

T640X monitors in the EPA's Air Quality System (AQS) that was reported prior to the modification. This update, which will be applied to the unmodified hourly PM_{2.5} concentration data in AQS using collocated ambient temperature when available, is expected to result in a much higher number of PM_{2.5} monitoring sites using the T640 and T640X FEM methods meeting the bias measurement quality objectives (MQOs). More details related to this update can be found in the document titled, "Proposal to Update PM_{2.5} Data from T640/T640X PM Mass Monitors," located in the docket for this action and on the EPA's website at <https://www.epa.gov/aqs/aqs-memos-monitoring-and-policy>. Because of the importance of this air quality data for regulatory, scientific, and public use, the EPA is providing an opportunity for the public to comment on this update and the subsequent use of the updated data in regulatory and non-regulatory applications.

DATES: Comments must be received on or before March 15, 2024.

ADDRESSES: You may send comments, identified by Docket ID No. EPA-HQ-OAR-2023-0642, by any of the following methods:

- *Federal eRulemaking Portal:* <https://www.regulations.gov/> (our preferred method). Follow the online instructions for submitting comments.
- *Email:* a-and-r-docket@epa.gov. Include Docket ID No. EPA-HQ-OAR-2023-0642 in the subject line of the message.
- *Mail:* U.S. Environmental Protection Agency, EPA Docket Center, OAQPS Docket, Mail Code 28221T, 1200 Pennsylvania Avenue NW, Washington, DC 20460.
- *Hand Delivery or Courier (by appointment only):* EPA Docket Center, WJC West Building, Room 3334, 1301 Constitution Avenue NW, Washington, DC 20004. The Docket Center's hours of operations are 8:30 a.m.–4:30 p.m., Monday–Friday (except Federal Holidays).

Instructions: All submissions received must include the Docket ID No. for this rulemaking. Comments received may be posted without change to <https://www.regulations.gov/>, including any personal information provided. For detailed instructions on sending comments and additional information on the rulemaking process, see the "Public Participation" heading of the **SUPPLEMENTARY INFORMATION** section of this document.

FOR FURTHER INFORMATION CONTACT: Brett Gantt, Office of Air Quality Planning and Standards, Air Quality

Assessment Division, Air Quality Analysis Group (Mail Code: C304-04), Environmental Protection Agency, 109 T.W. Alexander Drive, Research Triangle Park, NC 27711; telephone number: (919) 541-5274; email address gantt.brett@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Proposed Data Correction

For detailed information regarding the retroactive correction of air quality data and the use of corrected data, please see the document titled, "Proposal to Update PM_{2.5} Data from T640/T640X PM Mass Monitors," located in the docket for this action and on the EPA's website at <https://www.epa.gov/aqs/aqs-memos-monitoring-and-policy>.

The EPA seeks comment on this document, including the proposed timing for the data correction and how the EPA and other monitoring authorities may use the data once corrected. The EPA will consider comments received prior to making a final determination on the retroactive application of the approved modification to the FEM for the Teledyne T640/T640X monitoring data.

II. Public Participation

A. Written Comments

Submit your comments, identified by Docket ID No. EPA-HQ-OAR-2023-0642, at <https://www.regulations.gov> (our preferred method), or using one of the other methods identified in the **ADDRESSES** section. Once submitted, comments cannot be edited or removed from the docket. The EPA may publish any comment received to its public docket. Do not submit to the docket at <https://www.regulations.gov> any information you consider to be Confidential Business Information (CBI), Proprietary Business Information (PBI), or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). Please visit <https://www.epa.gov/dockets/commenting-epa-dockets> for additional submission methods; the full EPA public comment policy; information about CBI, PBI, or multimedia

submissions; and general guidance on making effective comments.

Richard A. Wayland,
Director, Air Quality Assessment Division.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-1198; FR ID 203005]

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before April 15, 2024. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to nicole.ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele, (202) 418–2991.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060–1198.

Title: Section 90.525, Administration of Interoperability Channels; Section 90.529, State Licenses; and Section 90.531, Band Plan.

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: State, local or Tribal government, and not-for-profit institutions.

Number of Respondents and Responses: 300 respondents; 300 responses.

Estimated Time per Response: 1 hour–2 hours.

Frequency of Response: On occasion reporting and one-time reporting requirements; third party disclosure.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this collection of information is contained in sections 4(i), 11, 303(g), 303(r), and 332(c)(7) of the Communications Act of 1934, as amended, 47 U.S.C. 154(i), 161, 303(g), 303(r), 332(c)(7), unless otherwise noted.

Total Annual Burden: 580 hours.

Total Annual Cost: No Cost.

Needs and Uses: Section 90.525 of the Commission's rules requires approval of license applications for Interoperability channels in the 769–775 MHz and 799–805 MHz frequency bands by state-level

agency or organization responsible for administering emergency communications. Section 90.529 of the Commission's rules provides that each state license will be granted subject to the condition that the state certifies on or before each applicable benchmark date that it is providing or prepared to provide "substantial service." Section 90.531 of the Commission's rules sets forth the band plan for the 769–775 MHz and 799–805 MHz public safety bands. This section covers channel designations for base and mobile use, narrowband segments, combined channels, channel pairing, internal guard band, and broadband. Narrowband general use channels, including the former narrowband reserve channels, and low power channels require regional planning committee concurrence and narrowband air-ground channels require state or regional planning committee concurrence.

Commission staff will use the information to assign licenses for interoperability and General Use channels, as well as renewal of State licenses. The information will also be used to determine whether prospective licensees operate in compliance with the Commission's rules. Without such information, the Commission could not accommodate State interoperability or regional planning requirements or provide for the efficient use of State frequencies. This information collection includes rules to govern the operation and licensing of 700 MHz band systems to ensure that licensees continue to fulfill their statutory responsibilities in accordance with the Communications

Act of 1934, as amended. Such information will continue to be used to verify that applicants are legally and technically qualified to hold licenses, and to determine compliance with Commission rules.

Federal Communications Commission.

Marlene Dortch,

Secretary, Office of the Secretary.

BILLING CODE 6712–01–P

FEDERAL COMMUNICATIONS COMMISSION

[FR ID 202962]

Open Commission Meeting Thursday, February 15, 2024

The Federal Communications Commission will hold an Open Meeting on the subjects listed below on Thursday, February 15, 2024, which is scheduled to commence at 10:30 a.m. in the Commission Meeting Room of the Federal Communications Commission, 45 L Street NE, Washington, DC.

While attendance at the Open Meeting is available to the public, the FCC headquarters building is not open access and all guests must check in with and be screened by FCC security at the main entrance on L Street. Attendees at the Open Meeting will not be required to have an appointment but must otherwise comply with protocols outlined at: www.fcc.gov/visit. Open Meetings are streamed live at: www.fcc.gov/live and on the FCC's YouTube channel.

Item No.	Bureau	Subject
1	Public Safety and Homeland Security	<i>Title:</i> Increasing the Accessibility of the Emergency Alert System (PS Docket No. 15–94). <i>Summary:</i> The Commission will consider a Notice of Proposed Rulemaking intended to simplify the process for alert originators to send multilingual emergency alerts over television and radio.
2	Consumer and Governmental Affairs	<i>Title:</i> Empowering Consumers to Stop Robocalls and Robotexts (CG Docket No. 02–278). <i>Summary:</i> The Commission will consider a Report and Order and Further Notice of Proposed Rulemaking to strengthen consumers' ability to revoke consent so that it is simple and easy, codify previously adopted protections that make it simpler for consumers to revoke consent, and require that callers and texters implement requests in a timely manner. The item also proposes and seeks comment on how to apply the TCPA to robocalls and robotexts from wireless providers to their own subscribers and proposes to give consumers the ability to revoke consent and thereby stop these communications.
3	Office of Engineering and Technology	<i>Title:</i> Expanding Opportunities for Wireless Microphone Use (ET Docket No. 21–115). <i>Summary:</i> The Commission will consider a Report and Order to revise the Part 15 and 74 technical rules to permit a recently developed, and more efficient, type of wireless microphone system.
4	Space	<i>Title:</i> Space Innovation (IB Docket No. 22–271); Facilitating Capabilities for In-space Servicing, Assembly, and Manufacturing (IB Docket No. 22–272).
