The media should contact Margaret O'Laughlin, Office of External Relations (202–205–1819 or margaret.olaughlin@usitc.gov). Hearing-impaired individuals may obtain information on this matter by contacting the Commission's TDD terminal at 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000.

Background: As requested, in the first report (investigation No. 332–516), the Commission will provide advice as to the probable economic effect on U.S. industries and on U.S. consumers of reducing U.S. tariffs to zero on dutiable imported environmental goods from all U.S. trading partners, based on 2010 HTS nomenclature at the 8-digit level,

and using 2009 trade data. In absence of a universally accepted definition of an "environmental good," the Commission, for purposes of its analysis, will refer to the items proposed in Annex III of WTO document TN/TE/19, and as applicable, the additional product-specific descriptions set out in that Annex.

As requested, for the second report (investigation No. 332–517), the Commission will:

- Provide an overview of the current state of global environmental goods trade; and
- Develop industry, trade, and market information for the items proposed in Annex III of WTO document TN/TE/19, taking into account to the extent possible, the additional, more detailed product descriptions in that Annex. Such information will include major U.S. producers and exporters, key U.S. export markets, MFN applied and bound tariffs in those markets, and the value of U.S. imports and exports for 2007–09, to the extent practical; and
- Prepare several case studies on the competitive position of selected U.S. environmental goods industries that produce the items proposed in Annex III of WTO document TN/TE/19. The Commission will select environmental goods of significant export and/or commercial interest to the United States. Each case study will include a description of the competitive factors affecting exports, or the potential to export, and to the extent practical, identify tariff and non-tariff measures, government programs, and technological advantages, and provide information on shares in domestic and major foreign markets as well as other relevant information.

The Commission will submit its first report to USTR by October 18, 2010, and its second report to USTR by February 16, 2011. The USTR indicated that the portions of the Commission's first report and its associated working papers that deal with the requested probable economic effect advice, as well as relevant parts of the more detailed analysis, as identified by USTR, will be classified as "confidential." The USTR said that his office will provide further guidance relating on the extent to which portions of the two reports require classification and the duration. The USTR also stated that he considers the Commission's reports to be inter-agency memoranda that will contain pre-decisional advice and be subject to the deliberative process privilege.

Public Hearing: A public hearing in connection with the second investigation (No. 332–517) will be held at the U.S. International Trade Commission Building, 500 E Street,

SW., Washington, DC, beginning at 9:30 a.m. on September 28, 2010. Requests to appear at the public hearing should be filed with the Secretary, no later than 5:15 p.m., September 7, 2010, in accordance with the requirements in the "Submissions" section below. All pre-hearing briefs and statements should be filed not later than 5:15 p.m., September 14, 2010; and all post-hearing briefs and statements should be filed not later than 5:15 p.m., October 6, 2010. In the event that, as of the close of business on September 7, 2010, no witnesses are scheduled to appear at the hearing, the hearing will be canceled. Any person interested in attending the hearing as an observer or nonparticipant may call the Secretary to the Commission (202–205–2000) after September 7, 2010, for information concerning whether the hearing will be held. The Commission intends to issue a subsequent **Federal Register** notice that will provide details on the subject areas that would be of particular interest for witnesses to address at the public hearing.

Written Submissions: In lieu of or in addition to participating in the hearing, interested parties are invited to submit written statements concerning these investigations. All written submissions should be addressed to the Secretary, and should be received not later than 5:15 p.m. on the respective dates specified above for each investigation. All written submissions must conform with the provisions of section 201.8 of the Commission's *Rules of Practice and Procedure* (19 CFR 201.8). Section 201.8 requires that a signed original (or a copy so designated) and fourteen (14) copies of each document be filed. The Commission's rules authorize filing submissions with the Secretary by facsimile or electronic means only to the extent permitted by section 201.8 of the rules (see Handbook for Electronic Filing Procedures, http://www.usitc.gov/secretary/fed_reg_notices/rules/documents/handbook_on_electronic_filing.pdf). INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-696]

In the Matter of Certain Restraining Systems for Transport, Components Thereof, and Methods of Using Same; Notice of Commission Determination Not To Review an Initial Determination Granting Respondent's Second Amended Motion To Terminate the Investigation in Its Entirety Based on a Consent Order Stipulation and To Issue a Consent Order; Termination of the Investigation

AGENCY: International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review the presiding administrative law judge's ("ALJ") initial determination ("ID") (Order No. 6) granting respondent's second amended motion to terminate the investigation in its entirety based on a consent order stipulation and to issue a consent order.

FOR FURTHER INFORMATION CONTACT: Jia Chen, Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 708-5468. Copies of non-confidential documents filed in connection with this investigation are or will be available for

inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: This investigation was instituted on December 29, 2009, based on a complaint filed by Matthew Bullock and Walnut Industries, Inc. 74 FR 68865 (Dec. 29, 2009). The complaint alleges violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain restraining systems for transport, components thereof, and methods of using the same by reason of infringement of certain claims of United States Patent Nos. 6,089,802, 6,227,779, and 6,981,827. The complaint named Qingdao Auront Industry & Trade Co. Ltd. ("Auront") as the sole respondent.

On March 16, 2010, Auront filed a motion to terminate the investigation based on a consent order stipulation. The Commission investigative attorney ("IA") opposed the motion to terminate because Auront did not satisfy the Commission Rules. On April 5, 2010, Auront filed a second motion to terminate based on a revised consent order. On April 14, 2010, Auront filed an amendment to its second motion with additional revisions to the consent order stipulation. On April 20, 2010, complainants filed an opposition to Auront's motions. On the same day, the IA filed a response in support of termination.

On April 21, 2010, the ALJ issued an initial determination ("ID") granting Auront's second amended motion to terminate the investigation. The ALJ found that the motion complied with the requirements of Commission Rule 210.21 (19 CFR 210.21). The ALJ also concluded that, pursuant to Commission Rule 210.50(b)(2) (19 CFR 210.50(b)(2)), there is no evidence that termination of this investigation will prejudice the public interest. Accordingly, the ALJ terminated the investigation. No petitions for review of this ID were filed. The Commission has

determined not to review the ALJ's ID terminating the investigation and to issue the consent order submitted by Auront.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in § 210.45 of the Commission's Rules of Practice and Procedure (19 CFR 210.45).

By order of the Commission.
