The Office of Workers' Compensation Programs administers the Federal Employees' Compensation Act, 5 U.S.C. 8133. Under the Act, eligible dependents of deceased employees receive compensation benefits on account of the employee's death. OWCP has to monitor death benefits for current marital status, potential for dual benefits, and other criteria for qualifying as a dependent under the law. The CA-12 form is sent annually to beneficiaries in death cases to ensure that their status has not changed and that they remain entitled to benefits. The information collected is used by OWCP claims examiners to ensure that death benefits being paid are correct, and that payments are not made to ineligible survivors. related notice published in the **Federal Register** on May 28, 2020 (85 FR 32054).
