

to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO as explained in the administrative order itself. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

These final results of the administrative review and this revocation, in-part, are issued and published in accordance with sections 751(a)(1), 751(d)(1), and 777(i)(1) of the Act (19 USC 1675(a)(1), 1675(d)(1), and 19 USC 1677f(i)(1)).

Instrument: Atacama Large Millimeter Array (ALMA) Radio Telescope.

Manufacturer: Vertex Antennentechnik GmbH, Germany.

Intended Use: The instrument is intended to serve as a test and evaluation instrument. The results of the evaluation will be used to finalize the design basis for the entire array of radio telescopes which will be located in Chile. The antennas of the Atacama Large Millimeter Array will collect millimeter and submillimeter waves from the cosmos and direct them through a series of mirrors into the cooled detectors. The purpose of the array is to collect the waves in such a fashion as to create an image of their source, cool gas and dust in the Universe. From these images the mechanisms of creation of planets stars and galaxies may be hypothesized and studied by astronomers and students.

Notice of Final Negative Countervailing Duty Determination: IQF Red Raspberries from Chile

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final negative countervailing duty determination.

SUMMARY: The Department of Commerce ("the Department") has made a final determination that countervailable subsidies are not being provided to producers and exporters of individually quick frozen red raspberries in Chile.

EFFECTIVE DATE: May 22, 2002.

FOR FURTHER INFORMATION CONTACT: Craig Matney or Jennifer Jones, Office of AD/CVD Enforcement 1, Import Administration, U.S. Department of Commerce, Room 3096, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-1778 or 482-4194, respectively.

SUPPLEMENTARY INFORMATION:

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department's regulations are to 19 CFR Part 351 (April 2001).

Petitioners

The petition in this investigation was filed by the IQF Red Raspberries Fair Trade Committee ("Committee") and its members (collectively referred to hereinafter as "the petitioners"). The Committee is an *ad hoc* association of growers and processors of IQF red raspberries. All of the members of the Committee are producers of IQF red raspberries.

Case History

Since the publication of the preliminary determination in the **Federal Register** (see *Preliminary Negative Countervailing Duty Determination and Alignment of Final Countervailing Duty Determination With Final Antidumping Duty Determination: IQF Red Raspberries from Chile*, 66 FR 52588 (October 16, 2001) ("Preliminary Determination")), the following events have occurred:

We conducted verification of the questionnaire responses of the Government of Chile ("GOC"), Fruticola Olmue S.A. ("Olmue"), Exportadora Frucol Ltda. ("Frucol") and Comercial Fruticola S.A. ("Comfrut") from December 12-19, 2001.

On December 12, 2001, based on a request from Olmue, Frucol and Comfrut (collectively, "the responding companies"), which are also respondents in the companion antidumping duty investigation, the Department postponed the final antidumping determination until May 15, 2002. Because of the alignment of the countervailing duty investigation with the antidumping duty investigation, the final determination in the countervailing duty investigation was also postponed until May 15, 2002. See *Notice of Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination: IQF Red Raspberries from Chile*, 66 FR 67510 (December 30, 2001).

On March 25, 2002, we received a combined case brief from the GOC and the three responding companies. No brief or rebuttal brief was filed by the petitioners. No hearing was held because none was requested.

Scope of Investigation

The products covered by this investigation are imports of IQF whole or broken red raspberries from Chile, with or without the addition of sugar or syrup, regardless of variety, grade, size or horticulture method (e.g., organic or not), the size of the container in which packed, or the method of packing. The scope of the investigation excludes fresh red raspberries and block frozen red raspberries (i.e., puree, straight pack, juice stock, and juice concentrate).

The merchandise subject to this investigation is classifiable under 0811.20.2020 of the Harmonized Tariff Schedule of the United States ("HTSUS"). Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the merchandise under investigation is dispositive.

Period of Investigation

The period for which we are measuring subsidies (the POI) is calendar year 2000.

Analysis of Comments Received

All issues raised in the case brief submitted are addressed in the *Decision Memorandum*, which is hereby adopted by this notice. Attached to this notice as Appendix I is a list of the issues which parties have raised and to which we have responded in the *Decision*.
