

April 25, 2008 (73 FR 22720). That rule established measures to further strengthen existing safeguards against bovine spongiform encephalopathy (BSE). Accordingly, the FDA is proposing this action to delay the effective date of the April 25, 2008, final rule for 60 days until June 26, 2009. FDA is providing 7 days for public comment solely on the question of whether to delay the effective date.

SUPPLEMENTARY INFORMATION:

Background and Purpose

We published an ANPRM in the **Federal Register** on March 27, 2009 (74 FR 13360), entitled “Transportation Worker Identification Credential (TWIC)—Reader Requirements.” In it we stated our intention to hold a public meeting, and to publish a notice announcing the location and date. 74 FR 13360, 13361. This document is the notice of the date for that meeting, as well as the location of the metropolitan area where it will be held. Further notice of the exact location will be published in the **Federal Register**. We are publishing this notice in order to aid those wishing to attend the public meeting in making any necessary travel arrangements.

In the ANPRM, we discuss the United States Coast Guard’s preliminary thoughts on potential requirements for owners and operators of certain vessels

and facilities regulated by the Coast Guard under 33 CFR chapter I, subchapter H, for use of electronic readers designed to work with TWICs as an access control measure. It discusses additional potential requirements associated with TWIC readers, such as recordkeeping requirements for those owners or operators required to use an electronic reader, and amendments to security plans previously approved by the Coast Guard to incorporate TWIC requirements.

This rulemaking action, once final, would enhance the security of ports and vessels by ensuring that only persons who hold valid TWICs are granted unescorted access to secure areas on vessels and port facilities. It would also complete the implementation of the Maritime Transportation Security Act of 2002 transportation security card requirement, as well as the requirements of the Security and Accountability for Every Port Act of 2006, for regulations on electronic readers for use with Transportation Worker Identification Credentials.

You may view the ANPRM in our online docket, and comments submitted thus far by going to <http://www.regulations.gov>. Once there, select the Advanced Docket Search option on the right side of the screen, insert USCG–2007–28915 in the Docket ID box, press Enter, and then click on the item in the Docket ID column. If you do not have access to the internet, you may view the docket online by visiting the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. We have an agreement with the Department of Transportation to use the Docket Management Facility.

We encourage you to participate in this rulemaking by submitting comments either orally at the meeting or in writing. If you bring written comments to the meeting, you may submit them to Coast Guard personnel specified at the meeting to receive written comments. These comments will be submitted to our online public docket. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided.

Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor

union, etc.). You may review a Privacy Act notice regarding our public dockets in the January 17, 2008 issue of the **Federal Register** (73 FR 3316).
