of proposed projects being developed for submission to OMB under the Paperwork Reduction Act of 1995. To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, call the HRSA Reports Clearance Officer on (301) 443-1129.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Grantee Data Reporting System for the Rural Health Outreach Grant Program (RHOGP): New

The Rural Health Outreach Grant Program (RHOGP) is one of the major grant programs managed and funded by the Office of Rural Health Policy, Health

Resources and Services Administration. The overall objectives of the program are to expand access to, coordinate, restrain the cost of, and improve the quality of essential health care services, including preventive and emergency services, through the development of integrated health care delivery systems or networks in rural areas and regions. While each project has different objectives and activities, all grantee projects involve the use of Networks of three or more organizations working together to improve health care in their communities. Projects may be carried out by networks of the same providers (e.g., all hospitals) or more diversified networks.

The proposed data collection instruments are intended to strengthen the Office of Rural Health Policy's (ORHP) Outreach Grant Program's existing grantee evaluation process and grantee data collection. This information collection activity will provide ORHP with an increased capacity for monitoring and evaluation and will permit the efficient review of the grant projects in relation to HRSA's strategic objectives.

The estimated response burden is as follows:

| Form | Number of respondents | Responses per respondent | Hours per response | Total burden hours |
|------------------------------|-----------------------|--------------------------|--------------------|--------------------|
| Grantee Reporting Form | 53 | 1 | 8 | 424 |
| Year 1 Progress Report | 140 | 1 | 8 | 1120 |
| Year 2 Progress Report | 140 | 1 | 8 | 1120 |
| Final Report | 53 | 1 | 12 | 636 |
| Total | 193 | | | 3300 |

Chapter 35). To request a copy of the clearance requests submitted to OMB for review, call the HRSA Reports Clearance Office on (301)-443-1129.

The following request has been submitted to the Office of Management

and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: Scholarship Program for Students of Exceptional Financial Need (EFN) and Program of Financial Assistance for Disadvantaged Health Professions Students (FADHPS): Regulatory Requirements (OMB No. 0915-0028)—Reinstatement, With Change

The EFN Scholarship Program, authorized by section 736 of the Public Health Service (PHS) Act, and the FADHPS Program, authorized by section 740(a)(2)(F) of the PHS Act, provides financial assistance to schools of allopathic and osteopathic medicine and dentistry for awarding tuition scholarships to health professions students who are of exceptional financial need. To be eligible for support under the FADHPS Program, a student must also be from a

disadvantaged background. In return for this support, students of allopathic and osteopathic medicine must agree to complete residency training in primary care in 4 years, and practice in primary

care for 5 years after completing residency training.

The program regulations contain recordkeeping requirements designed to ensure that schools maintain adequate

records for the government to monitor program activity and that funds are spent as intended. The estimate of burden for the regulatory requirements of this clearance are as follows:

| Form | Number of respondents | Responses per respondents | Total responses | Minutes per response | Total burden hours |
|------------------|-----------------------|---------------------------|-----------------|----------------------|--------------------|
| EFN/FADHPS | 80 | 1 | 80 | 10 | 14 |
