

The grantee's proposed service area under the ASF would be Hamilton, Butler, Warren, Brown and Clermont Counties, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies' needs for FTZ designation. The proposed service area is within and adjacent to the Cincinnati Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize its existing zone project as follows: remove Sites 1 and 2 due to changed circumstances and designate Sites 3, 4 and 5 as "magnet" sites. The ASF allows for the possible exemption of one magnet site from the "sunset" time limits that generally apply to sites under the ASF, and the applicant proposes that Site 4 be so exempted. The applicant is also requesting approval of a "usage-driven" site in Butler County: Proposed Site 6 (41 acres)—Liz Claiborne, Inc., 8471 Jaquemin Drive, West Chester. Since the ASF only pertains to establishing or reorganizing a general-purpose zone, the application would have no impact on FTZ 46's authorized subzones.

In accordance with the Board's regulations, Claudia Hausler of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is August 2, 2010. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to August 16, 2010.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>. For further information, contact Claudia Hausler at Claudia.Hausler@trade.gov or (202) 482-1379.

SUPPLEMENTARY INFORMATION: Established in 1975 as the Nation's first marine sanctuary, the Monitor National Marine Sanctuary is managed by NOAA's Office of National Marine Sanctuaries. It is one of 13 sanctuaries and protects the wreck of the famed Civil War ironclad, USS Monitor, best known for its battle with the Confederate ironclad, CSS Virginia in Hampton Roads, Va., on March 9, 1862.

The advisory council consists of 18 members and five alternates: 12 non-

governmental voting members, one non-governmental non-voting youth member, and five governmental voting members. The council seats represent a variety of regional interests and stakeholders, including: Citizen-at-Large, Conservation, Economic Development, Education, Heritage Tourism, Maritime Archaeological Research, Maritime Museums, The Mariners' Museum, Recreational/Commercial Fishing, Recreational Diving, the US Navy, Virginia and North Carolina Department of Historic Resources, the National Park Service, the US Coast Guard, and Youth. It is the combined expertise and experience of these individuals that creates an advisory council that is a valuable and effective resource for the sanctuary manager.

The council's objectives are to provide the sanctuary manager with advice on: (1) Protecting natural and cultural resources, and identifying and evaluating emergent or critical issues involving sanctuary use or resources; (2) identifying and realizing the sanctuary's research objectives; (3) identifying and realizing educational opportunities to increase public knowledge and stewardship of the sanctuary environment; and 4) developing an informed constituency to increase awareness and understanding of the purpose and value of the sanctuary and the National Marine Sanctuary System.

The council may serve as a forum for consultation and deliberation among its members and as a source of advice to the sanctuary manager regarding the management of the Monitor National Marine Sanctuary. The sanctuary advisory council holds open meetings to ensure continued public input on management issues and to increase public awareness and knowledge of the sanctuary environment. Public participation at these meetings is welcomed and encouraged.
