

between sales at different levels of trade in the comparison market. Therefore, and LOT adjustment is not possible for comparisons of EP sales to home market sales.

Currency Conversion

We made currency conversions into U.S. dollars based on the exchange rates in effect on the dates of the U.S. sales, as certified by the Federal Reserve Bank, in accordance with section 773A(a) of the Act.

Verification

As provided in section 782(i) of the Act, we intend to verify all information relied upon in making our final determination.

The All Others Rate

Because the Department investigated one company, Sidor, we used Sidor's margin in this investigation as the all-others rate.

Suspension of Liquidation

In accordance with section 733(d) of the Act, we are directing the Customs Service to suspend liquidation of all imports of subject merchandise that are entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. We will instruct the Customs Service to require a cash deposit or the posting of a bond equal to the weighted-average amount by which the NV exceeds the export price, as indicated below. These suspension-of-liquidation instructions will remain in effect until further notice. The weighted-average dumping margins are as follows:

Exporter/manufacturer	Weighted-average margin (percent)
Sidor	72.81
All Others	72.81

ITC Notification

In accordance with section 733(f) of the Act, we have notified the ITC of our determination. If our final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after our final determination whether imports of cold-rolled steel are materially injuring, or threaten material injury to, the U.S. industry.

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Import Administration no later than fifty days after the date of

publication of this notice, and rebuttal briefs, limited to issues raised in case briefs, no later than fifty-five days after the date of publication of this preliminary determination. A list of authorities used and an executive summary of issues should accompany any briefs submitted to the Department. This summary should be limited to five pages total, including footnotes. In accordance with section 774 of the Act, we will hold a public hearing, if requested, to afford interested parties an opportunity to comment on arguments raised in case or rebuttal briefs. Tentatively, any hearing will be held fifty-seven days after publication of this notice at the U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230, at a time and location to be determined. Parties should confirm by telephone the date, time, and location of the hearing 48 hours before the scheduled time.

Interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Import Administration, U.S. Department of Commerce, Room 1870, within 30 days of the date of publication of this notice. Requests should contain: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. At the hearing, each party may make an affirmative presentation only on issues raised in that party's case brief, and may make rebuttal presentations only on arguments included in that party's rebuttal brief. See 19 CFR 351.310(c). We will issue our final determination in this investigation no later than 135 days after the date of publication in the **Federal Register** of the preliminary determination.

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act.

Dated: April 26, 2002.

Faryar Shirzad,

Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 050602A]

Proposed Information Collection; Comment Request; Survey to Measure Effectiveness of Community-Oriented Policing for ESA Enforcement

AGENCY: National Oceanic and Atmospheric Administration (NOAA).

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Pub. L. 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: Written comments must be submitted on or before July 8, 2002.

ADDRESSES: Direct all written comments to Madeleine Clayton, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6608, 14th and Constitution Avenue NW, Washington DC 20230 (or via the Internet at Mclayton@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Dayna Matthews, National Marine Fisheries Service, 510 Desmond Drive S.E. Suite 103, Lacey, WA 98503.

SUPPLEMENTARY INFORMATION:

I. Abstract

Community-oriented policing promotes the use of various resources and policing-community partnerships for developing strategies to identify, analyze, and address community law enforcement problems at their source. Recognizing the significant role non-traditional enforcement efforts play in Endangered Species Act (ESA) enforcement in the Northwest, the National Marine Fisheries Service proposes to conduct a survey to evaluate the success of its Office for Law Enforcement's community-oriented policing program for ESA enforcement for anadromous species in the Pacific Northwest.

II. Method of Collection

Information will be gathered through both voluntary self-administered surveys and in-depth interviews.

III. Data

OMB Number: 0648-0435.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Individuals or households; Federal Government, State and Local Government.

Estimated Number of Respondents: 787.

Estimated Time Per Response: 20 minutes per survey; 60 minutes per interview.

Estimated Total Annual Burden Hours: 316 hours.

Estimated Total Annual Cost to Public: \$0 (estimate does not include valuation of the burden hours).

IV. Request for Comments

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: May 2, 2002.

Madeleine Clayton,

*Departmental Paperwork Clearance Officer,
Office of the Chief Information Officer.*

BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration**

[I.D. 043002C]

Taking and Importing of Marine Mammals

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Request for nominations.

SUMMARY: The Secretary of Commerce is required by the Marine Mammal Protection Act (MMPA) to conduct specified scientific research and, by

December 31, 2002, to make a finding based on the results of that research, on information obtained under the International Dolphin Conservation Program (IDCP), and on any other relevant information as to whether the intentional deployment on or the encirclement of dolphins with purse seine nets is having a "significant adverse impact" on any depleted dolphin stock in the eastern tropical Pacific Ocean (ETP). A proposed organized decision process (ODP) and request for public comment were published in the **Federal Register** on Feb. 15, 2002 describing information the Secretary will consider for the final finding and outlining two expert panels that will assess this information.

This notice solicits nominations for scientists to serve on two expert panels referenced in the proposed ODP: the Ecosystem Expert Panel and the Indirect Effects Expert Panel. It also describes the process NMFS will carry out to solicit nominations, select five qualified scientists for each panel, and recommend them for appointment by the Secretary. The expert panels are scheduled to meet September 4-6, 2002, in La Jolla, CA. Each expert panel will assess peer-reviewed scientific studies and other information and individually provide scientific advice to address specific issues the Secretary will be considering in making his final finding.

DATES: Nominations must be received by June 24, 2002.

ADDRESSES: Nominations should be sent to the Director, NMFS Office of Science and Technology, F/ST, 1315 East-West Highway, Silver Spring, MD, 20910. Nominations may also be sent via facsimile at 301-713-1875. Nominations will not be accepted if submitted via electronic mail or the Internet.

FOR FURTHER INFORMATION CONTACT:

Nicole R. Le Boeuf, Office of Protected Resources, NMFS, 301-713-2322.

SUPPLEMENTARY INFORMATION:**Background**

The MMPA, 16 U.S.C. 1361 *et seq.*, as amended by the International Dolphin Conservation Program Act (IDCPA), (Public Law 105-42), requires the Secretary of Commerce to conduct scientific research on depleted dolphin stocks in the ETP. The Dolphin Protection Consumer Information Act (16 U.S.C. 1385), as amended by the IDCPA, requires the Secretary to make a finding by December 31, 2002, based on the scientific research, information obtained under the IDCP, and any other relevant information, as to whether the intentional deployment on or

encirclement of dolphins with purse seine nets is having a "significant adverse impact" on any depleted dolphin stock in the ETP. There are three depleted dolphin stocks in the ETP: northeastern offshore spotted, eastern spinner, and coastal spotted.

The Organized Decision Process

The proposed ODP provides the Secretary with a systematic approach for evaluating multiple types of data. The ODP guides the Secretary through four separate questions regarding the extent of fishery and environmental effects on depleted dolphin stocks to assist in the final decision. These questions focus on (1) the ETP Ecosystem, (2) Direct Fishing Mortality, (3) Indirect Effects, and (4) Dolphin Stock Status and Trends.

Questions and Charge to the Ecosystem Panel

The questions for the Ecosystem Panel are: during the period of the fishery, has the carrying capacity of the ETP for the three depleted dolphin stocks declined, or has the ecological structure of the ETP changed in a manner or to an extent that could impede depleted dolphin stocks from growing at rates expected in a stable ecosystem? Or has the carrying capacity increased substantially or the ecological structure changed in any way that could promote the three depleted dolphin stocks to grow at rates faster than expected in a static ecosystem?

To determine the answer to these questions, the Secretary will consider scientific information collected and/or evaluated by NMFS, as well as information rendered individually from members of a panel of independent scientific experts in biological oceanography and ecology (the Ecosystem Panel). The panel members' assessments will be based on their review of relevant oceanographic and ecosystem data (physical and biological habitat and distribution, abundance, and ecology of other organisms in the ETP) from the period of the fishery.

Question and Charge to the Indirect Effects Panel

The question for the Indirect Effects Panel is: for each depleted dolphin stock, is the estimated number of dolphins affected by the tuna fishery (considering data on sets per year, mortality attributable to the fishery, indicators of stress in blood, skin and other tissues, cow-calf separation, and other relevant indirect effects information) at a level that is cause for concern (how and to what degree)?

To determine the answer to these questions, the Secretary will consider
