

DECS reported that in 2024, its positive rate to its random drug testing program was .003 percent. By contrast, the overall positive rate for the truck and bus industries in 2023 as reported by FMCSA was 0.8 percent. DECS touts this is an impressive datapoint, especially given that most drivers in its random pool live and work in California, the first state in the nation to legalize marijuana.

V. FMCSA Decision

FMCSA has evaluated the application and the public comments. FMCSA determined in 2020 that DECS's process for identifying qualified drivers for member employers is uniquely designed to accommodate safety concerns related to drug and alcohol testing violations. The Agency continues to believe that the exemption will not jeopardize safety because the employer and/or their C/TPA must conduct a full query if the limited query shows that information about the driver exists in the Clearinghouse. A driver's specific consent for the full query would be provided electronically in the Clearinghouse as required under the existing regulations. At the same time, DECS will continue operating the database that it established prior to the Clearinghouse, thereby providing further means of identifying qualified drivers. FMCSA concludes that based on DECS's existing processes, under the terms and conditions set forth below, the exemption is likely to achieve a level of safety that is equivalent to, or greater than, the level of safety that would be achieved in the absence of the exemption, in accordance with 49 U.S.C. 31315(b)(1).

VI. Exemption

FMCSA grants DECS an exemption from 49 CFR 382.701(a)(2). Under this exemption, DECS may conduct a limited query of the Clearinghouse before one of its member employers hires a driver for a project, rather than conducting a full pre-employment query. If the limited query indicates that information about the driver exists in the Clearinghouse, the driver is not permitted to perform safety-sensitive functions unless and until a full query subsequently shows that the driver is not prohibited from operating a CMV.

The exemption from the requirements of 49 CFR 382.701(a)(2) is effective from May 28, 2025, through May 28, 2030, 11:59 p.m. local time.

A. Applicability of Exemption

This exemption is applicable to DECS members that employ CDL holders who are subject to the drug and alcohol

testing requirements under 49 CFR part 382 while providing transportation services to or from theatrical, commercial, television, or motion picture production sites.

B. Terms and Conditions

1. DECS and its member employers must maintain operation of the DOT Violation Database, as described in the exemption application.

2. DECS, on behalf of its members, must:

a. Obtain the results of a limited query of FMCSA's Clearinghouse for each driver hired to operate a CMV for a member employer if a full query is not practicable.

b. Conduct a full query of FMCSA's Clearinghouse for each driver whose limited query results indicate information about the driver exists in the Clearinghouse, and, in accordance with current regulations, must not permit the driver to perform safety sensitive functions if the results of the full query indicate the driver is prohibited from doing so.

c. Provide FMCSA with a list of the names and USDOT numbers of the motor carriers operating under the exemption to MCPSD@dot.gov annually and upon request.

3. DECS, acting as a C/TPA, must:

a. Request, obtain, and retain limited query consent forms from drivers on behalf of its member employers, in accordance with the regulations.

b. Report drivers' controlled substance and alcohol violations to FMCSA's Clearinghouse, in accordance with the regulations.

c. Conduct full queries for each new driver who has not previously operated for any member employer.

C. Preemption

In accordance with 49 U.S.C. 31315(d), as implemented by 49 CFR 381.600, during the period this exemption is in effect, no State shall enforce any law or regulation applicable to interstate commerce that conflicts with or is inconsistent with this exemption with respect to a firm or person operating under the exemption. States may, but are not required to, adopt the same exemption with respect to operations in intrastate commerce.

VII. Termination

FMCSA does not believe the drivers covered by this exemption will experience any deterioration of their safety record. However, the exemption will be rescinded if: (1) DECS, or the drivers operating under the exemption fail to comply with the terms and conditions of the exemption; (2) the

exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objects of 49 U.S.C. 31136(e) and 31315(b).

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501 *et seq.*), Federal agencies must obtain approval from the OMB for each collection of information that they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) to include agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of title 44 generally requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of

information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the OCC is publishing notice of the renewal/revision of this collection.

Title: Reverse Mortgage Products: Guidance for Managing Compliance and Risks.

OMB Control No.: 1557-0246.

Type of Review: Regular.

Affected Public: Businesses or other for-profit.

Description: On August 17, 2010, the OCC, FDIC, FRB, and NCUA issued Guidance¹ focusing on providing adequate information to consumers about reverse mortgage products, providing qualified independent counseling to consumers considering these products, and avoiding potential conflicts of interest. The Guidance also addresses related policies, procedures, internal controls, and third-party risk management.

- The information collection requirements contained in the Guidance address the implementation of policies and procedures, training, and program maintenance. The Guidance states that institutions offering reverse mortgages should have written policies and procedures that prohibit the practice of directing a consumer to a particular counseling agency or contacting a counselor on the consumer's behalf.

- Policies should be clear so that originators do not have an inappropriate incentive to sell other products that appear linked to the granting of a mortgage.

- Legal and compliance reviews should include oversight of compensation programs so that lending personnel are not improperly encouraged to direct consumers to particular products.

- Training should be designed so that relevant lending personnel are able to convey information to consumers about product terms and risks in a timely, accurate, and balanced manner.

Estimated Frequency of Response: On occasion.

Estimated Number of Respondents: 12.

Estimated Total Annual Burden: 136 hours.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on:

- (a) Whether the collection of information is necessary for the proper

performance of the functions of the OCC, including whether the information has practical utility;

- (b) The accuracy of the OCC's estimate of the burden of the collection of information;

- (c) Ways to enhance the quality, utility, and clarity of the information to be collected;

- (d) Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

- (e) Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.
