II. Amount Allocated

This NOFA makes available \$50,000,000 for the physical conversion of section 202 projects or portions of projects to ALFs. The FY 2000 funding is in the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, for the fiscal year ending September 30, 2000 (Pub.L. 106-74, 113 Stat. 1047, approved October 20, 1999).

Under the ALCP, the 18 HUD Multifamily Hubs are grouped into four geographic areas, so that the amount of fair-shared grant funds will be sufficient to enable reasonable competition, and insure projects of feasible size and quality.

The four geographic areas and the lead Hub under the ALCP for each are:

The lead Hub for the *East* Geographic Area is Buffalo (the other Hubs which feed into Buffalo for the ALCP are Boston, New York, Philadelphia, and Baltimore).

The lead Hub for the *South* Geographic Area is Greensboro (the other Hubs which feed into Greensboro for the ALCP are Atlanta, Jacksonville, and Fort Worth).

The lead Hub for the *Central* Geographic Area is Kansas City (the other Hubs which feed into Kansas City for the ALCP are Chicago, Columbus, Detroit, and Minneapolis).

The lead Hub for the *West* Geographic Area is San Francisco (the other Hubs which feed into San Francisco for the ALCP are Seattle, Los Angeles and Denver).

The allocation formula used for the ALCP reflects demographic characteristics of age and incidence of frailty that would be expected for program participants. The Fiscal Year (FY) 2000 formula consists of three data

elements from the 1990 decennial census:

(1) The number of non-institutional elderly population aged 55 years or older with a self-care limitation,

(2) The number of non-institutional elderly population aged 75 or older with a mobility limitation, and,

(3) The number of the non-institutional elderly population aged 75 or older with both a mobility limitation and a self-care limitation.

The data were taken from the 1990 Census Special Tabulation on Aging, STP-14, sponsored by the Administration on Aging, U.S. Department of Health and Human Services.

A mobility limitation is defined as a health condition that has lasted for six (6) or more months, making it difficult for the person to go outside the home alone. This includes outside activities such as shopping or visiting the doctor's office. A self-care limitation is defined as a health care limitation that has lasted for six (6) months or more which makes it difficult for the person to take care of his/her own personal needs such as dressing, bathing, or getting around in the home.

A fair share factor for each state was developed by taking the sum of the three elements within each state as a percentage of the sum of the three elements for the total United States. The resulting percentage for each state was then adjusted to reflect the relative difference in the cost of providing housing among the states. The total of the grant funds available (\$50 million) was multiplied by the adjusted fair share percentage for each state, and the resulting funds for each state were totaled for each of the four geographic areas.

The ALCP grant funds fair share allocations for the four geographic areas are shown below:

FISCAL YEAR ALLOCATION 2000 FOR THE ASSISTED LIVING CONVERSION PROGRAM (ALCP)

Area	Grant authority
East	\$14,760,882
South	14,567,452
Central	11,989,455
West	8,682,211
	50,000,000

III. Program Description; Eligible and Ineligible Applicants, Developments, and Activities

(A) Program Description

Assisted living facilities are designed to accommodate frail elderly and people

with disabilities who can live independently but need assistance with activities of daily living (e.g., assistance with eating bathing, grooming, dressing and home management activities. ALFs must provide support services such as personal care, transportation, meals, housekeeping, and laundry. Frail elderly person means an individual 62 years of age or older who is unable to perform at least three activities of daily living (ADLs) as defined by the regulations for HUD's Section 202 Program (Supportive Housing for the Elderly) at 24 CFR 891.205.

Assisted living is defined in section 232(b)(6) of the National Housing Act (12 U.S.C. 1715w). The ALCP provides funding for the physical costs of converting some or all of the units of a section 202 development into an ALF, including the unit configuration, common and services space and any necessary remodeling, consistent with HUD or the State's statute/regulations (whichever is more stringent).

Typical funding will cover basic physical conversion of existing project units, common and services space. There must be sufficient community space to accommodate a central kitchen or dining facility, lounges, recreation and other multiple-areas available to all residents of the Section 202 projects, or office/staff spaces in the ALF. When food is prepared at an off-site location, the preparation area of the facility must be of sufficient size to allow for the installation of a full kitchen, if necessary. You must provide supportive services for the residents either directly or through a third party. Your application must include a firm commitment for the supportive services to be offered within the ALF as part of the application. You may charge assisted living residents for meals and/or service fees. Residents may contract with third party agencies directly for nursing, therapy or other services not offered by the ALF.

(B) Program Requirements

The following program requirements apply:

(1) Your ALF facility must be licensed and regulated by the State (or if there is no State law providing such licensing and regulation, by the municipality or other subdivision in which the facility is located). Each assisted living unit must include its own kitchen, bathroom, living/dining area (1 bedroom unit) or bedroom/living/dining area (efficiency unit) and must meet the state and/or local licensing, building, zoning and other requirements for an ALF.

(2) Your ALF must be available to qualified elderly and persons with

disabilities, consistent with the rules and payment plans of the State, who need and want the supportive services in order to remain independent and avoid premature institutionalization.

(3) Your ALF's residents are section 202 tenants and must comply with the requirements applicable thereto. Thus, you cannot charge additional rent over what is charged to residents in the non-ALF portion of the section 202 project. All admissions to the ALF must be through the section 202 project admissions office. However, persons accepted into the ALF also must sign an ALF admissions agreement which shall be an addendum to the section 202 lease.

(4) At a minimum, your ALF must provide room, board (as defined in Section III(A)(6)) of this NOFA) and continuous protective oversight (CPO). CPO involves a range of activities and services that may include such things as awareness by management and staff of the occupant's condition and location as well as an ability to intervene in a crisis for dependent and relatively independent occupants on a 24-hour basis. The two occupant groups in an ALF are:

(a) *Independent Occupants:* Awareness by management and staff of the occupant's condition and whereabouts as well as the availability of assistance for the occupants as needed.

(b) *Dependent occupants:* Supervision of nutrition, assistance with medication and continuous responsibility for the occupants' welfare.

(5) Anyone moving into an ALF unit must agree to accept as a condition of occupancy the board and services required for the purpose of complying with state and local law and regulation. *However, occupancy in an ALF unit may not be conditioned on receipt of other services or board not required by state or local requirements.*

(6) Your ALF must offer three meals per day to each resident.

(a) Residents in old section 202 ("SH") projects (those approved before 1972) which may not have kitchens in their units must take such meals as required by their mandatory meals agreement, or by the state's mandated requirements if more stringent (e.g., 2 meals, 2 snacks daily).

(b) Residents whose apartments have kitchens must take at least the number of meals a day provided by the facility, per their mandatory meals requirement, or as required by state or local rules, if more stringent. If the facility does not have a mandatory meals plan, then state and local rules govern.

In either case, ALF management must coordinate meals requirements with the needs of residents who are out part of the day, *e.g.*, in day care. The meals program may not be operated at a profit by the owner/borrower.

(7) Your ALF's operation must be part of the section 202 owner/borrower's management organization. Some or all of its functions may be contracted out. The ALF must predicate its budget on a two-tiered structure under which board and supportive service income and expenses must be maintained separately and independently from the regular income and expenses of the section 202 project. The two components of ALF costs are:

(a) Charges/payment for board, which may be on a sliding scale or any other equitable fee system; and

(b) Charges/payment for necessary supportive services, which may include a combination of resident fees, Medicaid and/or other third party payments.

(8) Priority admissions for ALF units is as follows:

(a) Current residents desiring an ALF unit and meeting the program requirements (no resident can be required to accept an ALF unit).

(b) Qualified individuals or families needing ALF services who are already on the section 202 project's waiting list;

(c) Qualified individuals or families in the community needing ALF services wanting to be added to the project's waiting list; and

Note: Qualified physically disabled non-elderly persons needing assisted living services are eligible to occupy these units on the same basis as elderly persons.

(9) The management of the section 202 project must set up a separate waiting list for ALF units. ALF units must be for eligible Section 202 residents who meet the admissions/discharge requirements as established for assisted living by State and local licensing, or HUD frailty requirements under 24 CFR 891.205 if more stringent.

(10) Costs of meals and supportive services are NOT covered by this HUD grant.

These items must be paid for through other sources, *e.g.*, a mix of resident fees and/or third party providers. Evidence of third party commitment(s) must be included as part of the application. (See Section IV(B) of this NOFA.) The assisted living supportive services program must promote independence and provide personal care assistance based on individual needs in a home-like environment (see Section VI(B)(8)(b) through (c) of this NOFA).

(11) Upon receipt of a grant under this program, all owner/borrowers participating in the ALCP must provide

a Declaration of Restrictive Covenants (DRC), which will be recorded with the land, to retain the low income character of the housing, and to maintain the project (including the ALF), as a moderate, low, or very low income facility (as appropriate) for at least 20 years beyond the current 40-to-50 year term of the Section 202 mortgage loan or capital advance.

(12) In addition to the physical costs of the conversion (see Section VI(B)(5) of this NOFA), the grant will pay for reasonable legal, architectural and consultant fees, and temporary relocation costs for current tenants if they must vacate their unit while conversion work is underway (normal temporary relocation costs include increases in rent, reconnection of telephones, moving costs and appropriate out-of-pocket expenses).

(13) This program does NOT allow permanent displacement of any resident living in the project at the time the application was submitted to HUD.

(14) The ALCP requires service coordination responsible for linking the ALF to services in the community which are available to low income persons. All section 202 projects funded under this NOFA must have sufficient service coordination in place, or request additional funds if appropriate, to ensure that services meeting licensing requirements are available to ALF residents on an ongoing basis. Service coordination must be described in the application (see Section VI(B)(8)(b) through (c) of this NOFA). If you need to enhance an existing service coordination program or add one where it does not exist, you must apply for funding through the Service Coordinator NOFA, published elsewhere in this edition of the **Federal Register**, and attach a copy of the Form HUD 424M so indicating the request to the ALCP application. Alternatively, you may show evidence that funding for the enhanced service coordination is provided by other sources and indicate such funding on the HUD Form 424M which is exhibit 10(c) of your ALF application. If you are funded under this NOFA and requested new or enhanced service coordination in this application, you will be funded first under the service coordinator NOFA.

In addition to above requirements, the following applicable guidelines are stated:

(a) The ALF must be staffed either directly or through coordination with local agencies, depending on state regulations or local requirements. These may also serve non-ALF residents of the project on a time available and appropriate fee basis.

(b) The ALF may cater to the special needs of residents depending on the condition or diagnosis, such as Alzheimer's disease. If it does so, the design/environment of such facilities must accommodate those needs, *e.g.*, dementia special care unit. However, the ALF CANNOT provide a service it is not licensed by the State or locality to provide.

Note 1: Owners of section 202/PRAC projects are reminded that they may include a PRAC payment of up to \$15/unit/month consistent with 24 CFR 891.225(b)(2) to cover part of the cost of meals and/or supportive services for frail elderly residents, including residents of the ALF.

Note 2: Training for ALF staff is an eligible project cost under existing operating procedures.

For further information on ALFs, please refer to Handbook 4600.1, CHG-1, "Mortgage Insurance for Residential Care Facilities," Chapter 13. This Handbook and recent ALF program Notices are accessible through HUDCLIPS on HUD's web site. The URL for the HUDCLIPS Database Selection Screen is <http://www.hudclips.org/subscriber/cgi/legis.cgi>. These notices are in the Handbooks and Notices—Housing Notices database. Enter only the number without the letter prefix (*e.g.*, 99-16) in the "Document number" to retrieve the program notice.

For further guidance on service coordinators, please refer to Handbook 4381.5 REV-2, CHANGE-2, Chapter 8, "The Management Agent's Handbook," which is also available through the HUDCLIPS database.

(C) Eligible Applicants

Only owner/borrower corporations defined in 24 CFR part 278 as it existed before April 1, 1995 (those section 202 projects funded before 1972), and in 24 CFR 891.200 and 891.500 (those section 202 projects funded from 1976 onward) are eligible for funding. To be eligible, owner/borrowers of any Section 202, 202/8 or Section 202/PRAC development must meet the following criteria:

(1) Must be in compliance with your Loan Agreement, Capital Advance Agreement, Regulatory Agreement, Housing Assistance Payment contract, Project Rental Assistance Contract, Rent Supplement or LMSA contract, or any other HUD grant or contract.

(2) Must be in compliance with all fair housing and civil rights laws, statutes, regulations, and executive orders as enumerated in 24 CFR 5.105(a). See Section V(B) of this NOFA for further explanation.

Note: If your eligibility status changes during the course of the grant term, making

it ineligible to receive the grant (e.g., prepayment of mortgage, sale/TPA of property, or opting out of a Section 8 Housing Assistance payment (HAP) contract), HUD retains the right to terminate the grant and recover funds made available through this NOFA.

(D) Eligible Developments

Section 202, 202/8 and 202/PRAC developments for the elderly that have been in occupancy for no less than five years since the date of the HUD-2485 Form "permission to occupy" permit and have completed Final Closing. Your project must:

(1) Meet HUD's Uniform Physical Conditions Standards at 24 CFR part 5, subpart G. Meeting these standards as described, means that the project, based on the most recent Real Estate Assessment center (REAC) physical inspection report and responses thereto, must have a "satisfactory" rating as evidenced by a score of 60 or better or an approved and on schedule repair plan for developments scoring less than 60. Additionally, the project must have no uncorrected and outstanding Exigent Health and Safety violations. Finally, the project must not have on file a management review with a rating of "minimally satisfactory" or "unsatisfactory" with open and unresolved findings.

(2) Have a residual receipts account separate from the Reserve for Replacement account, or agree to establish this account as a condition for getting the award(s).

(E) Ineligible Applicants

(1) Owners of Section 202 developments designed specifically for people with disabilities.

(2) Owners of Section 232 developments and any other project insured by one or more sections of the National Housing Act.

(3) Owners of Section 202/236 developments. These are section 202 projects which were converted to section 236 mortgage insurance during their development phase in the early 1970s.

(4) Property management companies and agents of property management companies.

(F) Eligible Conversion Activities

Eligible activities are:

(1) Retrofitting to meet Section 504 accessibility requirements, minimum property standards for accessibility and/or building codes and health and safety standards for ALFs in that jurisdiction. Examples are items such as addition of:

- (a) Sprinkler systems;
- (b) An elevator or upgrades thereto;

(c) Lighting upgrades;

(d) Major physical or mechanical systems of projects necessary to meet local code or assisted living requirements;

(e) Upgrading to accessible units for the ALF with moveable cabinetry, accessible appliances, sinks, bathroom and kitchen fixtures, closets, hardware and grab bars, widening of doors, etc.

(f) Upgrades to safety and emergency alert systems;

(g) Addition of hallway railings; and,

(h) Medication storage and work stations;

(2) Retrofitting to add, modify and/or outfit common space, office or related space for ALF staff including a service coordinator and file security, and/or a central kitchen/dining facility to support the ALF function (e.g., outfit lounge/common space/dining furniture, kitchen equipment for cooking/serving and dishware).

(3) Retrofitting to upgrade a regular unit to an accessible unit for a person/family with disabilities who is being displaced from an accessible unit in the portion of the project that is being converted to the ALF, where such unit is not available.

(4) Temporary relocation; and,

(5) Consultant, architectural and legal fees.

(G) Ineligible Activities

You may not use funds available through this NOFA to:

(1) Add additional dwelling units to the existing project;

(2) Pay the costs of any of the necessary direct supportive services needed to operate the ALF;

(3) Purchase or lease additional land;

(4) Rehabilitate (see definition at 24 CFR 891.105) the project for needs unrelated directly to the conversion of units and common space for assisted living;

(5) Use the ALCP to reduce the number of accessible units in the project that are not part of the ALF and currently occupied by people with disabilities who need the features of an accessible unit;

(6) Permanently relocate any resident out of the project; and,

(7) Increase the management fee.

IV. Program Requirements

Each applicant must comply with the following requirements:

(A) Statutory, Regulatory and Other Program Requirements.

You must comply with all section 202 program statutory requirement (see Section 202 of the Housing Act of 1959 as amended) and regulatory

requirements (see 24 CFR part 891) and statutory requirements under Section 232(b)(6). Please note that all ALCP projects must conform to the 500-year flood plain limitation (See Section VIII of this NOFA.) Construction of ALCP units is considered a "critical action" for purposes of the flood plain requirement.

Excess Residual Receipts (over \$500/unit) and Reserve for Replacement (R4R) funds (over \$1000/unit) in Project Accounts that are not approved for another use at the time of application to HUD under this NOFA are considered available funds and must be applied towards the cost of conversion activities. Before making this determination, however, HUD staff will consider the extent of repair/replacement needs indicated in the most recent REAC physical inspection and not yet approved and any ongoing commitments such as non-grant-based service coordinator or other funding, where existing, deduct the estimated costs of such items from the R4R and residual receipts balances to determine the extent of available residual receipts and R4R funds for the ALCP.

If funded, you must also file a HUD Form-2530 for all construction contractors, architects, consultants, and service provider organizations under direct contract with you that will be engaged under this NOFA and comply with all state and local licensing, zoning and building code requirements.

(B) Meals and Supportive Services

You must develop and submit a Supportive Services Plan (SSP) for the services and coordination of the supportive services which will be offered in the ALF to the appropriate State or local organization(s) which are expected to provide those supportive services. (See Section VI(B)(8) of this NOFA below, for the information which must be in the SSP.) You must submit one copy of your SSP to each appropriate state or local service funding organizations well in advance of the application deadline, for appropriate review. The state or local funding organization(s) must return the SSP to you with appropriate comments and indication of funding commitment, which you will then include with the application you submit to HUD.

You must ALSO submit the application to the appropriate organization(s) which license ALFs in your jurisdiction. The licensing agency(ies) must approve your plan, and must also certify that the ALF and the proposed supportive services identified in your SSP, is consistent with local statute and regulations and well

designed to serve the needs of the frail elderly and people with disabilities who will reside in the ALF portion of your project.

Finally, you must also submit an agreement to pursue appropriate ALF licensing in a timely manner.

(C) Minimum Size Limits for an ALF

An ALF must be economically feasible. Consistent with HUD Handbook 4600.1, CHG-1, the minimum size for an ALF is five units.

(D) Economic Opportunities for Low and Very Low-Income Persons (Section 3).

You must comply with section 3 of the Housing and Urban Development Act of 1968, 12 U.S.C. 1701u (Economic Opportunities for Low and Very Low Income Persons), and its implementing regulations at 24 CFR part 135. You must ensure that training, employment and other economic opportunities shall, to the greatest extent feasible, be directed toward low and very low-income persons, particularly those who are recipients of government assistance for housing and to business concerns which provide economic opportunities to low and very low income persons and including people with disabilities.

(E) Compliance with Fair Housing and Civil Rights Laws

If you, the applicant (a) have been charged with a systemic violation of the Fair Housing Act by the Secretary alleging ongoing discrimination; (b) are the defendant in a Fair Housing Act lawsuit filed by the Department of Justice alleging an ongoing pattern or practice of discrimination; or (c) have received a letter of noncompliance findings under Title VI of the Civil Rights Act of 1964, section 504 of the Rehabilitation Act of 1973, or section 109 of the Housing and Community Development Act of 1974, your application will not be evaluated under this NOFA if, the charge, lawsuit, or letter of findings has not been resolved to the satisfaction of the Department before the application deadline, HUD's decision regarding whether a charge, lawsuit, or a letter of findings has been satisfactorily resolved will be based upon whether appropriate actions have been taken necessary to address allegations of ongoing discrimination in the policies or practices involved in the charge, lawsuit, or letter of findings.

(F) Additional Nondiscrimination Requirements

As you will be converting some of your project to an ALF, you should note that 24 CFR 891.120(b) requires you to meet all accessibility requirements.

Additionally, you must comply with the section 504 regulations at 24 CFR part 8, the Americans with Disabilities Act and the regulations at 24 CFR part 36, as applicable.

V. Application Selection Process

(A) Review for Curable Deficiencies.

You should ensure that your application is complete before submitting it to HUD.

HUD will screen all applications received by the deadline for curable deficiencies. With respect to correction of deficient applications, HUD may not, after the application due date and consistent with HUD's regulations in 24 CFR part 4, subpart B, consider any unsolicited information an applicant may want to provide. HUD may contact an applicant to clarify an item in the application or to correct technical deficiencies. Please note, however, that HUD may not seek clarification of items or responses that improve the substantive quality of a response to any selection factors. In order not to unreasonably exclude applications from being rated and ranked, HUD may contact applicants to ensure proper completion of the application and will do so on a uniform basis for all applicants. *Examples* of curable (correctable) technical deficiencies include failure to submit the proper certifications or failure to submit an application that contains an original signature by an authorized official. In each case under this NOFA, the appropriate HUD field office will notify you in writing by describing the clarification or technical deficiency. You must submit clarifications or corrections of technical deficiencies in accordance with the information provided by the GMC within 14 calendar days of the date of receipt of the HUD notification. (If the due date falls on a Saturday, Sunday, or Federal holiday, your correction must be received by HUD on the next day that is not a Saturday, Sunday, or Federal holiday.) If the deficiency is not corrected within this time period, HUD will reject the application as incomplete, and it will not be considered for funding. The following is a list of the deficiencies that will be considered curable in ALCP applications:

- (1) Be in compliance with all fair housing and civil rights laws, statutes, regulations, and executive orders as enumerated in 24 CFR 5.105(a), and as

noted earlier in this NOFA under Sections III(B)(2) and IV(E).

(2) Additionally, HUD will also reject your application if the SSP and/or commitment and support letter(s) from the appropriate funding organizations and the appropriate licensing agency(ies): (i) are not submitted with your application; (ii) indicate that the ALF units, facilities, meals and supportive services to be provided are not designed to meet the special needs of the residents who will reside in the ALF as defined in this NOFA, (iii) do not show commitment for funding the meals and supportive services proposed; or (iv) indicate that the project as proposed will not meet the licensing requirements of the appropriate State/local agency(ies).

(C) Rating Panels

The Office of Housing's Multifamily Hubs will establish review panels to rate all eligible applications that have passed threshold, using Rating Factors 1–5. The panels may include knowledgeable persons not currently employed by HUD.

(D) Rating of Applications

HUD staff teams will review and rate ALCP applications in accordance with the Ranking and Selection procedures (see Section V(E) of this NOFA below). All applications will be either rated or technically rejected at the end of technical review. If your application meets all program eligibility requirements after completion of technical review, it will be rated according to the rating selection factors in Section V(F) of this NOFA. HUD reserves the right to reduce the cost of the application if any proposed components are ineligible or if the cost of items is not deemed reasonable.

HUD will *NOT* reject an ALCP application based on technical review without notifying you of that rejection with all the reasons for the rejection, and providing you an opportunity to appeal. As discussed above, you will have 14 calendar days from the date of HUD's written notice to appeal a technical rejection to the Multifamily Hub where the applications were sent originally. HUD staff make a determination on an appeal before finalizing selection recommendations.

(E) Ranking and Selection Procedures

Applications submitted in response to this NOFA that are eligible, pass threshold and have a total score of 60 points (or more) are eligible for ranking and selection.

(1) Hub staff teams will be established for ALCP review in each geographic area

to do the application ratings (see Section V(D) above). See list of lead Hubs in Section II of this NOFA.

After the team's application ratings are finalized, the teams will place all rated applications from within that geographic area in rank order.

(2) From within this rank order, Hub staff teams in each of the four geographic areas will select the highest ranking applications from within that geographic area in order, without regard to which Hub the application was submitted (see Section II of this NOFA) that can be funded from within the dollars available.

(3) After making the initial selections, however, HUD may use any residual funds in each geographic area to select the next rank-ordered application by reducing the dollars requested by no more than 10 percent (10%) and reducing the number of units proposed, but in no case reducing the number of units below the financial threshold feasibility of five ALF units.

(4) Funds remaining after these processes are completed will be returned to HUD Headquarters. HUD will use these funds to restore units to any project reduced as a result of using the residual grant funds in a geographic area. Secondly, HUD will use these funds for selecting one or more additional applications based on field office rating and rankings, beginning with the highest rated application nationwide. Only one application will be selected per geographic area from the national residual amount. If there are no approvable applications in other geographic areas, the process will begin again with the selection of the next highest rated application nationwide. This process will continue until all approvable applications are selected using the available remaining funds. If there is a tie score between two or more applications, and there are insufficient residual funds to cover all tied applications, HUD Headquarters staff will choose the winning application(s) by lottery and/or reduction of grant requests consistent with Section VI(E) (3) or (4) of this NOFA, above.

(F) Factors For Award Used To Evaluate and Rate Applications

HUD will rate ALCP applications that successfully complete technical processing using the Rating Factors set forth below and in accordance with the application submission requirements identified in Section VI(B) of this NOFA, below. The maximum number of points an application may receive under this program is 100.

Rating Factor 1: Capacity of the Applicant and Relevant Organizational Staff (15 Points)

This factor addresses your capacity to carry out the conversion in a timely, cost-conscious and effective manner. It also reviews your experience with the supportive services which the ALF intends to provide to elderly residents, especially in such areas as meals, 24-hour staffing and on-site health care. Submit information responding to this factor in accordance with Application Submission Requirements in Section VI(B)(4)(c), (5)(a), (8)(i), and (2)(d) of this NOFA.

In rating this factor, HUD will consider the extent to which your application demonstrates your ability to carry out a successful conversion of the project and to implement the plan to deliver the supportive services on a long term basis, considering the following:

(1) (7 points) The practicality of your plan and timetable to carry out the physical conversion of the development to the ALF.

(2) (8 points) Your past experience in providing or arranging for supportive services either on or off site for those who are frail. Examples are: Meals delivered to apartment of resident or in a congregate setting (1 point), arranging for or providing personal care (2 points), providing 24-hour staffing (1 point), providing or making available on-site preventive health care (2 points) and other support services (1 point).

Rating Factor 2: Need/Extent of the Problem (25 Points)

This factor addresses the extent to which the conversion is needed by the categories of elderly persons and persons with disabilities that the ALF is intended to serve (very low income elderly persons and people with disabilities who have limitations in three or more activities of daily living). The application must provide evidence of current needs among project residents and needs of potential residents in the housing market area for such persons including economic and demographic information on very-low income frail elderly and people with disabilities and information on current assisted living resources in the market area.

The factor also addresses your inability to fund the repairs or conversion activities from existing financial resources. In making this determination, HUD will consider project financial information. The Department will also review more favorably those applications which establish a connection between the proposed ALF and the community's

Analysis of Impediments to Fair Housing Choice (AI) or other planning document that analyzes fair housing issues and is prepared by a local planning or similar organization. Submit information responding to this factor in accordance with Application Submission Requirements in Section VI(B)(1)(a) through (b), (2)(a) and (9)(a) through (c) of the NOFA. In evaluating this factor, HUD will consider:

(1) (10 points) The need for assisted living among the elderly and disabled residents of the project taking into consideration those currently in need and the depth of future needs given aging in place.

(2) (5 points) The need for assisted living among very-low income elderly persons and people with disabilities in the housing market area.

(3) (10 points) Insufficient funding for any needed conversion work, as evidenced by the project's financial statements and specifically the lack of excess reserve for replacement dollars (R4R) and residual receipts. If the available R4R and residual receipts are less than 10% of the total funds needed—10 points; if the available R4R and residual receipts are 10–50% of need = 5 points; and, if the available R4R and residual receipts are 51% or more of the total funds of needed = 0 points).

Rating Factor 3: Soundness of Approach (25 Points). This factor is rated by HUD Headquarters

This factor addresses the quality and effectiveness of your proposal in addressing the proposed conversion, effectiveness of service coordination and management planning and the meals and supportive services which the ALF intends to provide. There must be a relationship between the proposed activities, the project's and the community's needs and purposes of the program funding for your application to receive points for this factor. Submit information responding to this factor in accordance with Application Submission Requirements in Section VI(B)(5)(b) and (c), and (7) and (B)(8)(a) through (e) and (g) and (h) of this NOFA.

In evaluating this factor, HUD will consider the following:

(1) (7 points) The extent to which the proposed ALF design will meet the special physical needs of frail elderly or disabled persons expected to be served at reasonable cost (consider that ALF design = meets needs = 7 points; ALF design partially meets needs = 3 points; and ALF design does not meet needs = 0 points).

(2) (7 points) The extent to which the ALF's proposed management and operational plan ensures that the provision of both meals and supportive services planned will be accomplished over time. (Consider ALF design/management plan = meets needs of management operations, for 7 points; ALF design/management plan partially meets needs of management operations, for 3 points; and ALF design/management plan does not meet needs of management operations, for 0 points.)

(3) (5 points) The extent to which the proposed supportive services meet the identified needs of the anticipated frail elderly and disabled residents (consider Yes = 5 points; partially meets needs = 3 points; and, does not meet needs = 0 points); and

(4) (5 points) The extent to which the service coordination function is addressed and explained as onsite and sufficient, onsite and augmented or new, and addresses the ongoing procurement of needed services for the residents of the ALF (does meet = 5 points, partially meets = 3 points, does not meet = 0 points).

(5) (1 point) The extent to which there is an operating philosophy which promotes the autonomy and independence of the frail elderly persons it is intended to serve (is fully addressed = 1 point, no or not addressed = 0 points).

Rating Factor 4: Leveraging Resources (30 Points).

This factor addresses your ability to secure other community resources which can be combined with HUD's grant funds to achieve program purposes. For the ALCP to succeed, you *MUST* generate local funding for the necessary supportive services to operate the ALF. HUD also encourages local funding for some of necessary conversion work, or other work needed in the project (e.g., general modernization) which is *NOT* specifically linked to the ALF).

Submit information responding to this factor in accordance with Application Submission Requirements in Section VI(B)(5)(g), (B)(6) and (B)(8)(f) of this NOFA.

(1) (25 points) The extent to which there are commitments for the funding needed for the meals and the supportive services planned for the ALF and that the total cost of the estimated budget of the ALF is covered. Consider 90% or more commitment for the total budget with no more than 10% general support = 25 points; 80–89.9% or more commitment for the total budget with no more than 20% general support = 17 points; 65–79.9% firm commitment

with no more than 35% general support = 12 points; 40–64.9% firm commitment for the total budget with no more than 60% general commitment = 7 points; less than 40% firm commitment for the total budget with no more than 60% general support = 0 points.

(2) (3 points) The extent of local organizations' support which is firmly committed to providing at least 50 percent of the total cost of ALF conversion (consider 50% or more = 3 points, 20–49.9% = 2 points, and under 20% = 0 points).

(3) (2 points) The extent of local organizational support which is firmly committed to providing funds for additional repair or retrofit necessary for the project NOT specifically directed to activities eligible under this NOFA (consider yes = 1 point, no = 0 points).

Rating Factor 5: Comprehensiveness and Coordination (5 Points).

This factor addresses the extent to which you have evidenced general support for conversion by participating in your community's Consolidated Planning Process, involving the residents in the planning and are working toward addressing the need in a holistic and comprehensive manner through linkages with other activities in the community. Submit information responding to this factor in accordance with Application Submission Requirements in Section VI(B)(2)(b) through (d) of this NOFA.

(1) (3 points) The involvement of project residents or their representatives, in the development of the ALCP application, and your intent to involve residents, in the development and operation of the project and in relocation planning (Minus one (–1) point if not addressed);

(2) (1 point) The extent to which you demonstrated that you have been actively involved (or if not currently active, the steps you will take to become actively involved) in your community's Consolidated Planning/AI processes to identify and address a need/problem that is related in whole or part, directly or indirectly to the proposed project;

(3) (1 point) The extent to which you developed linkages with other activities, programs or projects related to the proposed project to coordinate your activities so solutions are holistic and comprehensive.

Section 102 of the Department of Housing and Urban Development Reform Act of 1989 (42 U.S.C. 3545) (HUD Reform Act) and the regulations codified in 24 CFR part 4, subpart A, contain a number of provisions that are designed to ensure greater accountability and integrity in the provision of certain types of assistance administered by HUD. On January 14, 1992 (57 FR 1942), HUD published a notice that also provides information on the implementation of section 102. The documentation, public access, and disclosure requirements of section 102 apply to assistance awarded under this NOFA as follows:
