Title: Community Reinvestment Act Qualifying Activities Confirmation Request Form.

OMB Control No.: 1557–NEW.

Abstract: The OCC is revising and requesting a new OMB control number for its form titled “Community Reinvestment Act Qualifying Activities Confirmation Request Form,” which is currently approved under OMB Control No. 1557–0160.

The form was created to address the need for a qualifying activities confirmation process that would allow banks and interested parties to ascertain whether an activity qualifies under the Community Reinvestment Act (CRA). The process was well-received and strongly supported by commenters on the OCC ANPR and NPR that resulted in the 2020 final rule. Commenters on the OCC’s September 2021 CRA NPR expressed continued support for such a confirmation system and, thus, the OCC has determined that it is important to allow for a more effective and efficient confirmation of CRA-qualified activities.

The proposed revised form includes the following changes:

- The relocation of the regulation citation checklist of qualifying activities from the submitter portion of the form to the OCC portion of the form to reduce burden on the submitter and more accurately capture the qualifying basis of a CRA activity.
- The relocation of the activity title field from the submitter portion of the form to the OCC portion of the form to reduce burden on the submitter and permit the OCC to develop an appropriate and unique identifying title of the activity for the qualifying activities confirmation request decision list and the CRA Illustrative List of Qualifying Activities, when applicable.
- The relocation of the activity short description field from the submitter portion of the form to the OCC portion of the form to reduce burden on the submitter and permit the OCC to develop a unique, appropriate identifying short description of the activity for the qualifying activities confirmation request decision list and the CRA Illustrative List of Qualifying Activities, when applicable.
- The addition of a new field to the submitter portion of the form to provide for the identification of a contact’s bank or organization, if applicable, as that entity may differ from the bank or organization conducting the activity.
- The elimination of the OCC portion of the form from the publicly-available submitter portion of the form consistent with the integration of the OCC portion of the form into a web-based platform that eliminates use of the Adobe Acrobat format in conducting the review of submitted activities.
- The revision of regulatory citations in the form.
- The addition of a field indicating whether the activity occurred between October 1, 2020 and December 31, 2021.

Type of Review: Regular.

Affected Public: Businesses or other for-profit; individuals.

Number of Respondents: 120.

Frequency of Response: On occasion.

Total Annual Burden: 2,280 hours.

On December 15, 2021, the OCC published a notice for 60 days of comment concerning this collection, 86 FR 71318. No comments were received. Comments continue to be solicited on:

- Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information has practical utility;
- The accuracy of the agency’s estimate of the burden of the collection of information;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.
