Over-the-Road Bus Accessibility Grant Program

AGENCY: Federal Transit Administration (FTA), DOT.

ACTION: Announcement of Project Selections.

SUMMARY: The U.S. Department of Transportation (DOT) Federal Transit Administration (FTA) announces the selection of projects to be funded under Fiscal Year (FY) 2012 appropriations for the Over-the-Road Bus (OTRB) Accessibility Program, authorized by Section 3038 of the Transportation Equity Act for the 21st Century (TEA–21). The OTRB Accessibility Program makes funds available to private operators of over-the-road buses to help finance the incremental capital and training costs of complying with DOT's over-the-road bus accessibility rule, published in the **Federal Register** on September 24, 1998. Under the rule, all new buses obtained by large fixed-route carriers after October 30, 2000, must be accessible with wheelchair lifts and tie downs that allow passengers to ride in their own wheelchairs. October 29, 2012 was the deadline whereby the fixed-route bus fleets of large carriers must be 100 percent accessible.
