

governmental authorities than those of other accredited laboratories; and

- The laboratory does not exercise undue influence over other governmental authorities on matters affecting its operations or on decisions by other governmental authorities controlling distribution of products based on outcomes of the laboratory's conformity assessments.

The Commission will accept the accreditation of a governmental laboratory if it meets the baseline accreditation requirements of section I.A and meets the conditions stated here. To obtain this assurance, CPSC staff will engage the governmental entities relevant to the accreditation request.

II. How Does a Laboratory Apply for Acceptance of Its Accreditation?

The Commission has established an electronic accreditation acceptance and registration system accessed via the Commission's Internet site at <http://www.cpsc.gov/businfo/labaccred.html>. The applicant provides basic identifying information concerning its location, the type of accreditation it is seeking, and electronic copies of its ILAC-MRA accreditation certificate and scope statement and firewalled laboratory training document(s), if relevant. Commission staff reviews that submission for accuracy and completeness. In the case of baseline third party laboratory accreditation and accreditation of governmental laboratories, when that review and any necessary discussions with the applicant are satisfactorily completed, the laboratory in question is added to the CPSC listing of accredited laboratories at <http://www.cpsc.gov/businfo/labaccred.html>. In the case of a firewalled laboratory seeking accredited status, when the review is complete, the staff transmits its recommendation on accreditation to the Commission for consideration.⁸ If the Commission accepts a staff recommendation to accredit a firewalled laboratory, that laboratory will then be added to the CPSC list of accredited laboratories. In each case, the Commission will electronically notify the laboratory of acceptance of its accreditation.

Subject to the limited provisions for acceptance of "retrospective" testing performed by other than accredited firewalled laboratories noted in Section III. below, once the Commission adds a laboratory to the list, the laboratory may

then commence testing of children's products to support certification of compliance with the crib and/or pacifier regulations, as applicable, by the manufacturer or private labeler.

III. Limited Acceptance of Children's Product Certifications Based on Third Party Laboratory Testing Prior to Commission Acceptance of Accreditation

The Commission will accept a certificate of compliance with the crib and/or pacifier requirements based on testing performed by an accredited third party or governmental laboratory on or after May 16, 2008 (90 days prior to August 14, 2008, the date on which CPSIA was enacted) and thus prior to the Commission's acceptance of the laboratory's accreditation if:

- The laboratory was ISO/IEC 17025 accredited by an ILAC-MRA member at the time of the test;
- The accreditation scope in effect for the laboratory at that time expressly included testing to 16 CFR part 1508, or part 1509, or part 1511, as applicable;
- The laboratory's accreditation application is accepted by the Commission under the procedures of this notice not later than December 26, 2008; and
- The laboratory's accreditation and inclusion of the crib and/or pacifier requirements in its scope remains in effect through the effective date for mandatory third party testing and manufacturer/private labeler certification for cribs and pacifiers. Testing performed by a firewalled laboratory prior to Commission acceptance of its accreditation cannot be used as the basis for certification by a manufacturer or private labeler with a 10 percent or greater ownership interest in the laboratory pursuant to CPSA section 14(a)(3)(B)(ii) of compliance with the crib and/or pacifier regulations.

Submission of Data by State Educational Agencies

AGENCY: National Center for Education Statistics, Institute of Education Sciences, Department of Education.

ACTION: Notice of dates of submission of State revenue and expenditure reports for fiscal year (FY) 2008 and of revisions to those reports.

SUMMARY: The Secretary announces dates for the submission by State educational agencies (SEAs) of expenditure and revenue data and average daily attendance statistics on ED Form 2447 (the National Public Education Financial Survey (NPEFS)) for FY 2008. The Secretary sets these dates to ensure that data are available to serve as the basis for timely distribution of Federal funds. The U.S. Bureau of the Census (Bureau of the Census) is the data collection agent for the National Center for Education Statistics (NCES). The data will be published by NCES and will be used by the Secretary in the calculation of allocations for FY 2010 appropriated funds.

DATES: The date on which submissions will first be accepted is March 16, 2009. The mandatory deadline for the final submission of all data, including any revisions to previously submitted data, is September 8, 2009.

Addresses and Submission

Information: SEAs may mail ED Form 2447 to: Bureau of the Census, ATTENTION: Governments Division, Washington, DC 20233-6800.

SEAs may submit data via the World Wide Web using the interactive survey form at <http://surveys.nces.ed.gov/ccdnpefs>. If the Web form is used, it includes a digital confirmation page where a pin number may be entered. A successful entry of the pin number serves as a signature by the authorizing official. A certification form also may be printed from the Web site, and signed by the authorizing official and mailed to the Governments Division of the Bureau of the Census, at the address listed in the previous paragraph. This signed form must be mailed within five business days of Web form data submission.

Alternatively, SEAs may hand deliver submissions by 4:00 p.m. (Eastern Time) to: Governments Division, Bureau of the Census, 4600 Silver Hill Road, Suitland, MD 20746.

If an SEA's submission is received by the Bureau of the Census after September 8, 2009, in order for the submission to be accepted, the SEA must show one of the following as proof

1. A private metered postmark.
2. A mail receipt that is not dated by the U.S. Postal Service.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, an SEA should check with its local post office.
