SUPPLEMENTARY INFORMATION:

Title of Collection: Graduate Research Fellowship Program Follow-up Survey.

OMB Number: 3145-NEW.

Expiration Date of Approval: Not Applicable.

Type of request: New.

Abstract: The purpose of this study is to provide evidence on the impact of the GRFP on individuals' educational decision, career preparations, aspirations and progress, as well as professional productivity. This includes the study design and data collection as well as subsequent analysis and report writing. As part of NSF's commitment to graduate student education in the U.S., the GRFP seeks to promote and maintain advanced training in science, technology, engineering, and mathematics (STEM) field by annually awarding roughly 1,000 fellowships to graduate student in research-based programs. As the first program evaluation since 2002, the GRFP evaluation comes on the heels of increased funding by NSF to supporting additional fellowship awards.

NSF contracts with the National Opinion Research Center (NORC) at the University of Chicago to design, implement, and assess a study that will address relevant procedures and components of the GRFP in regards to the application and award process and support for Fellows and sponsoring institutions with an aim towards measuring and increasing the program's effectiveness.

There are four goals of the GRFP evaluation. The first goal is to maintain a high quality evaluation through consultation with an advisory group of
