Submission for OMB Review; Comment Request

AGENCY: Department of the Navy, Department of Defense (DoD).

ACTION: Emergency notice.

SUMMARY: Consistent with the Paperwork Reduction Act of 1995 and its implementing regulations, this document provides notice DoD is submitting an Information Collection Request to the Office of Management and Budget (OMB) to conduct a strategic level engagement survey of the Navy Active Duty population that addresses core measures relating to the health of the force and addresses emergent issues of interest to Navy leadership. This is a biennial survey, initiated in 2019, the results of which inform the Navy's Health of the Force Report to Congress, congressional testimony, as well as support program and policy assessments. A secondary goal of this survey is to minimize the number of unnecessary and potentially duplicative smaller surveys. DoD requests emergency processing and OMB authorization to collect the information after publication of this notice for a period of six months.

DATES: Comments must be received by August 19, 2021.

ADDRESSES: The Department has requested emergency processing from OMB for this information collection request by 1 day after publication of this notice. Interested parties can access the supporting materials and collection instrument as well as submit comments and recommendations to OMB at www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 1-day Review—Open for Public Comments” or by using the search function. Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

A scripted briefing report documenting, in detail, the results of the survey will be completed and provided to all those organizations who provided input to the survey. An executive overview brief will be developed and provided to senior leadership. Results from the survey will also be incorporated into the Health of the Force report in November for release in January 2022.

DEPARTMENT OF EDUCATION

National Assessment Governing Board

Solicitation of Public Comments for Updating the Science Assessment Framework for the 2028 National Assessment of Educational Progress (NAEP)

AGENCY: National Assessment Governing Board, U.S. Department of Education.

ACTION: Notice of opportunity for preliminary public comment for the Science Assessment Framework for the 2028 National Assessment of Educational Progress (NAEP).

SUMMARY: The National Assessment Governing Board (Governing Board) is soliciting public comment for preliminary guidance in updating the Assessment Framework for the 2028 National Assessment of Educational Progress (NAEP) in Science.

SUPPLEMENTARY INFORMATION: The Governing Board is authorized to formulate policy guidelines for NAEP. Section 302(e)(1)(c) of Public Law 107-279 specifies that the Governing Board determines the content to be assessed for each NAEP Assessment. Each NAEP subject area assessment is guided by a framework that defines the scope of the domain to be measured by delineating the knowledge and skills to be tested at each grade and subject, the format of the assessment, and the achievement level descriptions—guiding assessments that are valid, reliable, and reflective of widely accepted professional standards. The NAEP Science Assessment Framework was last revised in 2005 (and most recently used for the 2019 NAEP Science Assessment). Comments received in response to this notice will be utilized to inform Governing Board decisions on the extent of revisions needed to update the NAEP Science Assessment Framework. A Governing Board charge to launch the framework revision process is anticipated at the March 2022 quarterly Board meeting.

Public and private parties and organizations are invited to provide written comments and recommendations relative to the current framework, adopted in 2005. Comments
