

identifiable information before they are granted access to the system of records.

Computerized records systems follow the National Institute of Standards and Technology privacy and security standards as developed to comply with the Privacy Act of 1974, as amended, 5 U.S.C. 552a; Paperwork Reduction Act of 1995, 44 U.S.C. 3501 *et seq.*; Federal Information Security Modernization Act of 2014, 44 U.S.C. 3551 *et seq.*; and the Federal Information Processing Standards 199: Standards for Security Categorization of Federal Information and Information Systems. Security controls include user identification, passwords, database permissions, encryption, firewalls, audit logs, and network system security monitoring and software controls which establish access levels according to the type of user. Access to records in the system is limited to authorized personnel who have a need to access the records in the performance of their official duties, and each user's access is restricted to only the functions and data necessary to perform that person's job responsibilities. Audit trails are maintained and reviewed periodically to identify unauthorized access or use. System administrators and authorized users are trained and required to follow established internal security protocols and must complete all security, privacy, and records management training and sign the DOI Rules of Behavior.

RECORD ACCESS PROCEDURES:

DOI is proposing to exempt portions of this system from the notification, access, and amendment procedures of the Privacy Act pursuant to sections (k)(1), (k)(2), (k)(3), (k)(5), and (k)(6). DOI will make access determinations on a case-by-case basis.

An individual requesting records on himself or herself should send a signed, written inquiry to the applicable System Manager identified above. The request must include the specific bureau or office that maintains the record to facilitate location of the applicable records. The request envelope and letter should both be clearly marked "PRIVACY ACT REQUEST FOR ACCESS." A request for access must meet the requirements of 43 CFR 2.238.

CONTESTING RECORD PROCEDURES:

DOI is proposing to exempt portions of this system from the notification, access, and amendment procedures of the Privacy Act pursuant to sections (k)(1), (k)(2), (k)(3), (k)(5), and (k)(6). DOI will make amendment determinations on a case by case basis.

An individual requesting corrections or the removal of material from his or

her records should send a signed, written request to the applicable System Manager as identified above. The request must include the specific bureau or office that maintains the record to facilitate location of the applicable records. A request for corrections or removal must meet the requirements of 43 CFR 2.246.

NOTIFICATION PROCEDURES:

DOI is proposing to exempt portions of this system from the notification, access, and amendment procedures of the Privacy Act pursuant to sections (k)(1), (k)(2), (k)(3), (k)(5), and (k)(6). DOI will make notification determinations on a case by case basis.

An individual requesting notification of the existence of records on himself or herself should send a signed, written inquiry to the applicable System Manager as identified above. The request must include the specific bureau or office that maintains the record to facilitate location of the applicable records. The request envelope and letter should both be clearly marked "PRIVACY ACT INQUIRY." A request for notification must meet the requirements of 43 CFR 2.235.

EXEMPTIONS PROMULGATED FOR THE SYSTEM:

This system contains background investigation records and investigatory records related to law enforcement and counterintelligence activities that are exempt from certain provisions of the Privacy Act, 5 U.S.C. 552a(k). Pursuant to the Privacy Act, 5 U.S.C. 552a(k)(1), (k)(2), (k)(3), (k)(5), and (k)(6), DOI has exempted portions of this system from the following subsections of the Privacy Act: (c)(3), (c)(4), (d), (e)(1) through (e)(3), (e)(4)(G) through (e)(4)(I), (e)(5), (e)(8), (e)(12), (f), and (g). In accordance with 5 U.S.C. 553(b), (c) and (e), DOI is publishing a NPRM separately in the **Federal Register** to claim exemptions under 5 U.S.C. 552a(k)(1), (k)(2), (k)(3), (k)(5), and (k)(6). Additionally, when this system receives a record from another system exempted in that source system under 5 U.S.C. 552a(j) or (k), DOI claims the same exemptions for those records that are claimed for the original primary systems of records from which they originated and claims any additional exemptions set forth here.

HISTORY:

72 FR 11036 (March 12, 2007); modification published at 86 FR 50156 (September 7, 2021).

Teri Barnett,

Departmental Privacy Officer, Department of the Interior.

BILLING CODE 4334–63–P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket No. BOEM–2022–0045]

Notice of Availability of a Draft Environmental Impact Statement for Revolution Wind, LLC's Proposed Revolution Wind Farm Offshore Rhode Island

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of availability and request for comments; draft environmental impact statement.

SUMMARY: The Bureau of Ocean Energy Management (BOEM) announces the availability of the draft environmental impact statement (DEIS) for the construction and operations plan (COP) submitted by Revolution Wind, LLC (Revolution Wind) for its proposed Revolution Wind Offshore Wind Farm Project (Project) offshore Rhode Island. The DEIS analyzes the potential environmental impacts of the Project as described in the COP (the proposed action) and the alternatives to the proposed action. This notice of availability (NOA) announces the start of the public review and comment period, as well as the dates and times for public hearings on the DEIS. After the comment period and public hearings, BOEM will publish a final environmental impact statement (FEIS) addressing comments received on the DEIS. The FEIS will inform BOEM's decision whether to approve, approve with modifications, or disapprove the COP.

DATES: Comments must be received no later than October 17, 2022. BOEM will conduct three in-person public hearings and two virtual public hearings. BOEM's in-person public hearings will be held at the following times (eastern time).

- Tuesday, October 4, 2022, 5:00 p.m.;
- Wednesday, October 5, 2022, 5:00 p.m.; and
- Thursday, October 6, 2022, 5:00 p.m.

BOEM's virtual public meetings will be held at the following times (eastern time).

- Thursday, September 29, 2022, 1:00 p.m.; and
- Tuesday, October 11, 2022, 5:00 p.m.

Registration for the public hearings may be completed at <https://www.boem.gov/renewable-energy/state-activities/revolution-wind> or by calling (504) 736–5713.

ADDRESSES: The DEIS and detailed information about the Project, including the COP, can be found on BOEM's website at: <https://www.boem.gov/renewable-energy/state-activities/revolution-wind>. Comments can be submitted in any of the following ways:

- Orally or in written form during any of the public hearings identified in this NOA.

- In written form by mail or other delivery service, enclosed in an envelope labeled "Revolution Wind COP DEIS" and addressed to Program Manager, Office of Renewable Energy Programs, Bureau of Ocean Energy Management, 45600 Woodland Road, Sterling, VA 20166.

- Through the *regulations.gov* web portal: Navigate to <http://www.regulations.gov> and search for Docket No. BOEM-2022-0045. Click on the "Comment" button below the document link. Enter your information and comment, then click "Submit Comment."

For more information about submitting comments, please see "Information on Submitting Comments" under the **SUPPLEMENTARY INFORMATION** heading below.

The in-person meetings will be held at the following locations:

- Tuesday, October 4, 2022—Aquinnah Old Town Hall, 67 State Road, Aquinnah, Massachusetts 02535, 5:00 p.m. EDT
- Wednesday, October 5, 2022—Swift Community Center, 121 Peirce Street, East Greenwich, Rhode Island 02818, 5:00 p.m. EDT
- Thursday, October 6, 2022—Keith Middle School, 225 Hathaway Boulevard, New Bedford, Massachusetts 02740, 5:00 p.m. EDT

Centers for Disease Control and Prevention COVID-19 Community Levels (<https://www.cdc.gov/coronavirus/2019-ncov/science/community-levels.html>) will be monitored for Dukes County (Martha's Vineyard, MA), Washington County (North Kingstown, RI), and Bristol County (New Bedford, MA). If the COVID-19 Community Level is "MEDIUM" or "HIGH," BOEM may decide to cancel one or more in-person hearings and hold an additional virtual hearing. Updates will be provided to all meeting registrants via email and on BOEM's website at <https://www.boem.gov/renewable-energy/state-activities/revolution-wind>. Therefore, early registration for in-person meetings is strongly encouraged.

A registration link for each of the hearings is provided on BOEM's website at: [https://www.boem.gov/renewable-](https://www.boem.gov/renewable-energy/state-activities/revolution-wind)

[energy/state-activities/revolution-wind](https://www.boem.gov/renewable-energy/state-activities/revolution-wind). Registration for the virtual meetings is required. Webinar information will be sent to registrants via their email address provided during registration.

FOR FURTHER INFORMATION CONTACT:

Jessica Stromberg, BOEM Office of Renewable Energy Programs, 45600 Woodland Road, Sterling, Virginia 20166, (703) 787-1730 or jessica.stromberg@boem.gov.

SUPPLEMENTARY INFORMATION:

Proposed Action: Revolution Wind seeks approval to construct, operate, and maintain the Project and its associated export cables on the Outer Continental Shelf (OCS) offshore Rhode Island. The Project would be developed within the range of design parameters outlined in the Revolution Wind COP, subject to applicable mitigation measures. The Project as proposed in the COP would have a maximum capacity ranging between 704 and 880 megawatts, would include up to 100 wind turbine generators, up to 2 offshore, high voltage alternating current substations, inter-array cables linking the individual turbines to the offshore substations, one substation interconnector cable linking the substations to each other, offshore export cables, an onshore export cable system, 1 onshore substation, and connection to the existing electrical grid at The Narragansett Electric Company Davisville Substation in North Kingstown, Rhode Island. The Project would be located on the OCS approximately 15 nautical miles (18 statute miles) southeast of Point Judith, Rhode Island, within an area defined by Renewable Energy Lease OCS-A 0486. The offshore export cables would be buried below the seabed in the U.S. OCS and State of Rhode Island submerged lands. The onshore export cables, substations, and grid connections would be located in North Kingstown, Rhode Island.

Alternatives: BOEM considered 18 alternatives when preparing the DEIS and carried forward 6 alternatives for further analysis in the DEIS. These six alternatives include five action alternatives and the no action alternative. Twelve alternatives were not carried forward because they did not meet the purpose and need for the proposed action or did not meet screening criteria, which are presented in DEIS chapter 2 and appendix K. The screening criteria included consistency with law and regulations; technical and economic feasibility; environmental impacts; and geographic considerations.

Availability of the DEIS: The DEIS, Revolution Wind COP, and associated

information are available on BOEM's website at: <https://www.boem.gov/renewable-energy/state-activities/revolution-wind>. BOEM has distributed digital copies of the DEIS to all parties listed in DEIS appendix H. If you require a digital copy on a flash drive or a paper copy, BOEM will provide one upon request, as long as previously prepared supplies of these materials are available. You may request a flash drive or paper copy of the DEIS by calling (504) 736-5713.

Cooperating Agencies: The following Federal agencies and State governmental entities participated as cooperating agencies in the preparation of the DEIS: Bureau of Safety and Environmental Enforcement; Environmental Protection Agency; National Marine Fisheries Service; U.S. Army Corps of Engineers; U.S. Coast Guard; Massachusetts Office of Coastal Zone Management; Rhode Island Coastal Resources Management Council; and the Rhode Island Department of Environmental Management. The Advisory Council on Historic Preservation; National Park Service; Department of Defense; U.S. Fish and Wildlife Service; and Department of the Navy participated as a participating agency.

Information on Submitting

Comments: BOEM does not consider anonymous comments. Please include your name and address as part of your comment. BOEM makes all comments, including your name, address, and other personally identifiable information (PII) included in your comment, available for public review online and during regular business hours. You may request that BOEM withhold your name, address, and any other PII included in your comment from public disclosure. If you wish your name, address, or other PII to be withheld, you must state your request prominently in a cover letter and explain the harm that you fear from disclosure of such information, such as unwarranted privacy invasion, embarrassment, or injury. Under the Freedom of Information Act, BOEM cannot guarantee that it will be able to withhold your information from public disclosure. All submissions from organizations or businesses and from individuals identifying themselves as representatives or officials of organizations or businesses will be made available for public inspection in their entirety.

Authority: 42 U.S.C. 4231 *et seq.* (NEPA, as amended) and 40 CFR 1506.6.

Karen Baker,

*Chief, Office of Renewable Energy Programs,
Bureau of Ocean Energy Management.*

BILLING CODE 4310–MR–P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[OMB Control Number 1010–0176; Docket ID: BOEM–2017–0016]

Agency Information Collection Activities; Renewable Energy and Alternate Uses of Existing Facilities on the Outer Continental Shelf

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Ocean Energy Management (BOEM) is proposing to renew an information collection request (ICR).

DATES: Interested persons are invited to submit comments, which must be received by BOEM no later than November 1, 2022.

ADDRESSES: Send your comments on this ICR by mail to the BOEM Information Collection Clearance Officer, Anna Atkinson, Bureau of Ocean Energy Management, 45600 Woodland Road, Sterling, Virginia 20166; or by email to anna.atkinson@boem.gov. Please reference Office of Management and Budget (OMB) Control Number 1010–0176 in the subject line of your comments. You may also view the ICR and its related documents by searching the docket number BOEM–2017–0016 at <http://www.reginfo.gov/public/do/PRAMain>.

FOR FURTHER INFORMATION CONTACT: Contact Anna Atkinson by email at anna.atkinson@boem.gov or by telephone at 703–787–1025. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside of the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, BOEM provides the general public and other Federal agencies with an opportunity to

comment on new, proposed, revised, and continuing collections of information. This helps BOEM assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand BOEM's information collection requirements and provide the requested data in the desired format.

BOEM is soliciting comments on the proposed ICR described below. BOEM is especially interested in public comments addressing the following issues: (1) is the collection necessary to the proper functions of BOEM; (2) what can BOEM do to ensure that this information is processed and used in a timely manner; (3) is the burden estimate accurate; (4) how might BOEM enhance the quality, utility, and clarity of the information to be collected; and (5) how might BOEM minimize the burden of this collection on the respondents, including minimizing the burden through the use of information technology?

Comments submitted in response to this notice are a matter of public record. BOEM will include or summarize each comment in its ICR to OMB for approval of this information collection. You should be aware that your entire comment—including your address, phone number, email address, or other personally identifiable information included in your comment—may be made publicly available at any time.

You may request that BOEM withhold your personally identifiable information from public disclosure. In order for BOEM to consider withholding from disclosure your personally identifying information, you must identify, in a cover letter, any information contained in the submittal of your comments that, if released, would constitute a clearly unwarranted invasion of your personal privacy. You must also briefly describe any possible harmful consequences from disclosing your information, such as embarrassment, injury, or other harm. Even if BOEM withholds your information in the context of this ICR, your submission is subject to the Freedom of Information Act (FOIA). If your submission is requested under the FOIA, BOEM can only withhold your information if it determines that one of the FOIA's exemptions to disclosure applies. Such a determination will be made in accordance with the Department's FOIA regulations and applicable law.

Note that BOEM will make available for public inspection all comments in their entirety submitted by organizations and businesses, or by individuals identifying themselves as

representatives of organizations or businesses.

BOEM protects proprietary information in accordance with FOIA (5 U.S.C. 552), the Department of the Interior's implementing regulations (43 CFR part 2), and 30 CFR 585.113

Title of Collection: “30 CFR part 585, Renewable Energy and Alternate Uses of Existing Facilities on the Outer Continental Shelf.”

Abstract: The ICR addresses the paperwork requirements in the regulations under “30 CFR part 585, Renewable Energy and Alternate Uses of Existing Facilities on the Outer Continental Shelf [OCS]” issued pursuant to the OCS Lands Act, as amended (43 U.S.C. 1331 *et seq.*). The OCS Lands Act at subsection 8(p) (43 U.S.C. 1337(p)) authorizes the Secretary of the Interior to issue leases, easements, or rights-of way on the OCS for activities that produce or support production, transportation, or transmission of energy from sources other than oil and gas, including renewable energy. Subsection 8(p) directs the Secretary to issue any necessary regulations to carry out the OCS renewable energy program. The Secretary delegated this authority to BOEM. BOEM issued regulations for OCS renewable energy activities at 30 CFR part 585; this notice concerns the reporting and recordkeeping elements required by these regulations.

Respondents are lessees and grantees submitting plans for commercial and noncommercial renewable energy projects on the OCS, and, if such plans are approved, constructing, operating, maintaining, and decommissioning those projects. BOEM must ensure that these activities are carried out in a manner that provides for, among other things, safety, protection of the environment, and consideration of other OCS users. In order to execute its duties, BOEM requires information regarding potential purchasers of leases, grants, and rights-of-way; their proposed activities; their financial assurance instruments to ensure accrued obligations are met; and their payments to the U.S. Treasury.

BOEM uses forms to collect some information to ensure proper and efficient administration of OCS renewable energy leases and grants and to document the financial responsibility of lessees and grantees. Forms BOEM–0002, BOEM–0003, BOEM–0004, and BOEM–0006 are used by renewable energy entities on the OCS to assign a lease interest, designate an operator, and to assign or relinquish a lease or grant. Form BOEM–0005 is used to document a surety's guarantee lessees' and
