Idaho Falls, Ririe, and southeastern Idaho, as well as out-of-state visitors. Primary summer activities consist of boating,

swimming, fishing, camping, and picnicking. In general the survey will be used to determine carrying capacity for recreation uses on both Reclamation lands and water, and necessary management actions related to recreation, as identified in the Resource Management Plan for this reservoir. Further, the survey will determine if and when boat ramps, docks, parking, and other facilities need to be expanded for recreation during the next 10 years and if the expansion can be accomplished without detriment to natural, recreational, and cultural resources.

Description of respondents: Ririe Reservoir recreationists from Idaho Falls, Ririe, southeastern Idaho, and an indeterminate diversity of out-of-state visitors to Ririe Reservoir.

Frequency: This is a one-time voluntary survey.

Estimated completion time: An average of 30 minutes per respondent.

Annual responses: 250 respondents.

Annual burden hours: 125.

Our practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that we withhold their home address from public disclosure, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold a respondent's identity from public disclosure, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public disclosure in their entirety.

Dated: November 20, 2001.

Jerrold D. Gregg,

Snake River Office, Area Manager.
