December 15, 2004.

Take notice that on December 14, 2004, ISO New England, Inc. (ISO-New England) filed a correction to its November 19, 2004 application pursuant to section 204 of the Federal Power Act. The November 19, 2004 application requested that the Commission amend the authorization to issue unsecured promissory notes previously granted to permit ISO-New England to use proceeds from the borrowings for general public utility purposes, including funding working capital. The November 19, 2004 application incorrectly referenced Docket No. ES04-39-000 as the proceeding in which the prior authorization that ISO New England seeks to amend was granted. The corrected application requests that the Commission amend the authorization to issue unsecured promissory notes previously granted on May 27, 2004, in Docket No. ES04-29-000, to permit ISO-New England to use proceeds from the borrowings for general public utility purposes, including funding working capital.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will

not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on all parties to the proceeding.
