

Laboratory Approval & Testing Division (LATD); Monitoring Programs Division (MPD); the Plant Variety Protection Office (PVPO); and the Seed Regulatory and Testing Division (SRTD). AMS' S&T, LATD provides analytical lab testing and approval services to facilitate domestic and international marketing of food and agricultural commodities. AMS, LATD's National Science Laboratories (NSL) provides objective, timely, and cost-effective analytical testing services to facilitate marketing of food and agricultural products. Regulations implementing AMS' NSL appear at 7 CFR part 91.

Pursuant to this authority, AMS' National Science Laboratories (NSL) is a fee-for-service lab network (7 CFR parts 91) utilized by both industry and government. Through laboratories located in Gastonia, NC, and Blakely, GA, NSL provides chemical, microbiological, and bio-molecular analyses on food and agricultural commodities. NSL provides testing service for AMS commodity programs, other USDA agencies, Federal and State agencies, US Military, research institutions, and private sector food and agricultural industries.

Need and Use of the Information: The National Science Laboratories (NSL) collects, voluntarily from the applicant, customer/business information and specific information about the sample(s) being submitted to perform chemical, microbiological, and bio-molecular analyses on food and agricultural commodities, provide an analytical report/certificate, and collect payment for services. The customer/business information requested is used by the Administrative Officer to identify the applicant in the billing system, to set up an account in the billing system and contact the party responsible for payment of the fee for services. The Sample information documentation requested, to be provided with sample(s), is used by NSL staff to uniquely identify sample, sample conditions, and requested analytical test(s). This is a "fee for service" program with voluntary participation. All costs are recovered. Only information essential to provide service is requested.

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by December 7, 2023 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

National Appeals Division

Title: National Appeals Division Customer Service Survey.

OMB Control Number: 0503–0007.

Summary of Collection: The Secretary of Agriculture established the National Appeals Division (NAD) on October 20,

1994, by Secretary's Memorandum 1010–1, pursuant to the Federal Crop Insurance Reform and Department of Agriculture Reorganization Act of 1994 (Pub. L. 103–354, section 271, dated October 13, 1994). The Act consolidated the appellate functions and staffs of several USDA agencies. The intent is to provide for independent hearing and review determinations that resulted from Agency adverse decisions. Administrative Judges conduct evidentiary hearing on adverse decisions or, when the appellant requests they review the Agency's record of the adverse decision without a hearing. NAD maintains a database to track appeal requests, the database contains only information necessary to process the appeal request, such as the name, address, filing data, and final results of the appeal. NAD will collect information using a survey.

Need and Use of the Information: NAD wants to gather current data to measure the appellant's perception of the quality of how easy the determination was to read; how intently the Administrative Judge listened to the appellant; and how courteous the Administrative Judge was during the appeal process. NAD will also use the information gathered from its surveys to tailor and prioritize training. Failure to collect this information will not impede NAD's ability to conduct administrative appeals; however, it will impair NAD's ability to develop and improve Customer Service Standards.

Description of Respondents:

Individuals or households.

Number of Respondents: 2,400.

Frequency of Responses: Reporting: Annually.

SUPPLEMENTARY INFORMATION:

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

OMB Number: 0583-0151.

Expiration Date: March 31, 2024.

Type of Request: Request for renewal of an approved information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the

Secretary (7 CFR 2.18 and 2.53), as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*). These statutes mandate that FSIS protect the public by verifying that meat, poultry, and egg products are safe, wholesome, and properly labeled.

FSIS is requesting renewal of the approved information collection regarding the qualitative customer and stakeholder feedback on service delivery by FSIS. There are no changes to the existing information collection. The approval for this information collection will expire on March 31, 2024.

The proposed information collection activity provides a means for FSIS to garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Agency's commitment to improving service delivery.

By "qualitative feedback," FSIS means information that provides useful insights on perceptions and opinions, but not a statistical survey that yields quantitative results that can be generalized to the population studied. Qualitative feedback provides insights into customer or stakeholder perceptions, experiences, and expectations; provides an early warning of issues with the Agency's customer service; and focuses attention on matters with respect to which communication or changes in operations might improve delivery of products or services. This collection will allow for ongoing, collaborative, and actionable communications between the Agency and its customers and stakeholders. It will also allow the feedback to contribute directly to the improvement of program management.

The solicitation of qualitative feedback will target topics such as: Timeliness, appropriateness, accuracy of information, courtesy, efficiency of service delivery, and resolution of issues with service delivery. Responses will be assessed to plan and inform efforts to improve or maintain the quality of service offered to the public. If this information is not collected, vital feedback from customers and stakeholders on the Agency's services will be unavailable.

FSIS will only submit a collection for approval under this generic clearance if it meets the following conditions:

The collection is voluntary;
The collection is low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per

respondent) and is low-cost for both the respondents and the Federal Government;

The collection is non-controversial and does not raise issues of concern to other Federal agencies;

The collection is targeted to the solicitation of opinions from respondents who have had experience with the program, or who may have experience with the program in the near future;

Personally identifiable information (PII) is collected only to the extent necessary and is not retained; as a general matter, this information collection will not result in any new system of records containing privacy information and will not involve questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, or other matters that are commonly considered private;

Information gathered is intended to be used only internally for general service improvement and program management purposes and is not intended for release outside of FSIS (if released, FSIS will indicate the qualitative nature of the information);

Information gathered will not be used for the purpose of substantially informing policy decisions; and

Information gathered will yield qualitative information; the collection will not be designed or expected to yield statistically reliable results or used as though the results are generalizable to the population of study.

FSIS has made the following estimates based upon an information collection assessment:

Estimate of Burden: The public reporting burden for this collection of information is estimated to average .5 hours per response.

Respondents: Individuals and households; businesses and organizations; State, local, or Tribal government.

Estimated Annual Number of Respondents: 4,000.

Estimated Annual Number of Responses per Respondent: 1.

Estimated Annual Number of Responses: 4,000.

Estimated Total Annual Burden on Respondents: 2,000 hours.

Copies of this information collection assessment can be obtained from Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence SW, Mailstop 3758, South Building, Washington, DC 20250; (202) 720-5627.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will

also become a matter of public record. Copies of this information collection assessment can be obtained from Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW, Mailstop 3758, South Building, Washington, DC 20250–3700; 202–720–5046.

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of FSIS' functions, including whether the information will have practical utility; (b) the accuracy of FSIS' estimate of the burden of the proposed collection of information, including the validity of the method and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Washington, DC 20253.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, FSIS will announce this **Federal Register** publication on-line through the FSIS web page located at: <https://www.fsis.usda.gov/federal-register>.

FSIS will also announce and provide a link to this **Federal Register** publication through the FSIS *Constituent Update*, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of information that could affect or would be of interest to our constituents and stakeholders. The *Constituent Update* is available on the FSIS web page. Through the web page, FSIS can provide information to a much broader, more diverse audience. In addition, FSIS offers an email subscription service which provides automatic and customized access to selected food safety news and information. This service is available at: <https://www.fsis.usda.gov/subscribe>. Options range from recalls to export information, regulations, directives, and notices. Customers can add or delete subscriptions themselves and have the option to password protect their accounts.

USDA Non-Discrimination Statement

In accordance with Federal civil rights law and USDA civil rights regulations and policies, USDA, its Mission Areas, agencies, staff offices, employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotape, American Sign Language) should contact the responsible Mission Area, agency, or staff office; the USDA TARGET Center at (202) 720–2600 (voice and TTY); or the Federal Relay Service at (800) 877–8339.

To file a program discrimination complaint, a complainant should complete a Form AD–3027, *USDA Program Discrimination Complaint Form*, which can be obtained online at <https://www.usda.gov/forms/electronic-forms>, from any USDA office, by calling (866) 632–9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD–3027 form or letter must be submitted to USDA by:

(1) *Mail:* U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue SW, Washington, DC 20250–9410;

(2) *Fax:* (833) 256–1665 or (202) 690–7442; or

(3) *Email:* program.intake@usda.gov.
