

input that will inevitably help determine and better define the underlying issues of the DEIS. Planned public meetings will be announced through local publications and online Internet access in advance of any proposed action, announcing meeting time and location.

A public meeting will be held on Fort Meade to facilitate input to the EIS process by citizens and organizations. The date and time of these meetings will be announced in the general media and will be at times and locations convenient to the public. To be considered in the Draft EIS, comments and suggestions should be received not later than 15 days following the public scoping meeting.

Significant issues: Within Fort Meade's boundaries lie numerous historic and prehistoric sites that were identified through the Cultural Resources Management Plan. Fort Meade also maintains historically significant structures which are eligible for inclusion on the National Register and may be directly affected by the actions proposed in the long range Master Plan. Equally important is the impact Fort Meade has on the Chesapeake Bay and the crucial role it plays in maintaining and protecting which is considered one of the world's most diverse ecosystems. Fort Meade is also home to eleven State Endangered Species, including the Glassy Darter which is one of only two locations in the State of Maryland where the fish is known to exist.

DEPARTMENT OF EDUCATION

Privacy Act of 1974; System of Records—Federal Student Aid Application File (18-11-01)

AGENCY: Department of Education.

ACTION: Correction.

SUMMARY: The Chief Information Officer for the Department of Education publishes this correction to the Federal Student Aid Application File (18-11-01). This system was republished on June 4, 1999 (64 FR 30159) in response to the President's direction that agencies review system notices to be sure that each notice was current and accurately reflected how the system was used by the agency. In the process of converting this system of records to a newer, easier to read style, some of the routine uses that the Department decided to apply to all systems of records were dropped. This notice adds the intended routine uses to the system of records.

DATES: The routine uses added by this notice are effective on March 2, 2000.

FOR FURTHER INFORMATION CONTACT: Bill Burrow, Office of Chief Information Officer, U.S. Department of Education, 400 Maryland Avenue, SW., Room 5624 Regional Office Building 3, Washington, DC 20202-4580. Telephone: 202-401-0250. If you use a telecommunications device for the deaf (TDD), you may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

Individuals with disabilities may obtain this document in an alternate format (e.g., Braille, large print, audiotape, or computer diskette) on request to the contact person listed in the preceding paragraph.

SUPPLEMENTARY INFORMATION:

General

In a memorandum dated May 14, 1998, President Clinton directed executive departments and agencies (agencies) to conduct a thorough review for accuracy and completeness of all agency systems of records. He directed agencies to make sure that the routine uses continue to be necessary and compatible with the purposes for which they were collected.

On June 4, 1999, 64 FR 30105, the Department republished virtually all of its systems of records, including this system of records, in response to the President's memorandum. In that notice, the Department committed to using standard routine uses for all its revised systems. Unfortunately, the standard routine use for research was omitted from the Federal Student Aid Application File (18-11-01), due to technical errors. This notice adds this and other standard routine uses to that system of records. ED needs the research routine use in this system of records so that ED may conduct research on the extent to which applicants inaccurately report income needed to determine eligibility for various forms of student financial assistance. These routine uses do not affect the day-to-day operation of this system as its program specific routine uses were not affected by the technical errors.

Correction

In the Notice of New, Amended, Altered and Deleted Systems of Records published in the **Federal Register** on June 4, 1999 (64 FR 30105), make the following correction beginning on page 30160, in the first column, in the notice entitled "Federal Student Aid Application File (18-11-01)," under the heading "Routine Uses of Records Maintained in the System, Including Categories of Users and Purposes of Such Users," add the following numbered paragraphs after paragraph (9):
