The Commission is aware that enforcement actions deliver regulatory messages. Based on this tenet, the goals of this revision are to ensure that the Enforcement Policy (1) continues to reflect the Commission's focus on safety, i.e., the need for licensees to identify and correct violations, to address root causes, and to be responsive to initial opportunities to identify and prevent violations; (2) appropriately addresses the various subject areas that the NRC regulates; and (3) provides a framework that supports consistent implementation, recognizing that each enforcement action is dependent on the specific circumstances of the case.

Dated at Rockville, MD this 17th day of January, 2007.
