

important in bringing to the Council's attention issues and priorities of the disability community.

For the December 8 meeting, NCD requests comments from the public regarding ideas for the Council's Fiscal Year 2024 policy project proposals, which will be discussed and voted on at its February Council meeting. NCD specifically requests ideas to engage emerging topics, areas in need of updated research for advising federal policy makers, and areas previously unengaged by the Council.

Because of the virtual setting, there will be a hybrid option for submitting public comment. The Council is soliciting public comment by email or via video or audio over Zoom. Emailed public comment submissions will be reviewed during the meeting and delivered to members of the Council at its conclusion. You can also present public comment during the session by clicking the "Hand Raise" button in Zoom and waiting to be called on. If you plan to present over Zoom, please provide advance notice. To provide comments or notice to present public comment, please send an email to PublicComment@ncd.gov with the subject line "Public Comment" and your name, organization, state, and topic of comment included in the body of your email. Submission should be received no later than December 7, 5 p.m. EST to ensure inclusion.

Attachment—Order Extending the Effectiveness of the Approval of the Transfer of Licenses and Conforming Amendments

United States of America

Nuclear Regulatory Commission

[NRC–2019–0236]

In the Matter of ZionSolutions, LLC and Exelon Generation Company, LLC Zion

Nuclear Power Station, Units 1 and 2; EA–19–125 Docket Nos. 50–295, 50–304, and 72–1037; License Nos.: DPR–39 and DPR–48

Order Extending the Effectiveness of the Approval of the Transfer of Licenses and Conforming Amendments

I

ZionSolutions, LLC is the holder of U.S. Nuclear Regulatory Commission (NRC, the Commission) Facility Operating License Nos. DPR–39 and DPR–48 for the Zion Nuclear Power Station, Units 1 and 2, respectively (ZNPS), and the associated general license for the ZNPS independent spent fuel storage installation (ISFSI), which are located in Lake County, Illinois. ZionSolutions, LLC is authorized to possess and maintain ZNPS and the ZNPS ISFSI. Operation of ZNPS is no longer authorized under these licenses.

II

By Order dated November 26, 2019 (Transfer Order), the Commission consented to the direct transfer of the ZNPS licenses from ZionSolutions, LLC to Exelon Generation Company, LLC and approved draft conforming administrative license amendments in accordance with Sections 50.80, "Transfer of licenses," 72.50, "Transfer of license," and 50.90, "Application for amendment of license, construction permit, or early site permit," of Title 10 of the *Code of Federal Regulations* (10 CFR). By its terms, the Transfer Order becomes null and void if the transfer is not completed within one year (*i.e.*, by November 26, 2020); provided, however, that upon written application and for good cause shown, such date may be extended by order. By letter dated August 27, 2020, ZionSolutions, LLC submitted a written application to extend the effectiveness of the Transfer Order by 6 months, until May 26, 2021. That request was approved by Order (First Extension Order) dated October 21, 2020. By letter dated April 15, 2021, ZionSolutions, LLC submitted a written application to extend the effectiveness of the Transfer Order by an additional 6 months, until November 26, 2021. That request was approved by Order (Second Extension Order) dated May 12, 2021. Subsequently, by letter dated August 17, 2021, ZionSolutions, LLC submitted a written application to extend the effectiveness of the Transfer Order by an additional twelve months, until November 26, 2022. That request

was approved by Order (Third Extension Order) dated August 30, 2021.

III

By letter dated October 19, 2022, ZionSolutions, LLC submitted a written application to extend the effectiveness of the Transfer Order by an additional 6 months, until May 26, 2023. As stated in the application, a license amendment request for the ZNPS License Termination Plan and responses to requests for additional information regarding ZNPS Final Status Survey Final Reports and their associated Release Records are currently under review by the NRC staff. The extension would provide the NRC staff with additional time to assess the information provided by ZionSolutions, LLC and make a final determination regarding the release of land for unrestricted use. However, based on the complexity of the review, potential need for confirmatory surveys, and administrative work required to complete the partial site release, the NRC has determined that a twelve-month extension to November 26, 2023, is more appropriate.

Based on the above, the NRC has determined that ZionSolutions, LLC has shown good cause for extending the effectiveness of the Transfer Order by an additional twelve months.

IV

Accordingly, pursuant to Sections 161b, 161i, and 184 of the Atomic Energy Act of 1954, as amended; Title 42 of the United States Code Sections 2201(b), 2201(i), and 2234; and 10 CFR 50.80 and 10 CFR 72.50, *it is hereby ordered* that the expiration date of the Transfer Order, as extended by the Third Extension Order, is further extended until November 26, 2023. If the subject license transfer from ZionSolutions, LLC to Exelon Generation Company, LLC is not completed by November 26, 2023, the Transfer Order shall become null and void; provided, however, that upon written application and for good cause shown, such date may be extended by order.

This Order is effective upon issuance.

Dated this 17th day of November 2022.

For The Nuclear Regulatory Commission.
John W. Lubinski,
Director, Office of Nuclear Material, Safety and Safeguards.
