#### Glycine From the People's Republic of China; Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**DATES:** *Effective Date:* November 23, 2011.

**FOR FURTHER INFORMATION CONTACT:** Edythe Artman or Angelica Mendoza, AD/CVD Operations, Office 7, Import

Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; *telephone:* (202) 482-3931 or (202) 482-3019, respectively.

#### SUPPLEMENTARY INFORMATION:

##### Background

On April, 27, 2011, the Department of Commerce (the Department) published the initiation of the administrative review of the antidumping duty order on glycine from the People's Republic of China (PRC) in the **Federal Register**. See Initiation of Antidumping and Countervailing Duty Administrative Reviews, 76 FR 23545 (April 27, 2011). The review covers the period of March 1, 2010, to February 28, 2011. The current deadline for the preliminary results of review is December 1, 2011.

##### Extension of Time Limit for Preliminary Results of Review

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires that the Department complete the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order for which a review is requested. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the 245 day time period for the preliminary results to 365 days.

The Department finds that it is not practicable to complete the preliminary results of this review within the original time frame because it needs to obtain additional information from the respondent company, Baoding Mantong Fine Chemistry, Co., Ltd., in order to complete its analysis. Because the Department requires additional time to obtain and analyze this information, it is not practicable to complete this review by the current deadline of December 1, 2011. Accordingly, the Department is extending the time limit for completion of the preliminary results of this administrative review until no later than March 30, 2012, which is 365 days from the last day of the anniversary month of this order. We intend to issue the final results no later than 120 days after publication of the preliminary results notice.

This extension is issued and published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Dated: November 9, 2011.

**FOR FURTHER INFORMATION CONTACT:** Laura Morse or Joselyd Garcia-Reyes, (301) 427-8401.

**SUPPLEMENTARY INFORMATION:** The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226).

The proposed permit would authorize vessel based research on humpback whales in Maui County waters, Hawaii to quantify the potential for near misses between vessels and humpback whales, and define the probability of 'surprise encounters' with humpback whales in relation to time of day, environmental variables, vessel behavior, whale abundance, and individual sex and age classes. Up to 567 humpback whales may be approached annually for photo-identification and behavioral observation and all Hawaiian insular false killer whales (*Pseudorca crassidens*) may be incidentally harassed by the research activities. The permit would be valid for a period of five years.

A draft environmental assessment (EA) has been prepared in compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), to examine whether significant environmental impacts could result from issuance of the proposed scientific research permit. The draft EA is available for review and comment simultaneous with the scientific research permit application.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: November 17, 2011.
