

FOR FURTHER INFORMATION CONTACT: S. Aromie Noe, Office of Standards, Regulations, and Variances at 202–693–9440 (voice), noe.song-ae.a@dol.gov (email), or 202–693–9441 (facsimile). [These are not toll-free numbers.]

SUPPLEMENTARY INFORMATION: Section 101(c) of the Federal Mine Safety and Health Act of 1977 and Title 30 of the Code of Federal Regulations (CFR) part 44 govern the application, processing, and disposition of petitions for modification.

I. Background

Section 101(c) of the Federal Mine Safety and Health Act of 1977 (Mine Act) allows the mine operator or representative of miners to file a petition to modify the application of any mandatory safety standard to a coal or other mine if the Secretary of Labor determines that:

1. An alternative method of achieving the result of such standard exists which will at all times guarantee no less than the same measure of protection afforded the miners of such mine by such standard; or

2. The application of such standard to such mine will result in a diminution of safety to the miners in such mine.

In addition, the regulations at 30 CFR 44.10 and 44.11 establish the requirements for filing petitions for modification.

II. Petition for Modification

Docket Number: M–2021–001–C.

Petitioner: Patton Mining LLC., 12051 9th Avenue Hillsboro Illinois (ZIP 62049).

Mine: Deer Run Mine, MSHA I.D. No. 11–03182, located in Montgomery County, Illinois.

Regulation Affected: 30 CFR 75.1909 (Nonpermissible diesel-powered equipment; design and performance requirements). 30 CFR 75.1909(b)(6) requires self-propelled nonpermissible diesel-powered equipment to have service brakes that act on each wheel of the vehicle and that are designed such that failure of any single component, except the brake actuation pedal or other similar actuation device will not result in a complete loss of service breaking capacity.

Modification Request: This petition is for a Getman Grader Model No. RDG–1504C, Serial No. 6718. The petitioner requests a modification of the existing standard to permit an alternative method of compliance in lieu of having front brakes for the Getman grader.

The petitioner states that:

(1) Road conditions in a coal mine tend to become very rough to travel on and can pose a serious hazard that

exposes miners to an array of injuries. Road graders have proven to be the best type of mining equipment to maintain underground and surface roadways in the mining industry safe for travel.

(2) The addition of front brakes could cause a loss of control if, for some unknown reason, one of the maintained brakes would lock up during operation. This could cause the grader to veer hard in one direction. Furthermore, the size, weight and location of the front brakes would put repair personnel in positions that could subject them to injury.

As an alternative to the existing standard, the petitioner proposes the following:

(a) No service brakes will be added to the front wheels of the Getman Grader Model No. RDG–1504C, Serial No. 6718 in Deer Run Mine. In lieu of having front brakes, the grader will be maintained with 12.00 x 20.00 tires that will limit the speed of the grader to 10 miles per hour.

(b) The grader will not travel up or down the slope unassisted. If an instance arises that requires the grader to be taken out of the mine, an additional piece of equipment, with adequate braking capacity, will be utilized to assist in removing the grader out of the mine and returning it back into the mine, via the mine slope.

(c) All grader operators will be trained to recognize appropriate levels of speed for the different road conditions.

(d) All grader operators will be trained to lower the moldboard in emergency situations and prior to exiting the operator compartment.

The petitioner asserts that the proposed alternative method will provide a level of safety equivalent to that provided by the existing standard.

Song-ae Aromie Noe,

Acting Deputy Director, Office of Standards, Regulations, and Variances.

BILLING CODE 4520–43–P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[21–011]

Name of Information Collection: NASA Enterprise Salesforce COVID–19 Contact Tracing

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of information collection.

SUMMARY: The National Aeronautics and Space Administration, as part of its continuing effort to reduce paperwork and respondent burden, in compliance

with the requirements of the Paperwork Reduction Act of 1995, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections.

DATES: Comments are due by March 26, 2021.

ADDRESSES: All comments should be addressed to Claire Little, National Aeronautics and Space Administration, 300 E Street SW, Washington, DC 20546–0001 or call 202–358–2375.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Claire Little, NASA Clearance Officer, NASA Headquarters, 300 E Street SW, JF0000, Washington, DC 20546 or email claire.a.little@nasa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The information will be used to determine whether NASA personnel have been exposed to the COVID–19 virus and to track and trace their interactions across the NASA community for identifying possible points of exposure.

Those individuals that volunteer, will be contacted by a NASA Contact Tracer, a to-be-designated NASA healthcare employee, and will be first read the privacy act, to understand their rights and what this information will be used for. Then they will be asked, orally, to confirm if they have symptoms or not (yes/no question). The Tracer will then enter that information, as well as the names, phone numbers, and emails of those they have been in contact with into the newly developed tracking and tracing digital application on NASA's enterprise solution, Salesforce.

While participation is voluntary, it is strongly encouraged as failure to provide the requested information may result in potential increased exposure of personnel to the virus.

NASA may share this information for authorized purposes with (1) private or other government health care providers or agencies for referral or special program responsibilities, and (2) other entities outlined under standard routine uses for all NASA systems of records.

II. Methods of Collection

The voluntary data is collected orally by a NASA Contact Tracer, a to-be-designated NASA healthcare employee, who will then enter all the information into the newly developed tracking and tracing digital application on NASA's enterprise solution, Salesforce.

The ability for the Tracer to keep records through this electronic method will ensure higher rate of inclusion and assists in the efficiency of the stages of report processing by human subject matter analysts.

III. Data

Title: NASA Enterprise Salesforce COVID-19 Contact Tracing.

OMB Number: 2700-0178.

Type of review: Renewal of existing approved collection.

Affected Public: Individuals.

Estimated Annual Number of Activities: 5,400.

Estimated Number of Respondents per Activity: 1.

Annual Responses: 5,400.

Estimated Time per Response: 8 hours.

Estimated Total Annual Burden Hours: 43,200 hours.

Estimated Total Annual Cost: \$1,900,800.

IV. Request for Comments

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information collected has practical utility; (2) the accuracy of NASA's estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

Authority: The Paperwork Reduction Act.

Lori Parker,

NASA PRA Clearance Officer.

NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

National Endowment for the Arts

Subject 60-Day Notice for the "Grantee Data Forms for the Creative Forces®: NEA Military Healing Arts Network Community Arts Engagement Subgranting Program"

AGENCY: National Endowment for the Arts, National Foundation on the Arts and the Humanities.

ACTION: Notice.

SUMMARY: The National Endowment for the Arts (NEA), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps to ensure that requested data is provided in the desired format; reporting burden (time and financial resources) is minimized; collection instruments are clearly understood; and the impact of collection requirements on respondents is properly assessed. Currently, the National Endowment for the Arts is soliciting comments concerning the proposed information collection through grantee data forms (grant application and final report) for subgrantees of the Creative Forces®: NEA Military Healing Arts Network Community Arts Engagement Subgranting Program. A copy of the information collection request can be obtained by contacting the office listed below in the address section of this notice.

DATES: Written comments must be submitted to the office listed in the address section below within 60 days from the date of this publication in the **Federal Register**.

ADDRESSES: Send comments to Sunil Iyengar, National Endowment for the Arts, Telephone (202) 682-5424 (this is not a toll-free number), or send via email to research@arts.gov.

SUPPLEMENTARY INFORMATION: The NEA is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information,

including the validity of the methodology and assumptions used;

- Enhance the quality, utility, and clarity of the information to be collected; and

- Can help the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Dated: February 18, 2021.

Anthony M. Bennett,

Director of Administrative Services and Contracts, National Endowment for the Arts.

NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

National Endowment for the Humanities

Meeting of National Council on the Humanities

AGENCY: National Endowment for the Humanities; National Foundation on the Arts and the Humanities.

ACTION: Notice of meeting.

SUMMARY: Pursuant to the Federal Advisory Committee Act, notice is hereby given that the National Council on the Humanities will meet to advise the Chairman of the National Endowment for the Humanities (NEH) with respect to policies, programs and procedures for carrying out his functions; to review applications for financial assistance under the National Foundation on the Arts and Humanities Act of 1965 and make recommendations thereon to the Chairman; and to consider gifts offered to NEH and make recommendations thereon to the Chairman.

DATES: The meeting will be held on Thursday, March 11, 2021, from 10:00 a.m. until 2:30 p.m., and Friday, March 12, 2021, from 11:00 a.m. until adjourned.

ADDRESSES: The meeting will be held by videoconference originating at Constitution Center, 400 7th Street SW, Washington, DC 20506.

FOR FURTHER INFORMATION CONTACT:

Elizabeth Voyatzis, Committee Management Officer, 400 7th Street, SW, 4th Floor, Washington, DC 20506; (202) 606-8322; evoyatzis@neh.gov.
