

1. Provisions of the R&PP Act of 1926, as amended, and all applicable regulations of the Secretary of the Interior, including, but not limited to, those terms required by 43 CFR 2741.9;

2. Valid existing rights;

3. A reservation of all minerals by the United States, together with the right to prospect, mine and remove the minerals;

4. Terms and conditions identified through the site specific environmental analysis;

5. Any other rights or reservations that the authorized officer deems appropriate to ensure public access and proper management of Federal land and interest therein; and

6. An appropriate indemnification clause protecting the United States from claims arising out of the lessee's/patentee's use, occupancy, or operations on the leased/patented lands.

Upon publication of this notice in the **Federal Register**, the land described above will be segregated from all other forms of disposal or appropriation under the public land laws, including the general mining laws, except for lease or conveyance under the R&PP Act and leasing under the mineral leasing laws.

**Classification Comments:** Interested persons may submit comments involving the suitability of the land for boat trailer parking spaces. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with state and Federal programs.

**Application Comments:** Interested persons may submit comments regarding the specific use proposed in the application and plan of development and the management plan, whether the BLM-ES followed proper administrative procedures in reaching the decision to lease and later convey under the R&PP Act, or any other factor not directly related to the suitability of the land for R&PP use.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Any adverse comments will be reviewed by the BLM-ES State Director. In the absence of any adverse

comments, the classification of the land described in the notice will become effective May 10, 2010. The land will not be conveyed until after the classification becomes effective.

**Authority:** 43 CFR 2741.5.

**Bruce Dawson,**  
*Field Manager.*

## DEPARTMENT OF THE INTERIOR

### Bureau of Land Management

[LLCAN00000.L18200000.XZ0000]

#### Notice of Resource Advisory Council Vacancies

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice.

**SUMMARY:** Pursuant to authorities in the Federal Advisory Committee Act (FACA) and the Federal Land Policy and Management Act (FLPMA), the Bureau of Land Management (BLM) is seeking nominations to fill two vacant seats on the Northwest California Resource Advisory Council. The persons selected to fill the vacancies will complete unexpired terms ending in September 2010 and September 2011. The appointees will be eligible to compete for the full three-year terms when the current terms expire.

**SUPPLEMENTARY INFORMATION:** The council vacancies are in membership category one, which includes persons who hold Federal grazing permits in northwest California, or represent transportation and rights of way interests, the commercial timber industry, energy and mineral development interests, or recreational interests including off-highway vehicle users, commercial recreation, or developed recreation interests. The appointments will be made by the Secretary of the Interior pursuant to FACA (5 U.S.C. Appendix 2) and FLMPMA (43 U.S.C. 1701 *et seq.*) as are all BLM Resource Advisory Council appointments. The persons selected must have knowledge or experience in the interest area specified, and must have knowledge of the geographic area under the council's purview (Northwest California). Qualified applicants must have demonstrated a commitment to collaborate with varied interests to solve a broad spectrum of natural resource issues.

Nomination forms are available by contacting BLM Public Affairs Officer Joseph J. Fontana, 2950 Riverside Drive,

Susanville, California 96130; by telephone at (530) 252-5332; or e-mail, [jfontana@ca.blm.gov](mailto:jfontana@ca.blm.gov). Forms can also be downloaded from the following BLM California Web site: <http://www.blm.gov/ca/st/en/info/rac/nwrac.html>. Nominations must be returned to: Bureau of Land Management, 2950 Riverside Drive, Susanville, California 96130, Attention: Public Affairs Officer, no later than April 8, 2010. Individuals can nominate themselves, or interest groups can submit nominations. Nominations must include letters of support from the interest groups the nominee will represent.

The Obama Administration prohibits individuals who are currently federally registered lobbyists to serve on all FACA and non-FACA boards, committees or councils.

**For Additional Information:** Contact BLM Northern California District Manager Nancy Haug, (530) 221-1743, or Public Affairs Officer Joseph J. Fontana at the above phone or e-mail address.

**Authority:** 43 CFR subpart 1784.

**Joseph J. Fontana,**  
*Public Affairs Officer.*

**BILLING CODE 4310-40-P**

## INTERNATIONAL TRADE COMMISSION

[Investigation No. 1205-7]

### Proposed Modifications to the Harmonized Tariff Schedule of the United States

**AGENCY:** United States International Trade Commission.

**ACTION:** Notice of institution of investigation and request for public comment.

**SUMMARY:** On February 26, 2010, the Commission instituted Investigation No. 1205-7, Proposed Modifications to the Harmonized Tariff Schedule of the United States, pursuant to section 1205 of the Omnibus Trade and Competitiveness Act of 1988 (the 1988 Act). Section 1205 directs the Commission to keep the Harmonized Tariff Schedule of the United States (HTS) under continuous review and to recommend to the President modifications thereto, (1) when amendments to the international Convention on the Harmonized Commodity Description and Coding System (Harmonized System), and the Protocol thereto, are recommended by

the World Customs Organization (WCO) (formerly known as the Customs Cooperation Council) for adoption; and/or (2) as other circumstances warrant. The Commission's report will set forth the proposed changes to the HTS that would be needed to maintain conformity between the HTS and the international Harmonized System. The report will also include appropriate explanatory information on the proposed changes. In accordance with section 1206 of the 1988 Act, the President may proclaim the tariff modifications recommended by the Commission, following Congressional layover and consultation.

**DATES:** *April 9, 2010:* Publication of preliminary report on the USITC Web site.

*May 21, 2010:* Deadline for public comments on preliminary report.

*June 25, 2010:* Submission of final report to the President.

**ADDRESSES:** All Commission offices are located in the United States International Trade Commission Building, 500 E Street, SW., Washington, DC. All written submissions should be addressed to the Secretary, United States International Trade Commission, 500 E Street, SW., Washington, DC 20436. The public record for this collection of proposals may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

**FOR FURTHER INFORMATION CONTACT:** David Beck, Director, Office of Tariff Affairs and Trade Agreements (202–205–2603, fax 202–205–2616, [david.beck@usitc.gov](mailto:david.beck@usitc.gov)). The media should contact Margaret O'Laughlin, Office of External Affairs (202–205–1819, [margaret.olaughlin@usitc.gov](mailto:margaret.olaughlin@usitc.gov)). Hearing impaired individuals may obtain information on this matter by contacting the Commission's TDD terminal at 202–205–1810. General information concerning the Commission may also be obtained by accessing its Internet Web site at <http://www.usitc.gov>. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000.

**Background:** Section 1205(a) of the Omnibus Trade and Competitiveness Act of 1988 (the 1988 Act) (19 U.S.C. 3005(a)) provides that the Commission shall keep the HTS under continuous review and periodically recommend to the President such modifications in the HTS as the Commission considers necessary or appropriate to accomplish five general objectives. Among these stated objectives, section 1205(a)(1) of

the 1988 Act directs the Commission to conform the Harmonized Tariff Schedule with amendments made to the Harmonized System Convention, of which the United States is a signatory. Section 1205(a)(2) directs the Commission to promote the uniform application of the Harmonized System Convention and particularly the Protocol thereto, which contains the Harmonized System nomenclature structure and accompanying legal notes. Subsections (b)–(d) of section 1205 set out procedures to be utilized in formulating recommendations and the requirements that the Commission must observe with respect to the HTS modifications it may recommend.

The proposed changes included in this investigation are set out in a Recommendation promulgated by the World Customs Organization (WCO) on June 26, 2009, in order to update and clarify the international Harmonized System nomenclature. The Recommendation—the fourth in a series—is part of the WCO's long-term program to review periodically the HS nomenclature structure. In accordance with Article 16 of the Harmonized System Convention, the WCO has recommended the adoption of certain modifications to the Harmonized System nomenclature, which are scheduled to become effective on January 1, 2012. The WCO Recommendation of 26 June 2009 can be viewed on the Commission's Web site: [http://www.usitc.gov/tariff\\_affairs/modifications\\_hts.htm](http://www.usitc.gov/tariff_affairs/modifications_hts.htm).

The Harmonized System nomenclature provides a uniform structural basis for the customs tariffs and statistical nomenclatures of all major trading countries of the world, including the United States. The Harmonized System comprises the broadest principles of classification and levels of categories in the HTS, that is, the General Rules of Interpretation, Section and Chapter titles, Section and Chapter legal notes, and heading and subheading texts to the 6-digit level of detail. Additional U.S. notes, further subdivisions (8-digit subheadings and 10-digit statistical annotations) and statistical notes, as well as the entirety of chapters 98 and 99 and several appendixes, are national legal and statistical detail added for the administration of the U.S. tariff and statistical programs, and are not part of the international Harmonized System.

An up-to-date copy of the HTS, which incorporates the international Harmonized System in its overall structure, can be found on the Commission's Web site (<http://www.usitc.gov/tata/hts/bychapter/>

[index.htm](http://www.usitc.gov/tata/hts/bychapter/index.htm)). Hard copies and electronic copies of CD can be found at many of the 1,400 Federal Depository Libraries located throughout the United States and its territories; further information about these locations can be found at <http://www.gpoaccess.gov/fdhp.html> or by contacting GPO Access at the Government Printing Office, telephone 866–512–1800.

The Commission will prepare and make available a preliminary report and a final report. The preliminary report will be forwarded to the President via the United States Trade Representative on or about April 9, 2010. It will also be made available for public inspection (with the exception of any confidential business information) through the Commission's electronic docket (EDIS) and posted on the USITC Web site (<http://www.usitc.gov>).

The preliminary report will include proposed HTS modifications to conform the HTS to the WCO Recommendation of 26 June 2009. The public is invited to submit any comments until May 21, 2010. To assist the public in understanding the proposed changes and in developing comments, the Commission will include, in the preliminary and the final reports, a non-authoritative cross-reference table linking the proposed tariff codes to corresponding current tariff codes. Persons using the successive versions of this table should be aware that the cross-references shown are subject to change during the course of preparing for implementation of the January 2102 amendments to the HTS. U.S. Customs and Border Protection has domestic legal authority for tariff classification and may provide information, both during the course of the investigation and after the Commission's final report is submitted, that indicates different or additional tariff classifications of some goods. Moreover, the WCO Secretariat will eventually issue its own advisory cross-reference table between the 2007 HS and the 2012 HS. If necessary, the Commission's report will provide an explanation for any differences between the WCO's and the Commission's cross-reference tables; such differences would typically result from differences between WCO decisions and established U.S. customs classification of goods.

The Commission's final report, incorporating any public comments received, will be sent to the President (through USTR) on or about June 25, 2010. It will also be made available for public inspection (with the exception of any confidential business information) through the Commission's electronic docket (EDIS) and posted on the USITC Web site (<http://www.usitc.gov>).

Following Congressional layover and consultation, the President may proclaim the tariff modifications recommended, effective not before the 30th day after the date on which the text of the proclamation is published in the **Federal Register**.

**Written Submissions:** No public hearing is planned, but interested parties are invited to submit written comments, which should be addressed to the Secretary and received no later than May 21, 2010. Submissions should be marked to refer to "Investigation No. 1205-7". All written submissions must conform with the provisions of section 201.8 of the Commission's *Rules of Practice and Procedure* (19 CFR 201.8). Section 201.8 requires that a signed original (or a copy so designated) and fourteen (14) copies of each document be filed. In the event that confidential treatment of a document is requested, at least four (4) additional copies must be filed, in which the confidential information must be deleted (see the following paragraph for further information regarding confidential business information). The Commission's rules authorize filing submissions with the Secretary by facsimile or electronic means only to the extent permitted by section 201.8 of the rules (see Handbook for Electronic Filing Procedures, [http://www.usitc.gov/docket\\_services/documents/handbook\\_on\\_electronic\\_filing.pdf](http://www.usitc.gov/docket_services/documents/handbook_on_electronic_filing.pdf)). Persons with questions regarding electronic filing should contact the Secretary (202-205-2000).

Any submissions that contain confidential business information must also conform with the requirements of section 201.6 of the *Commission's Rules of Practice and Procedure* (19 CFR 201.6). Section 201.6 of the rules requires that the cover of the document and the individual pages be clearly marked as to whether they are the "confidential" or "non-confidential" version, and that the confidential business information be clearly identified by means of brackets. All written submissions, except for confidential business information, will be made available for inspection by the public. Any confidential business information that might be received in the comments may be made available to Customs, Census, or the President during the examination of these proposals. The Commission will not otherwise publish or release any confidential business information received, nor release it to other government agencies or other persons.

Issued: March 4, 2010.

By order of the Commission.  
**Marilyn R. Abbott**,  
*Secretary to the Commission.*  
 [FR Doc. 2010-4969 Filed 3-8-10; 8:45 am]

## DEPARTMENT OF LABOR

### Bureau of Labor Statistics

#### Proposed Collection, Comment Request

**ACTION:** Notice.

**SUMMARY:** The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed extension of the "Report on Occupational Employment and Wages." A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed below in the Addresses section of this notice.

**DATES:** Written comments must be submitted to the office listed in the Addresses section of this notice on or before May 10, 2010.

**ADDRESSES:** Send comments to Carol Rowan, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room 4080, 2 Massachusetts Avenue, NE., Washington, DC 20212. Written comments also may be transmitted by fax to 202-691-5111 (this is not a toll free number).

**FOR FURTHER INFORMATION CONTACT:** Carol Rowan, BLS Clearance Officer, at 202-691-7628 (this is not a toll free number). (See **ADDRESSES** section.)

#### SUPPLEMENTARY INFORMATION:

##### I. Background

The Occupational Employment Statistics (OES) survey is a Federal/State establishment survey of wage and salary workers designed to produce data on current occupational employment and

wages. OES survey data assist in the development of employment and training programs established by the 1998 Workforce Investment Act (WIA) and the Perkins Vocational Education Act of 1998.

The OES program operates a periodic mail survey of a sample of non-farm establishments conducted by all fifty States, the District of Columbia, Guam, Puerto Rico, and the U.S. Virgin Islands. Over three-year periods, data on occupational employment and wages are collected by industry at the four- and five-digit North American Industry Classification System (NAICS) levels. The Department of Labor uses OES data in the administration of the Foreign Labor Certification process under the Immigration Act of 1990.

##### II. Current Action

Office of Management and Budget clearance is being sought for the Occupational Employment Statistics (OES) program. Occupational employment data obtained by the OES survey are used to develop information regarding current and projected employment needs and job opportunities. These data assist in the development of State vocational education plans. OES wage data provide a significant source of information to support a number of different Federal, State, and local efforts.

As part of an ongoing effort to reduce respondent burden, OES has several electronic submission options which are available to respondents. Respondents have the ability to submit data by e-mail, or fillable online forms. In many cases, a respondent can submit existing payroll records and would not need to submit a survey form.

##### III. Desired Focus of Comments

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other
