SUMMARY: The Environmental Protection Agency (EPA) is planning to submit an information collection request (ICR), "Effluent Guidelines and Standards for the Airport Deicing Category" (EPA ICR No. 2326.02, OMB Control No. 2040-0285) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). Before doing so, EPA is soliciting public comments on specific aspects of the proposed information collection as described below. This is a proposed extension of the ICR, which is currently approved through 03/31/2015. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Comments must be submitted on or before March 2, 2015.

ADDRESSES: Submit your comments, referencing Docket ID No. EPA-HQ-OW-2008-0719, online using www.regulations.gov (our preferred method), by email to ow-docket@epa.gov (Identify Docket ID No. EPA-HQ-OW-2008-0719 in the subject line), or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460.

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: This draft ICR calculates the burden and costs associated with information collection and reporting activities required by EPA's Effluent Limitations Guidelines and New Source Performance Standards for the Airport Deicing Category (40 CFR part 449.10 and 449.20). Respondents affected by this information collection request are covered by either EPA's Multi-Sector General Permit (MSGP), an equivalent state stormwater general permit, or an individual stormwater permit, and the NPDES permitting authorities receive, process, and review permit applications, and Notices of Intent (NOIs). Permitting authorities will also process and review certifications of non-use of urea-based deicers, and monitoring data as applicable.

Form Numbers: None.

Respondents/affected entities: The respondents affected by this information collection request are commercial

airports with at least 1,000 annual non-propeller aircraft departures.

Respondent's obligation to respond: Mandatory (40 CFR part 449.10 and 449.20).

Estimated number of respondents: 198 (total).

Frequency of response: Annual.

Total estimated burden: 198 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$6,534 (per year), includes \$0 annualized capital or operation & maintenance costs.

Changes in Estimates: The above estimates reflect what is currently approved by OMB and they will be updated in the final ICR submission to OMB. EPA expects that there will be little or no change in the burden. The basis for these estimates is provided in the supporting statement.

Federal advisory committees and panels, including scientific advisory committees, provide independent advice to the EPA. Members of the public can submit relevant comments pertaining to the group conducting this SAB activity or the meeting materials. Input from the public to the SAB will have the most impact if it consists of comments that provide specific scientific or technical information or analysis for the SAB to consider. Members of the public wishing to provide comment should contact the Mr. Thomas Carpenter at the contact information provided above.

Oral Statements: In general, individuals or groups requesting an oral presentation at a public teleconference will be limited to three minutes per speaker. It is the SAB Staff Office general policy to post written comments on the Web page for the advisory meeting or teleconference. Submitters are requested to provide an unsigned version of each document because the SAB Staff Office does not publish documents with signatures on its Web sites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the SAB Web site. Copyrighted material will not be posted without explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities, please contact Mr. Carpenter at the phone number or email address noted above, preferably at least ten days prior to the teleconference, to give the EPA as much time as possible to process your request.
