Meeting Dates and Agendas

Wednesday, August 1, 2001, 10 a.m.— Capacity Committee Meeting.

The Capacity Committee will discuss nine proposals for reducing latent effort and changing permit transfer restrictions in the Northeast Multispecies Fishery. The Council has directed the Committee to make recommendations on revising the restrictions, and combine these proposals for possible inclusion in Amendment 13 to the Multispecies Fishery Management Plan (FMP). The Committee will not make final decisions about the choice of alternatives, but will report its recommendations to the Council and the Council's Groundfish Committee.

Thursday, August 2, 2001, 9:30 a.m.— Groundfish Oversight Committee Meeting.

The Groundfish Oversight Committee will meet to continue development of management options for Framework Adjustment 36 and Amendment 13 to the Northeast Multispecies FMP. Framework 36 was initiated by the Council in January, 2001, to address the following issues: reducing excessive regulatory discards of Gulf of Maine cod resulting from a trip limit, meeting the fishing mortality objectives for Gulf of Maine cod, extending and/or adjusting the Western Gulf of Maine closure (currently scheduled to open May 1, 2002), considering allowing access to groundfish closures by tuna purse seine vessels, and expanding the area for the northern shrimp exempted fishery. The Council plans to complete its work on Framework 36 at the July 24-26, 2001 Council meeting, but, if necessary, the Committee will continue development of this action at this meeting.

The Committee will also continue development of Amendment 13. Amendment 13 will adopt programs to rebuild overfished stocks and end overfishing where necessary. The Committee will continue its efforts to develop management alternatives that will meet the goals of the Amendment. Options under consideration include approaches to addressing unused Days-at-Sea, and a wide variety of management tools (closed areas, gear restrictions, effort restrictions, trip limits, recreational fishing restrictions, etc.) as necessary to meet the amendment's objectives.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues

arising after publication of this notice that require emergency action under section 305 (c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Abstract: Since April 1997, EDGAR's menu of selection criteria become effective. For each competition, the Secretary would select one or more criteria that best enable the Department to identify the highest quality applications consistent with the program purpose, statutory requirements, and any priorities established. This allows the Secretary the flexibility to weigh the criteria according to the needs of each individual program. This menu of selection criteria will provide the Department the flexibility to choose a set of criteria tailored to a given competition and obviate the need to create specific selection criteria through individual program regulations. ED is requesting a streamlined clearance process for programs of approved applications who choose to change: (1) Criteria from the same EDGAR menu; (2) old EDGAR to new EDGAR criteria, or (3) program criteria to EDGAR criteria.

Requests for copies of the proposed information collection request may be accessed from <http://edicsweb.ed.gov>, or should be addressed to Vivian Reese, Department of Education, 400 Maryland Avenue, SW, Room 4050, Regional Office Building 3, Washington, DC 20202-4651. Requests may also be electronically mailed to the internet address OCIO_IMG_Issues@ed.gov or faxed to 202-708-9346.

Please specify the complete title of the information collection when making your request.
