

Corporation’s name in the sections entitled “Background” and “Estimated CVD Subsidy Rates.”

**FOR FURTHER INFORMATION CONTACT:**  
Brian Warnes, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0028.

**SUPPLEMENTARY INFORMATION:**

**Background**

On March 11, 2025, Commerce published in the **Federal Register** the *Final Determination* of the CVD investigation of disposable aluminum containers from China.<sup>1</sup> In this notice, Commerce did not identify Henan Aluminium Corporations’s cross-owned affiliate.<sup>2</sup>

Further, on May 8, 2025, Commerce published in the **Federal Register** the CVD order for disposable aluminum containers from China.<sup>3</sup> In this notice, Commerce did not identify Henan Aluminium Corporation’s cross-owned

affiliate.<sup>4</sup> Also in the *CVD Order*, Commerce misspelled Henan Aluminium Corporation as “Henan Aluminum Corporation” in the sections entitled “Background” and “Estimated CVD Subsidy Rates.”<sup>5</sup>

**Correction 1**

In the **Federal Register** of March 11, 2025, in FR Doc 2025–03834, on page 11704, in the table under the heading “Final Determination,” correct the first line of the table by adding a footnote with Henan Aluminium Corporation, as follows:

Company	Subsidy rate (percent <i>ad valorem</i> )
Henan Aluminium Corporation <sup>6</sup> .....	* 317.85
Zhejiang Acumen Living Technology Co., Ltd .....	* 317.85
All Others .....	317.85

\* Rate based on facts available with adverse inferences.

**Correction 2**

In the **Federal Register** of May 8, 2025, in FR Doc 2025–80889, on page 19467 in the first paragraph of the “Background” section, correct the

misspelled name of “Henan Aluminum Corporation” to Henan Aluminium Corporation.

Also in FR Doc 2025–80889, on page 19469, in the table under the heading “Estimated CVD Subsidy Rates,” correct

the first line of the table from the misspelled name of “Henan Aluminum Corporation” to Henan Aluminium Corporation, and add a footnote to the corrected name, as follows:

Company	Subsidy rate (percent <i>ad valorem</i> )
Henan Aluminium Corporation <sup>7</sup> .....	* 317.85
Zhejiang Acumen Living Technology Co., Ltd .....	* 317.85
All Others .....	317.85

\* Rate based on facts available with adverse inferences.

**Notification to Interested Parties**

This notice is issued and published in accordance with sections 705(a) and 706(a) of the Tariff Act of 1930, as amended, 19 CFR 351.210(b)(1) and 19 CFR 351.211(b).

Dated: May 16, 2025.

**DEPARTMENT OF COMMERCE**

**National Oceanic and Atmospheric Administration**

**Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Tuna Tracking and Verification Program**

**AGENCY:** National Oceanic & Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of information collection, request for comment.

**SUMMARY:** The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

**DATES:** To ensure consideration, comments regarding this proposed information collection must be received on or before July 21, 2025.

<sup>1</sup> See *Disposable Aluminum Containers, Pans, Trays, and Lids from the People’s Republic of China: Final Affirmative Countervailing Duty Determination and Final Affirmative Determination of Critical Circumstances*, 90 FR 11703 (March 11, 2025) (*Final Determination*).

<sup>2</sup> Commerce also did not identify Henan Aluminium Corporation’s cross-owned affiliates in the notice of the preliminary determination of the CVD order on disposable aluminum containers from China. See *Disposable Aluminum Containers, Pans,*

*Trays, and Lids from the People’s Republic of China: Preliminary Affirmative Countervailing Duty Determination, Preliminary Affirmative Determination of Critical Circumstances, and Alignment of Final Determination With Final Antidumping Duty Determination*, 89 FR 85495 (October 28, 2024). However, we are not making a correction to that notice as the information was superseded by the *Final Determination*.

<sup>5</sup> *Id.*, 90 FR at 19467 and 19469.

<sup>6</sup> Commerce finds the following company to be cross-owned with Henan Aluminium Corporation: Anhui Aluminium Corporation.

<sup>7</sup> Commerce finds the following company to be cross-owned with Henan Aluminium Corporation: Anhui Aluminium Corporation.

**ADDRESSES:** Interested persons are invited to submit written comments to Adrienne Thomas, NOAA PRA Officer, at [NOAA.PRA@noaa.gov](mailto:NOAA.PRA@noaa.gov). Please reference OMB Control Number 0648–0335 in the subject line of your comments. All comments received are part of the public record and will generally be posted on <https://www.regulations.gov> without change. Do not submit Confidential Business Information or otherwise sensitive or protected information.

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or specific questions related to collection activities should be directed to William Stahnke, National Marine Fisheries Service (NMFS), Office of International Affairs, Trade, and Commerce (IATC), 501 West Ocean Boulevard, Suite 1200, Long Beach, CA 90802, (562) 980–4088 or [william.stahnke@noaa.gov](mailto:william.stahnke@noaa.gov).

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

This request is for the revision and extension of OMB Control Number: 0648–0335, sponsored by the National Oceanic and Atmospheric Administration's (NOAA's) National Marine Fisheries Service (NMFS) Office of International Affairs, Trade, and Commerce (IATC). This collection is being revised to transfer five (5) information collections currently included under OMB Control Number: 0648–0387, which is sponsored by the NMFS West Coast Region (WCR), to Control Number 0648–0335 to more accurately reflect how the information is actually being managed. All information collections referenced will be renewed under 0648–0335 going forward. There are no substantive changes to the information collection under 0648–0335 or those being brought over from 0648–0387. The five collections of information from 0648–0387 will be removed from that collection at the next renewal.

The information collected under 0648–0335, required by the International Dolphin Conservation Program Act (IDCPA), amendment to the Marine Mammal Protection Act (MMPA) (16 U.S.C. 1361 *et seq.*), is needed to: (1) document the dolphin-safe status of tuna import shipments; (2) verify that import shipments of fish were not harvested by large-scale, high seas driftnets; and (3) verify that tuna was not harvested by an embargoed nation or one that is otherwise prohibited from exporting tuna to the United States. Collected information includes the U.S. Customs and Border Protection (CBP) Entry Identification,

date of entry, and contact details on the exporting and importing companies. It also includes harvest characteristics such as fishing vessel name, fishing trip dates, vessel flag, vessel gear type, and ocean area of harvest, as well as the declaration of the dolphin safe status of the shipment, and if applicable, the attachment of required certifications. Forms are submitted by importers and processors. NMFS uses this information to verify the dolphin-safe status of tuna shipments.

The five information collections from 0648–0387 being merged into 0648–0335 are required by the IDCPA (16 U.S.C. 1414), which amended the Dolphin Protection Consumer Information Act (DPCIA) (16 U.S.C. 1385). The IDCPA and the DPCIA, *inter alia*, authorize the Secretary of Commerce to promulgate regulations that implement the dolphin-safe labeling standard in the United States by the collection of documents on the dolphin-safe status of tuna import shipments and domestic tuna product processing; by (1) allowing documentary requests to allow for an effective tracking and verification program; and (2) by verifying that tuna was not harvested by a nation under embargo or otherwise prohibited from exporting tuna to the United States. This collection includes vessel arrival notifications, tuna tracking forms, tuna product receiving and processing reports, and documents/certifications that provide information on vessel characteristics and operations in the ETP, the origin of tuna and tuna products, and chain of custody recordkeeping requirements. At this time we would also like to revise the IC Title from “Fisheries Certificate of Origin” to “Tuna Tracking and Verification Program”. As we make the necessary revisions to 0648–0335, it is imperative to amend the name to be more reflective of the broader information collections under our program and respected OMB control number.

##### II. Method of Collection

For the existing information collection under OMB Control Number 0648–0335, importing respondents are required to submit the form electronically to the CBP before or at the time of importation via the Automated Commercial Environment (ACE), as per regulations at 50 CFR 216.24(f)(2). Domestic processors typically submit the forms monthly via email, as per regulations at 50 CFR 216.93(d)(2).

There are no U.S. forms/templates for the information collections being brought over from OMB Control Number

0648–0387. The information will be collected electronically through email or other secure transmission platforms as appropriate. Implementing regulations are found at 50 CFR 216.91 and 50 CFR 216.93.

##### III. Data

*OMB Control Number:* 0648–0335.

*Form Number(s):* NOAA Form 370.

*Type of Review:* Regular submission (Revision and extension of a current information collection).

*Affected Public:* Business or other for-profit organizations.

*Estimated Number of Respondents:* 540.

*Estimated Time per Response:*

Fisheries Certificate of Origin: 25 minutes; Vessel Arrival Notification and Monthly Tuna Storage Removal Report: 10 minutes each; Tuna Tracking Form and Monthly Tuna Receiving Reports: 60 minutes each; Chain of Custody Report: 30 minutes.

*Estimated Total Annual Burden Hours:* 5,993.

*Estimated Total Annual Cost to Public:* \$0.

*Respondent's Obligation:* Mandatory.

*Legal Authority:* Marine Mammal Protection Act (16 U.S.C. 1361 *et seq.*); the Dolphin Protection Consumer Information Act (16 U.S.C. 1385), and the International Dolphin Conservation Program Act (16 U.S.C. 1414).

##### IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment

to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**Sheleen Dumas,**

*Departmental PRA Compliance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.*

#### Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to Alaska Railroad Corporation Seward Freight Dock Construction in Seward, Alaska

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; issuance of incidental harassment authorization.

**SUMMARY:** In accordance with regulations implementing the Marine Mammal Protection Act (MMPA) as amended, notification is hereby given that NMFS has issued an incidental harassment authorization (IHA) to the Alaska Railroad Corporation (ARRC) for authorization to take marine mammals incidental to the Seward Freight Dock construction project in Seward, Alaska.

**DATES:** This authorization is effective from November 1, 2026, through October 31, 2027.

**ADDRESSES:** Electronic copies of the application and supporting documents, as well as a list of the references cited in this document, may be obtained online at: <https://www.fisheries.noaa.gov/action/incidental-take-authorization-alaska-railroad-corporations-seward-freight-dock-construction>. In case of problems

accessing these documents, please call the contact listed below.

**FOR FURTHER INFORMATION CONTACT:** Jenna Harlacher, Office of Protected Resources, NMFS, (301) 427–8401.

#### SUPPLEMENTARY INFORMATION:

##### MMPA Background and Determinations

The MMPA prohibits the “take” of marine mammals, with certain exceptions. Among the exceptions is section 101(a)(5)(D) of the MMPA (16 U.S.C. 1361 *et seq.*) which directs the Secretary of Commerce (as delegated to NMFS) to allow, upon request, the incidental, but not intentional, taking by harassment of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and the public has an opportunity to comment on the proposed IHA.

Specifically, NMFS will issue an IHA if it finds that the taking will have a negligible impact on the species or stock(s) and will not have an unmitigable adverse impact on the availability of the species or stock(s) for taking for subsistence uses (where relevant). Further, NMFS must prescribe the permissible methods of taking and other “means of effecting the least [practicable] adverse impact” on the affected species or stocks and their habitat, paying particular attention to rookeries, mating grounds, and areas of similar significance, and on the availability of such species or stocks for taking for certain subsistence uses (referred to here as “mitigation”). NMFS must also prescribe requirements pertaining to monitoring and reporting of such takings. The definition of key terms such as “take,” “harassment,” and “negligible impact” can be found in the MMPA and the NMFS’ implementing regulations (see 16 U.S.C. 1362; 50 CFR 216.103).

On April 4, 2025, a notice of NMFS’ proposal to issue an IHA to ARRC for take of marine mammals incidental to

the Seward Freight Dock construction project in Seward, Alaska was published in the **Federal Register** (90 FR 14792, April 4, 2025). In that notice, NMFS indicated the estimated numbers, type, and methods of incidental take proposed for each species or stock and the mitigation, monitoring, and reporting measures that would be required should the IHA be issued. The **Federal Register** notice also included analysis to support NMFS’ preliminary conclusions and determinations that the IHA, if issued, would satisfy the requirements of section 101(a)(5)(D) of the MMPA for issuance of the IHA. The **Federal Register** notice included web links to a draft IHA for review and other supporting documents.

No substantive comments were received during the public comment period. With the exception of the minor changes described below, there are no changes to the specified activity, the species taken, the proposed numbers, type, or methods of take, or the mitigation, monitoring, or reporting measures in the proposed IHA notice. No new information that would change any of the preliminary analyses, conclusions, or determinations in the proposed IHA notice has become available since that notice was published and, therefore, the preliminary analyses, conclusions, and determinations included in the proposed IHA are considered final.

Changes have been made to correct typographical errors to Tables 5 and 7 in the proposed **Federal Register** notice. In table 5, there were errors in the tables sound pressure level categories. See below for the revised table 5. In table 7, the Level A harassment zone for vibratory installation of H piles should have been 3.5 m for phocids instead of 30.5 m. Additionally, text regarding the number of permanent piles installed via vibratory pile driving should have been 253 rather than 256. None of these minor changes affect or change the analysis or the findings in the proposed IHA notice.

TABLE 5—ESTIMATES OF MEAN UNDERWATER SOUND LEVELS\* GENERATED DURING IN-WATER VIBRATORY AND IMPACT PILE INSTALLATION AND VIBRATORY PILE REMOVAL

Method	Pile size and type	dB RMS (dB re 1 uPa RMS)	dB peak (dB re 1 uPa peak)	dB SEL (dB re 1 uPa <sup>2</sup> -sec)	Reference
Vibratory install and removal .....	24-inch (61 cm) steel pile.	163	-	-	NMFS 2023 Calculation.
Vibratory Install .....	Sheet pile pair .....	160.7	-	-	Caltrans 2015.
Vibratory Install .....	H-pile .....	150	-	-	Caltrans 2015.
Vibratory Install .....	30-inch (76 cm) steel pile.	167	-	-	NMFS2023 Calculation.
