List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

- 1. The authority citation for part 165 continues to read as follows:

Authority: 46 U.S.C. 70034, 70051; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 00170.1, Revision No. 01.3.

- 2. Add § 165.T07–0565 to read as follows:

§ 165.T07–0565 Transit of the M/V ZHENG HOU 28, St. John's River, FL.

(a) *Location.* The following areas are temporary safety zones:

(1) All waters of the Atlantic Ocean and the St. John's River, FL, from surface to bottom, that are within 100 yards when the vessel M/V ZHENG HOU 28 is transiting inbound from the St. Johns River Sea Buoy, until it is moored to Blount Island.

(2) All waters of the St. John's River, FL, from surface to bottom to within 25 yards of the vessel M/V ZHENG HOU 28, while the vessel is moored to Blount Island, FL.

(b) *Definitions.* As used in this section, *designated representative* means a Coast Guard Patrol Commander, including a Coast Guard coxswain, petty officer, or other officer operating a Coast Guard vessel and a Federal, State, and local officer designated by or assisting the Captain of the Port Jacksonville (COTP) in the enforcement of the safety zone.

(c) *Regulations.* (1) Under the general safety zone regulations in subpart C of this part, you may not enter the safety zone described in paragraph (a) of this section unless authorized by the COTP or the COTP's designated representative.

(2) To seek permission to enter, contact the COTP or the COTP's representative by Jacksonville by telephone at (904) 714–7557, or a designated representative via VHF–FM radio on channel 16, to request

authorization. If authorization is granted, all persons and vessels receiving such authorization must comply with the instructions of the COTP Jacksonville or a designated representative.

(d) *Enforcement period.* This section will be enforced from 12:01 a.m. on July 16, 2023 through 11:59 p.m., on December 31, 2023.

Dated: July 14, 2023.

J.D. Espino-Young,
Captain, U.S. Coast Guard, Captain of the Port Jacksonville.

BILLING CODE 9110–04–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA–R03–OAR–2023–0104; FRL10907–03–R3]

Air Plan Approval; Virginia; Startup, Shutdown, and Malfunction Amendments to Facility and Control Equipment Maintenance or Malfunction Regulations; Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; correction.

SUMMARY: On June 22, 2023, the Environmental Protection Agency (EPA) published a final rule in the **Federal Register** approving revisions to the Commonwealth of Virginia state implementation plan (SIP). In that rule, the EPA inadvertently included erroneous amendatory instructions codifying the approved SIP amendment to be incorporated by reference (IBR) for Article 57: Emission Standards for Industrial Solvent Cleaning Operations in the Northern Virginia Volatile Organic Compound Emissions Control Area, 8-hour Ozone Standard (Rule 4–57). This document corrects the errors in the final rule's amendatory instruction and table entry.

DATES: This correction is effective July 24, 2023.

ADDRESSES: EPA has established a docket for this action under Docket ID Number EPA–R03–OAR–2023–0104. All documents in the docket are listed on the www.regulations.gov website. Although listed in the index, some information is not publicly available, e.g., confidential business information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly

available only in hard copy form. Publicly available docket materials are available through www.regulations.gov, or please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section for additional availability information.

FOR FURTHER INFORMATION CONTACT:

Sean Silverman, Planning & Implementation Branch (3AD30), Air & Radiation Division, U.S. Environmental Protection Agency, Region III, 1600 John F Kennedy Boulevard, Philadelphia, Pennsylvania 19103. The telephone number is (215) 814–5511. Mr. Silverman can also be reached via electronic mail at silverman.sean@epa.gov.

SUPPLEMENTARY INFORMATION: In our final rule published June 22, 2023 (88 FR 40715), effective July 24, 2023, the EPA inadvertently included errors in amendatory instructions that codified the approved SIP amendment to be incorporated by reference for Article 57: Emission Standards for Industrial Solvent Cleaning Operations in the Northern Virginia Volatile Organic Compound Emissions Control Area, 8-hour Ozone Standard (Rule 4–57). The June 22, 2023 publication states that the entry “8–40–8640” is being added. The correct entry added should be “5–40–8640.”

Correction

In FR Doc. 2023–13147, published at 88 FR 40715 in the **Federal Register** on Thursday June 22, 2023, the following corrections are made:

Subpart VV—Virginia

§ 52.2420 [Corrected]

■ 1. On page 40718, in the second column, in amendment 2.d. for § 52.2420, the instruction “Adding the entry “8–40–8640” in numerical order under the heading “Article 57. Emission Standards for Industrial Solvent Cleaning Operations in the Northern Virginia Volatile Organic Compound Emissions Control Area, 8-hour Ozone Standard (Rule 4–57)”” is corrected to read “Adding the entry “5–40–8640” in numerical order under the heading “Article 57. Emission Standards for Industrial Solvent Cleaning Operations in the Northern Virginia Volatile Organic Compound Emissions Control Area, 8-hour Ozone Standard (Rule 4–57)””.

■ 2. On page 40719, in § 52.2420, paragraph (c) table, under the heading “Article 57. Emission Standards for Industrial Solvent Cleaning Operations in the Northern Virginia Volatile Organic Compound Emissions Control

Area, 8-hour Ozone Standard (Rule 4–57)”, the entry is corrected to read as follows: **§ 52.2420 [Corrected]**
(c) * * *

| State citation | Title/subject | State effective date | EPA approval date | Explanation [former SIP citation] |
|---|--|----------------------|--|-----------------------------------|
| * | * | * | * | * |
| Article 57. Emission Standards for Industrial Solvent Cleaning Operations in the Northern Virginia Volatile Organic Compound Emissions Control Area, 8-hour Ozone Standard (Rule 4–57) | | | | |
| 5–40–8640 | Facility and control equipment maintenance or malfunction. | 2/1/2016 | 7/20/2023, [INSERT FEDERAL REGISTER CITATION]. | Added. |

Adam Ortiz,

Regional Administrator, Region III.

BILLING CODE 6560–50–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Parts 600 and 622

[Docket No. 230713–0165]

RIN 0648–BL56

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Fishery Management Plans of Puerto Rico, St. Croix, and St. Thomas and St. John; Amendments 1

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule.

SUMMARY: NMFS issues regulations to implement Amendment 1 to the Puerto Rico Fishery Management Plan (FMP), Amendment 1 to the St. Croix FMP, and Amendment 1 to the St. Thomas and St. John FMP (jointly Amendments 1), as submitted by the Caribbean Fishery Management Council (Council). This final rule and Amendments 1 prohibit the use of buoy gear by the recreational sector in U.S. Caribbean Federal waters and modify the regulatory definition of buoy gear to increase the maximum number of allowable hooks used by the commercial sector in U.S. Caribbean Federal waters from 10 to 25. The purpose of this final rule and Amendments 1 is to allow commercial fishermen targeting deep-water fish, including snappers and groupers, in the U.S. Caribbean Federal waters to use buoy gear with up to 25 hooks, while protecting deep-water reef fish resources

and habitats and minimizing user conflicts.

DATES: This final rule is effective August 21, 2023.

ADDRESSES: Electronic copies of Amendments 1, which includes a fishery impact statement and a regulatory impact review, may be obtained from the Southeast Regional Office website at <https://www.fisheries.noaa.gov/action/generic-amendment-1-island-based-fishery-management-plans-modification-buoy-gear-definition>.

FOR FURTHER INFORMATION CONTACT:

Maria Lopez-Mercer, telephone: 727–824–5305, or email: maria.lopez@noaa.gov.

SUPPLEMENTARY INFORMATION: NMFS and the Council manage reef fish and pelagic stocks and stock complexes in the U.S. Caribbean Exclusive Economic Zone (EEZ) under the Puerto Rico FMP, St. Croix FMP, and St. Thomas and St. John FMP (collectively the island-based FMPs). The Council prepared the island-based FMPs and NMFS implements the FMPs through regulations at 50 CFR part 622 under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act).

On April 6, 2023, NMFS published a notice of availability for Amendments 1 and requested public comment (88 FR 20453). NMFS approved Amendments 1 on July 3, 2023. On April 24, 2023, NMFS published a proposed rule for Amendments 1 and requested public comment (88 FR 24746). The proposed rule and Amendments 1 outline the rationale for the actions contained in this final rule. A summary of the management measures described in Amendments 1 and implemented by this final rule is described below.

Background

The Magnuson-Stevens Act requires NMFS and regional fishery management

councils to prevent overfishing and to achieve, on a continuing basis, the optimum yield from federally managed fish stocks. These mandates are intended to ensure that fishery resources are managed for the greatest overall benefit to the nation, particularly with respect to providing food production and recreational opportunities, and protecting marine ecosystems. To further this goal, the Magnuson-Stevens Act requires fishery managers to minimize bycatch and bycatch mortality to the extent practicable. The Magnuson-Stevens Act also authorizes the Council and NMFS to regulate fishing activity to support the conservation and management of fisheries, which may include regulations that pertain to fishing for non-managed species.

On September 22, 2020, the Secretary of Commerce approved the island-based FMPs under section 304(a)(3) of the Magnuson-Stevens Act. For Puerto Rico and the U.S. Virgin Islands (USVI), the Council and NMFS manage fisheries under the island-based FMPs. NMFS published the final rule to implement the island-based FMPs on September 13, 2022 (87 FR 56204). The island-based FMPs contain management measures applicable for Federal waters off each respective island group. Among other measures, for reef fish and pelagic species managed in each island management area, these include allowable fishing gear and methods for harvest. Federal waters around Puerto Rico extend seaward from 9 nautical miles (nmi; 16.7 km) from shore to the offshore boundary of the EEZ. Federal waters around St. Croix, and St. Thomas and St. John extend seaward from 3 nmi (5.6 km) from shore to the offshore boundary of the EEZ. Federal regulations at 50 CFR 600.725(v), in section (V) of the table, describe the authorized fishing gear for each of the Council-managed fisheries and non-
