

subheadings are provided for convenience and customs purposes, the written description of the scope of this investigation is dispositive.

Appendix II

Where it is not practicable to examine all known producers/exporters of subject merchandise, section 777A(c)(2) of the Tariff Act of 1930, as amended, permits us to investigate: (1) a sample of exporters, producers, or types of products that is statistically valid based

on the information available at the time of selection; or, (2) exporters and producers accounting for the largest volume and value of the subject merchandise that can reasonably be examined.

In providing the information in the chart below, please provide the total quantity in pieces/units and total value (in U.S. dollars) of all your sales to the United States during the period January 1, 2008 through June 30, 2008, covered

by the scope of this investigation *see* Appendix I of this notice), produced in the PRC.

Additionally, if you believe that you should be treated as a single entity along with other named exporters, please complete the chart, below, both in the aggregate for all named parties in your group and, in separate charts, individually for each named entity. Please label each chart accordingly.

Market: United States	Total Quantity (# of Units)	Terms of Sale ¹	Total Value ² (\$U.S.)
1. Export Price ³
2. Constructed Export Price ⁴
3. Further Manufactured ⁵
Total

¹ To the extent possible, sales values should be reported based on the same terms (*e.g.*, FOB).

² Values should be expressed in U.S. dollars. Indicate any exchange rates used, their respective dates and sources.

³ Generally, a U.S. sale is classified as an export price sale when the first sale to an unaffiliated person occurs before the goods are imported into the United States.

⁴ Generally, a U.S. sale is classified as a constructed export price sale when the first sale to an unaffiliated person occurs after importation. However, if the first sale to the unaffiliated person is made by a person in the United States affiliated with the foreign exporter, constructed export price applies even if the sale occurs prior to importation. Do not report the sale to the affiliated party in the United States, rather report the sale made by the affiliated party to the unaffiliated customer in the United States.

⁵ "Further manufactured" refers to merchandise that undergoes further manufacture or assembly in the United States before sale to the first unaffiliated customer.
