Abstract: Reclamation collects
agency-wide recreation and concession
information to fulfill congressional
reporting requirements pursuant to
current public laws, including the
Federal Water Project Recreation Act (16
U.S.C. 460I), and the Federal Lands
Recreation Enhancement Act (16 U.S.C.

87). In addition, collected information
will permit relevant program
assessments of resources managed by
Reclamation, its recreation managing
partners, and/or concessionaires for the
purpose of contributing to the
implementation of Reclamation's
mission. More specifically, the collected
information enables Reclamation to (1)
evaluate the effectiveness of program
management based on existing
recreation and concessionaire resources
and facilities, and (2) validate the
efficiency of resources for public use
within partner managed recreation
resources, located on Reclamation
project lands in the 17 Western States.
In addition to using an on-line data
collection platform, we have
streamlined the form used in this ICR by
removing two sections that can be
collected and maintained by
Reclamation employees which lessens
the public burden.
