

A. Overview of Information Collection

Title of Information Collection:
Energy and Performance Information
Center (EPIC).

OMB Approval Number: 2577–0274.

Type of Request: Revision of currently approved collection.

Form Number: None—all information collected electronically.

Description of the need for the information and proposed use: The Department has recognized the need for improving energy efficiency in affordable housing and has prioritized this in Agency Priority Goal #4, Measure #13. The energy efficiency data collected through EPIC gives the Department a more comprehensive dataset regarding energy efficiency. The EPIC data system will gradually automate the collection of the five year plan and annual statement forms from grantees. These are required forms presently collected in hard copy on Forms HUD 50075.1 and HUD 50075.2 under collection OMB control number 2577–0226. These forms also collect data on the eventual, actual use of funds; this data will be gradually collected electronically through the EPIC data system as well. Electronic collection will enable the Department to aggregate information about the way grantees are using Federal funding. Additionally, PHA grantees will be able to submit Replacement Housing Factor fund plans, the mechanism by which PHAs are allowed to accumulate special funds received based on units removed from the inventory from year to year. This information is presently collected in hard copy at the field office level; the EPIC data system will automate and centralize this collection in order to streamline the process and improve transparency. Furthermore, the EPIC data system will be loaded with Physical Needs Assessment (“PNA”) data. This data being in the system coupled with the electronic planning process will streamline grantee planning. The EPIC data system will collect information about the Energy Performance Contract (“EPC”) process, including the energy efficiency improvements. As the Department moves to shrink its energy footprint in spite of rising energy costs, clear and comprehensive data on this process will be crucial to its success. Finally, the Department has prioritized in Agency Performance Goal #2, Measure #5 making housing more available for more families. In the light of the recent housing crisis, this goal has become simultaneously more challenging and more important. Tracking of the use of Federal funds paid through the Public

Housing Capital Fund, the only Federal funding stream dedicated to the capital needs of the nation’s last resort housing option, is crucial to understanding how the Department can properly and efficiently assist grantees in meeting this goal as well as assessing the Department’s own progress. The EPIC data system will track development of Public Housing with Federal funds and through other means, including mixed-finance development.

SUPPLEMENTARY INFORMATION: The
Commission instituted this investigation
on May 11, 2006, based on a complaint,
as amended, filed by Crocs, Inc.
("Crocs") of Niwot, Colorado. 71 FR
27514–15 (May 11, 2006). The
complaint alleged, *inter alia*, violations
of section 337 of the Tariff Act of 1930,
as amended (19 U.S.C. 1337), in the
importation into the United States, the
sale for importation, and the sale within
the United States after importation of
certain foam footwear, by reason of
infringement of claims 1–2 of U.S.
Patent No. 6,993,858 ("the '858 patent")
and U.S. Patent No. D517,789 ("the '789
patent"). The notice of investigation
named several respondents including
Double Diamond Distribution Ltd.
("Double Diamond") of Saskatoon,
Canada.

On July 25, 2008, the Commission
issued its final determination finding no
violation of section 337 based on non-
infringement and non-satisfaction of the
technical prong of the domestic industry

requirement with respect to the '789
patent, and invalidity of the '858 patent
as obvious under 35 U.S.C. 103. 73 FR
45073–74 (Aug. 1, 2008). On July 15,
2011, after an appeal to the U.S. Court
of Appeals for the Federal Circuit and
subsequent remand vacating the
Commission's previous finding of no
violation, the Commission found a
violation of section 337 based on
infringement of the asserted claims of
the patents and issued a general
exclusion order and, *inter alia*, a cease
and desist order directed against Double
Diamond. 76 FR 43723–24 (July 21,
2011).

On July 12, 2016, Double Diamond
and U.S.A. Dawgs, Inc. ("USA Dawgs")
of Las Vegas, Nevada (collectively, the
"requesters") petitioned for institution
of an advisory opinion proceeding as to
whether their Fleece Dawgs footwear is
covered by the general exclusion order
or cease and desist order directed
against Double Diamond. No responses
were filed.

The Commission has determined that
requesters' petition complies with the
requirements for institution of an
advisory opinion proceeding under
Commission Rule 210.79 to determine
whether their Fleece Dawgs footwear
infringes the '789 patent or claims 1 or
2 of the '858 patent. Accordingly, the
Commission has determined to institute
an advisory opinion proceeding and
refer requesters' petition to the Office of
Unfair Import Investigations ("OUII").
The parties will furnish OUII with
information as requested, and OUII shall
investigate and issue a report to the
Commission within ninety (90) days of
the date of publication of this notice in
the **Federal Register**. The Commission
will issue an advisory opinion within 45
days of receipt of OUII's written report.
The following entities are named as
parties to the proceeding: (1) Crocs; (2)
Double Diamond; and (3) USA Dawgs.

The authority for the Commission's
determination is contained in sections
335 and 337 of the Tariff Act of 1930,
as amended (19 U.S.C. 1335, 1337), and
in Part 210 of the Commission's Rules
of Practice and Procedure (19 CFR part
210).

By Order of the Commission.

Issued: August 11, 2016.

Lisa R. Barton,

Secretary to the Commission.
