SUPPLEMENTARY INFORMATION:

Title: 30 CFR Parts 1202, 1206, 1210, 1212, 1217, and 1218, Solid Minerals and Geothermal Resources.

OMB Control Number: 1010–0120.

Bureau Form Number: MMS–4430, MMS–4292, and MMS–4293.

Abstract: The Secretary of the U.S. Department of the Interior is responsible for mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). The Secretary is required by various laws to manage mineral resource production from Federal and Indian lands and the OCS, collect the royalties and other mineral revenues due, and distribute the funds collected in accordance with applicable laws. Public laws pertaining to mineral leases on Federal and Indian lands are posted on our Web site at http://www.onrr.gov/Laws_R_D/PublicLawsAMR.htm. The Secretary also has a trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries.

The Office of Natural Resources Revenue (ONRR) performs the minerals revenue management functions for the Secretary and assists the Secretary in carrying out the Department's trust responsibility for Indian lands.

I. General Information

When a company or an individual enters into a lease to explore, develop, produce, and dispose of minerals from Federal or Indian lands, that company or individual agrees to pay the lessor a share in an amount or value of production from the leased lands. The lessee is required to report various kinds of information to the lessor relative to the disposition of the leased minerals. Such information is generally available within the records of the lessee or others involved in developing, transporting, processing, purchasing, or selling of such minerals.

II. Information Collections

The ONRR, acting for the Secretary, uses the information collected to ensure that royalties are based on correct product valuation, reported in a timely manner, and paid appropriately. The ONRR and other Federal Government, state, and tribal entities use the information for audit purposes and for evaluating the reasonableness of product valuation or allowance claims submitted by lessees. Please refer to the burden hour table for all reporting requirements and associated burden hours. All data submitted is subject to subsequent audit and adjustment.

A. Solid Minerals

Producers of coal and other solid minerals from any Federal or Indian lease must submit Form MMS–4430, Solid Minerals Production and Royalty Report, and other associated data formats. Producers of coal from any Indian lease must also submit Form MMS–4292, Coal Washing Allowance Report, and Form MMS–4293, Coal Transportation Allowance Report, if they wish to claim allowances on Form MMS–4430. Companies report certain data on Form MMS–2014, Report of Sales and Royalty Remittance (OMB

Control Number 1010–0139). The information requested is the minimum necessary to carry out our mission and places the least possible burden on respondents.

B. Geothermal Resources

This ICR also covers some of the information collections for geothermal resources, which are grouped by usage (electrical generation, direct use, and byproduct recovery), and by disposition of the resources (arm's-length (unaffiliated) contract sales, non-arm's-length contract sales, and no contract sales) within each use group. The ONRR relies primarily on data reported by payors on Form MMS–2014 for the majority of our business processes, including geothermal information. In addition to using the data to account for royalties reported by payors, ONRR uses the data for monthly distribution of mineral revenues and audit and compliance reviews.

III. OMB Approval

We are requesting OMB approval to continue to collect this information. Not collecting this information would limit the Secretary's ability to discharge fiduciary duties and may also result in the loss of royalty payments. Proprietary information submitted to ONRR under this collection is protected, and no items of a sensitive nature are included in this information collection.

Responses are mandatory for Form MMS–4430. A response is required to obtain benefits for Forms MMS–4292 and MMS–4293.

Frequency: Monthly, annually, and on occasion.

Estimated Number and Description of Respondents: 161 reporters.

Estimated Annual Reporting and Recordkeeping "Hour" Burden: 3,509 hours.

We have not included in our estimates certain requirements performed in the normal course of business and considered usual and customary. The following table shows the estimated burden hours by CFR section and paragraph:
